QUESTIONS AND ANSWERS ABOUT THE ACQUISITION, THE SCHEME OF ARRANGEMENT, THE COURT MEETING, THE EXTRAORDINARY GENERAL MEETING AND THE COURT HEARING

The following questions and answers are provided for your convenience, and briefly address some commonly asked questions about the Acquisition, the Scheme of Arrangement, the Court Meeting, the Extraordinary General Meeting, and the Court Hearing. These questions and answers may not address all questions that may be important to you as an IONA ADR holder or an IONA Shareholder. You should still carefully read this entire document, including each of the Annexes.

Overview

Q1: What is the proposed transaction?

A: Progress proposes to acquire IONA for \$4.05 in cash per IONA ADR or IONA Share. As further described below, the transaction is proposed to be structured as a “scheme of arrangement” under Irish law, under which a wholly owned subsidiary of Progress called SPK Acquisitions will acquire all of the outstanding IONA Shares. The Board of IONA unanimously recommends that IONA ADR holders and IONA Shareholders vote in favour of the acquisition of IONA by SPK Acquisitions and the Scheme of Arrangement, as the members of the IONA Board have irrevocably undertaken (subject to certain exceptions) to do in respect of their own beneficial holdings, amounting to, in aggregate 3,605,193 IONA Shares, which represent approximately 9.8 per cent. of the issued share capital of IONA.

Q2: How do I vote in favour of the proposed transaction?

A: If you hold IONA ADRs, you should complete and sign the ADR Voting Instruction Card by following the instructions appearing below in this document.

If you are a direct shareholder of IONA, then (unless you are a subsidiary or nominee of Progress) you should complete and sign two Forms of Proxy – both the PINK Form of Proxy and the BLUE Form of Proxy, in each case by following the instructions appearing in the answers to Q14 and Q15 below on page 4 of this document. It is very important that you understand that you will need to complete both Forms of Proxy in order to vote in favour of the Acquisition. There are two Forms of Proxy in this transaction because Irish law requires that there are two separate shareholder meetings, the “Court Meeting” and the “Extraordinary General Meeting”. Subsidiaries and nominees of Progress are not eligible to vote at the Court Meeting because they are not Scheme Shareholders, but will vote at the Extraordinary General Meeting.

Q3: What is the difference between a Scheme Shareholder and an IONA Shareholder?

A: Whether a holder of IONA Shares is a Scheme Shareholder or an IONA Shareholder depends on who holds the IONA Shares in question and when the shares were issued by IONA. For example, IONA Shares held by subsidiaries or nominees of Progress are not Scheme Shares and will not be cancelled or transferred pursuant to the Scheme. Any holder of IONA Shares outstanding on the date of this document other than IONA Shares held by subsidiaries or nominees of Progress will be a Scheme Shareholder. In addition, IONA Shares issued after the Scheme Record Time (10.00 p.m. (Irish Standard Time) on the last business day before the Scheme becomes effective) do not constitute Scheme Shares. It is expected that the only IONA Shares issued after the Scheme Record Time will be IONA Shares issued pursuant to the exercise of options granted under the IONA Share Option Schemes, and this is explained further at paragraph 10 in Part I (Letter of Recommendation from the Board of IONA) of this document.

Q4: What is a “scheme of arrangement”?

A: A “scheme of arrangement” is an Irish transaction structure that is similar in effect to a “merger” in the United States. If the Scheme of Arrangement becomes effective, then:

- Progress’ subsidiary SPK Acquisitions will pay \$4.05 in cash per IONA Share to each former Scheme Shareholder and IONA ADR holder;
- all outstanding Scheme Shares (i.e., IONA Shares held by Scheme Shareholders) will either be cancelled or transferred to Progress’ subsidiary, SPK Acquisitions;
- IONA will issue New IONA Shares to SPK Acquisitions in place of the Cancellation Shares, so that IONA becomes, indirectly, a wholly owned subsidiary of Progress; and
- the Scheme will be binding on all IONA Shareholders, whether or not they voted in support of the Scheme.

The Court Meeting, the Extraordinary General Meeting and the Court Hearing

Q5: What are the Court Hearing and the Court Meeting?

A: In order for the Scheme to become effective, the sanction of the Scheme by the High Court at a hearing is required. This hearing is referred to as the Court Hearing. The Court Hearing is expected to take place on 2008.

