

Progress Completes Acquisition of MarkLogic

February 7, 2023

Acquisition expands Progress' industry-leading product portfolio and continues to deliver on Total Growth Strategy

BURLINGTON, Mass., Feb. 07, 2023 (GLOBE NEWSWIRE) -- [Progress](#) (NASDAQ: PRGS), the trusted provider of application development and infrastructure software, today announced the completion of the acquisition of [MarkLogic](#), a leader in complex data and semantic metadata management and a [Vector Capital](#) portfolio company. It is also another major milestone in Progress' Total Growth Strategy.

"Our Total Growth Strategy consists of three pillars—Invest and Innovate, Acquire and Integrate and Drive Customer Success. TheMarkLogic acquisition aligns with this approach by adding industry-leading products to our already-strong portfolio, new and meaningful customer relationships to our large customer base and significant revenue to our top line," said Yogesh Gupta, CEO, Progress. "Expanding our ability to serve our customers propels their business success. This is an exciting opportunity, and we are thrilled to move forward together."

MarkLogic extends Progress' capabilities beyond structured data with a powerful NoSQL database, informed search and semantic AI. It enables users to connect, create and consume complex, contextual data and addresses a variety of high-value use cases such as complex customer data challenges, large data volumes, multiple data sources and types—yet manages it all natively from a single unified platform.

"MarkLogic presents a unique opportunity for Progress customers. By expanding our data capabilities, our customers gain more agility as to how and where they can leverage their data," said John Ainsworth, Executive Vice President, General Manager, Application and Data Platform, Progress. "At the same time, MarkLogic customers gain access to a global leader with a proven track record in the software infrastructure space."

As previously [announced](#), Progress acquired MarkLogic for a purchase price of \$355 million. The transaction is expected to be accretive to both non-GAAP earnings per share and cash flow, beginning in Q2 2023.
