Norman (Bud) Robertson is the chief financial officer (CFO) for Progress Software. He is responsible for all financial operations and investor relations activities for the company, as well as legal and facilities. Robertson joined Progress in May of 1996. For more than 30 years, he has managed the financial direction of various public and private technology companies including M/A-COM, Digital Equipment Corporation and Fisher Scientific Corporation. Robertson holds a B.A. in business administration from the University of Massachusetts at Amherst and a master's degree in management from Boston University.

About Progress Software Corporation

Progress Software Corporation (NASDAQ: PRGS) is a global software company that enables enterprises to be operationally responsive to changing conditions and customer interactions as they occur -- to capitalize on new opportunities, drive greater efficiencies and reduce risk. The company offers a comprehensive portfolio of best-in-class infrastructure software spanning event-driven visibility and real-time response, open integration, data access and integration, and application development and deployment -- all supporting on-premises and SaaS/Cloud deployments. Progress maximizes the benefits of operational responsiveness while minimizing IT complexity and total cost of ownership. Progress can be reached at www.progress.com or +1-781-280-4000.