In addition, prior to the sanction of the High Court, and in order for the Scheme to become effective, the approval of the Scheme by the Scheme Shareholders is required. This approval is obtained at a shareholder meeting referred to as the Court Meeting. The purpose of the Court Meeting is to allow the High Court to ascertain whether Scheme Shareholders are in favour of the Scheme. All IONA Shareholders are Scheme Shareholders other than subsidiaries or nominees of Progress, and the IONA Shares held by subsidiaries or nominees of Progress will not be voted at the Court Meeting. The Court Meeting will be held at _____ p.m. (Irish Standard Time) on _____ 2008, and the Notice of the Court Meeting is set out in Part X (Notice of Court Meeting in the High Court) of this document.

Q6: What is the Extraordinary General Meeting?

A: In addition to the approval of the Scheme at the Court Meeting, the Scheme cannot become effective unless a number of additional resolutions are approved at a second meeting of the IONA Shareholders, which is referred to as the Extraordinary General Meeting. These resolutions are discussed in paragraph 4.2 of Part III (Explanatory Statement) of this document, and all serve to further implement the Scheme and Progress’ acquisition of IONA. The Extraordinary General Meeting will be held at _____ p.m. (Irish Standard Time) on _____ 2008 or, if later, immediately after the conclusion or adjournment of the Court Meeting, and the Notice of the Extraordinary General Meeting is set out on in Part XI (Notice of Extraordinary General Meeting of IONA Technologies PLC) of this document.

Q7: Why are there multiple shareholder meetings?

A: Irish law requires that there are two separate shareholder meetings, the “Court Meeting” and the “Extraordinary General Meeting”. Subsidiaries and nominees of Progress are not eligible to vote at the Court Meeting because they are not Scheme Shareholders, but will vote at the Extraordinary General Meeting. Both meetings are necessary to cause the Scheme to be effective.

Q8: When and where is the Court Hearing?

A: The Court Hearing will be held at The Four Courts, Inns Quay, Dublin, Ireland, on _____ 2008.

Q9: When and where is the Court Meeting?

A: The Court Meeting will be held at _____, on _____ 2008, at _____ p.m. (Irish Standard Time).

Q10: When and where is the Extraordinary General Meeting?

A: The Extraordinary General Meeting will be held at _____, on _____ 2008, at _____ p.m. (Irish Standard Time) or, if later, immediately after the conclusion or adjournment of the Court Meeting.

Q11: Who is entitled to vote at the Court Meeting and the Extraordinary General Meeting?

A: Only Scheme Shareholders will be entitled to vote at the Court Meeting and all IONA Shareholders will be entitled to vote at the Extraordinary General Meeting. As Progress SC is not a Scheme Shareholder, Progress SC will not vote its IONA Shares at the Court Meeting but will vote its IONA Shares at the Extraordinary General Meeting. Holders of IONA ADRs will vote at the Court Meeting and the Extraordinary General Meeting through the Depositary, who will vote the IONA Shares to which IONA ADRs relate as instructed by holders of IONA ADRs through the ADR Voting Instruction Card.

Q12: What vote is required at the Court Meeting?

A: At the Court Meeting, the Scheme will be approved if a simple majority (more than 50 per cent.) in number of the Scheme Shareholders who vote in person or by proxy vote in favour of the Scheme, and if Scheme Shares representing three-fourths (75 per cent.) in value of the total number of Scheme Shares voted at the Court Meeting are voted in favour of the Scheme.

In considering its approval of the Scheme, the High Court will consider whether there has been a sufficiently large (in the High Court's judgment) number of Scheme Shares included in the vote in favour of the Scheme to fairly represent the opinion of Scheme Shareholders, in addition to whether the required majority (as described above) is obtained. As a result, it is important that as many votes as possible are cast at the Court Meeting.

IONA urges IONA ADR holders to complete, sign, date, and return the enclosed ADR Voting Instruction Card or to submit their ADR Voting Instruction Card via the Internet, by telephone or by post to ensure that the Depositary represents their IONA ADRs at the Court Meeting.

IONA urges Scheme Shareholders to complete, sign, date, and return their PINK Form of Proxy to ensure the representation of their Scheme Shares at the Court Meeting.

