HOUSTON, Texas, Aug. 03, (GLOBE NEWSWIRE) — [Progress \(NYSE:PRGO\)](#), the leading provider of products to develop, deploy and manage high-impact business applications, today announced the appointment of Ian Pitt as its new Chief Information Officer (CIO). With more than 30 years of information technology leadership experience, Mr. Pitt will be responsible for driving the success, safety and operations of Progress' global IT organization. He will also lead Progress' ongoing efforts to safeguard its security, information, business operations and products with both in-house internal and customer-facing security practices. In CIO, Mr. Pitt will report to CEO, Tigran Saghatelyan.

"It is a pleasure to have Ian join our team. Ian's proven experience will ensure our IT function will drive innovation and efficiency that will help Progress succeed," said Tigran Saghatelyan, CEO, Progress. "In the same time, Ian's experience successfully addressing and managing security threats and ensuring security best practices is an important benefit to our business. This responsibility has Ian's extensive career that has led to his appointment, which is a great example of the breadth and depth of the talent in Progress' talent pool. Ian's appointment is a testament to the strength of our talent pool and the commitment of our leadership team to drive the success of our business."

Mr. Pitt has more than 30 years of information technology leadership experience, including 15 years of experience in the CIO role at various organizations. He has a proven track record in leading IT organizations, driving operational excellence and managing complex IT environments. He has a proven track record in leading IT organizations, driving operational excellence and managing complex IT environments. He has a proven track record in leading IT organizations, driving operational excellence and managing complex IT environments.
