

Progress Federal Solutions Deemed “Awardable” Vendor for U.S. Department of Defense Chief Digital and Artificial Intelligence Office’s Tradewinds Solutions Marketplace

October 29, 2025

Progress Data Platform now available on the premier AI procurement marketplace, helping agencies turn complex data into actionable intelligence

BURLINGTON, Mass., Oct. 29, 2025 (GLOBE NEWSWIRE) -- [Progress Federal Solutions](#), a wholly owned subsidiary of [Progress Software](#) (Nasdaq: PRGS), today announced that it has achieved “Awardable” status through the [Chief Digital and Artificial Intelligence Office’s \(CDAO\) Tradewinds Solutions Marketplace](#). This designation allows U.S. Department of Defense (DoD) customers to rapidly procure and deploy [Progress® Data Platform](#)—a trusted, secure data platform that unifies database, search and semantic AI capabilities in a single solution.

The Tradewinds Solutions Marketplace is the premier offering of Tradewinds, the Department of Defense’s (DoD’s) suite of tools and services designed to accelerate the procurement and adoption of Artificial Intelligence (AI)/Machine Learning (ML), data and analytics capabilities.

“Being recognized as ‘Awardable’ by the CDAO is a significant milestone for Progress Federal Solutions,” said Cori Moore, President of Progress Federal Solutions. “It underscores our commitment to delivering scalable, secure and innovative AI solutions that help government agencies achieve their objectives.”

Progress Federal Solutions was established to address the unique requirements of U.S. federal, defense and public sector organizations. Operating independently while leveraging Progress Software’s technology portfolio, the subsidiary delivers AI-powered solutions that accelerate digital transformation, strengthen data-driven decision-making and support mission-critical operations.

One of the key products offered by Progress Federal Solutions is the Progress Data Platform, relied on by defense and civilian agencies to integrate, manage and operationalize complex data. With Progress Data Platform, agencies can:

- Integrate structured, unstructured and metadata into a unified, secure environment
- Access trusted real-time information across diverse data sources for faster, more verified intelligence and critical situational awareness
- Depend on government-grade security with proven Authority to Operate (ATO) across major standards
- Apply semantic AI and search to deliver trustworthy, large-scale AI-powered systems
- Build 360-degree data views to improve services and measure program outcomes

Progress Federal Solutions’ video, “From Chaos to Clarity: Progress Data Platform,” available to government customers on the Tradewinds Solutions Marketplace, explores how the platform unifies structured and unstructured data, enhances decision-making and supports mission readiness. Progress Federal Solutions was recognized among a competitive field of applicants to the Tradewinds Solutions Marketplace whose solutions demonstrated innovation, scalability and proven impact on DoD missions.

Government customers can view the video by creating a Tradewinds Solutions Marketplace account at www.tradewindAI.com.

About the Tradewinds Solutions Marketplace

The Tradewinds Solutions Marketplace is a digital repository of post-competition, readily awardable pitch videos that address the Department of Defense’s (DoD) most significant challenges in the Artificial Intelligence/Machine Learning (AI/ML), data and analytics space. All awardable solutions have been assessed through complex scoring rubrics and competitive procedures and are available to Government customers with a Marketplace account. Government customers can create an account at www.tradewindAI.com. Tradewinds is housed in the DoD’s Chief Digital Artificial Intelligence Office.