The failure to vote, by proxy or in person, will increase the likelihood of the Scheme being defeated at the Court Meeting and the Acquisition not proceeding.

Q13: What vote is required at the Extraordinary General Meeting?

A: At the Extraordinary General Meeting, the ordinary resolutions must be approved by a simple majority (more than 50 per cent.) of the votes cast and the special resolutions must be approved by not less than three-fourths (75 per cent.) of the votes cast.

IONA urges IONA ADR holders to complete, sign, date, and return the enclosed ADR Voting Instruction Card or to submit their ADR Voting Instruction Card via the Internet, by telephone or by post to ensure that the Depositary represents their IONA ADRs at the Extraordinary General Meeting.

IONA urges IONA Shareholders to complete, sign, date, and return the enclosed BLUE Form of Proxy to ensure the representation of their IONA Shares at the Extraordinary General Meeting.

Q14: How do I vote at the Court Meeting?

A: For IONA ADR holders:

Box 2050, New York, New York 10272-2050 USA as soon as possible but, in any event, by 2008. Alternatively, you may submit your ADR Voting Instruction Card via telephone by calling the number printed at the top of your ADR Voting Instruction Card or via the Internet by accessing the Depositary's website at www.voteproxy.com. To dial in or log in please make sure that you have your ADR Voting Instruction Card available. If the ADR Voting Instruction Card for the Court Meeting is not received by 2008, the Depositary will not vote your IONA ADRs. It is important that, for the Court Meeting, as many votes as possible are cast (whether in person or by proxy) so that the High Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. You are, therefore, strongly urged to complete, sign and return your ADR Voting Instruction Card as soon as possible to ensure that the Depositary represents your IONA ADRs at the Court Meeting.

For Scheme Shareholders:

Complete and sign the PINK Form of Proxy accompanying this document in accordance with the instructions printed thereon and return it to IONA's Registrar, Computershare Investor Services (Ireland) Limited, at Heron House, Corrig Road, Sandyford Industrial Estate, Dublin 18, Ireland, as soon as possible but, in any event, so as to be received by post or, during normal business hours, by hand, by p.m. (Irish Standard Time) on 2008. It is important that, for the Court Meeting, as many votes as possible are cast (whether in person or by proxy) so that the High Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. You are, therefore, strongly urged to complete, sign and return your PINK Form of Proxy as soon as possible.

Q15: How do I vote at the Extraordinary General Meeting?

A: For IONA ADR holders:

Complete and sign the ADR Voting Instruction Card accompanying this document in accordance with the instructions printed thereon and return it to the Depositary at Deutsche Bank Trust Company, c/o American Stock Transfer & Trust Company, Peck Slip Station, P.O. Box 2050, New York, New York 10272-2050 USA as soon as possible but, in any event, by 2008. Alternatively, you may submit your ADR Voting Instruction Card via telephone by calling the number printed at the top of your ADR Voting Instruction Card or via the Internet by accessing the Depositary's website at www.voteproxy.com. To dial in or log in please make sure that you have your ADR Voting Instruction Card available.

For IONA Shareholders:

Complete and sign the BLUE Form of Proxy accompanying this document in accordance with the instructions printed thereon and return it to Computershare Investor Services (Ireland) Limited, at Heron House, Corrig Road, Sandyford Industrial Estate, Dublin 18, Ireland, as soon as possible but, in any event, so as to be received by post or, during normal business hours, by hand, by p.m. (Irish Standard Time) on 2008.

Q16: If my IONA ADRs or IONA Shares are held in “street name” by my broker, will my broker vote my IONA ADRs or IONA Shares for me?

A: Your broker will be permitted to vote your IONA ADRs or IONA Shares only if you instruct your broker how to vote. If you are an IONA Shareholder (but not an IONA ADR holder) and have previously provided your broker with absolute discretion to vote at all times on IONA Shareholder votes, then your broker will be able to vote your IONA Shares unless you instruct your broker otherwise. If your broker does not have absolute discretion to vote on your behalf or you are an IONA ADR holder and you wish to instruct your broker to vote on your behalf, you should follow the procedures provided by your broker regarding the voting of your IONA ADRs or IONA Shares. **If your broker does not have absolute discretion and you do not provide instructions to your broker to vote in favour of the Scheme, your IONA ADRs or IONA Shares, as the case may be, will not be voted, which will increase the likelihood of the Scheme being defeated and the Acquisition not proceeding.**

Q17: If I am an IONA ADR holder, do I need to present my IONA ADRs to the Depositary for cancellation and delivery of IONA Shares in order to be able to vote in favour of the Scheme or to receive the Consideration?

A: No, as an IONA ADR holder you may vote in favour of the Scheme by completing and signing the ADR Voting Instruction Card by following the instructions appearing below in this document, and if the Scheme is made effective and you continue to hold your IONA ADRs, you will receive the Consideration.

Q18: May I vote in person?

A: For holders of IONA ADRs:

No. Holders of IONA ADRs will not be entitled to vote at or attend the Meetings or to be represented at the Court Hearing. However, IONA ADR holders may instruct the Depositary how to vote such holders' IONA ADRs at the Meetings and the Depositary will vote in accordance with the instructions it receives from IONA ADR holders. Details of how IONA ADR holders can instruct the Depositary to vote at the Court Meeting and the Extraordinary General Meeting are contained in the enclosed ADR Voting Instruction Card.

Holders of IONA ADRs who wish to vote at or attend the Court Meeting and/or the Extraordinary General Meeting or to be represented at the Court Hearing should take steps to present their IONA ADRs to the Depositary for cancellation and delivery of IONA Shares so as to become holders of record of IONA Shares prior to the relevant Voting Record Time for the Court Meeting or the Extraordinary General Meeting or prior to the Court Hearing, as the case may be.

For Scheme Shareholders and IONA Shareholders:

Yes. If you are a holder of Scheme Shares, you may attend the Court Meeting and vote your Scheme Shares in person. If you are holder of IONA Shares, you may attend the Extraordinary General Meeting and vote your IONA Shares in person. If you hold your Scheme Shares or IONA Shares, as the case may be, in “street name,” you must provide a legal proxy executed by your bank or broker to vote your Scheme Shares or IONA Shares in person at the Court Meeting and/or the Extraordinary General Meeting.

Q19: What if I do not vote?

A: The failure to vote in favour of the Scheme and the resolutions to be considered at the Extraordinary General Meeting, by proxy or in person, will increase the likelihood of the Scheme being defeated at the

Court Meeting, the resolutions to be considered at the Extraordinary General Meeting not being approved and the Acquisition not proceeding. If the Scheme is defeated and the Acquisition does not proceed, you will not receive the Consideration of \$4.05 in cash per IONA ADR or IONA Share that is payable pursuant to the terms of the Acquisition and Scheme. **Your vote is important regardless of the number of IONA ADRs or IONA Shares that you own.**

Q20: Who is soliciting my proxy?

A: This proxy is being solicited by the Board of IONA. The Board of IONA considers the terms of the Acquisition to be fair and reasonable. The Board of IONA unanimously recommends that IONA ADR holders and IONA Shareholders vote in favour of the Acquisition and Scheme.

Q21: May holders of IONA ADRs or IONA Shares be represented at the Court Hearing?

A: IONA ADR holders will not be entitled to be represented at the Court Hearing. IONA ADR holders who wish to be represented at the Court Hearing should take steps to present their IONA ADRs to the Depository for cancellation and delivery of IONA Shares so as to become holders of record of IONA Shares prior to the Court Hearing.

All IONA Shareholders are entitled to be represented by counsel or a solicitor (at their own expense) to support or oppose the sanctioning of the Scheme.

Q22: What should I do now?

A: For IONA ADR holders:

After carefully reading and considering the information contained in this document, please vote your IONA ADRs by returning the enclosed ADR Voting Instruction Card to the Depository or by submitting your ADR Voting Instruction Card via the Internet or by telephone.

Do **not** enclose or return your IONA ADRs with your ADR Voting Instruction Card.

For Scheme Shareholders and IONA Shareholders:

After carefully reading and considering the information contained in this document, please vote your IONA Shares by returning the enclosed PINK Form of Proxy and BLUE Form of Proxy to IONA's Registrar by post, by hand or by fax. IONA Shareholders (but not holders of IONA ADRs) may also attend the Court Meeting and/or the Extraordinary General Meeting and vote in person.

Do **not** enclose or return your share certificate(s) with your Forms of Proxy.

Q23: When should I send in my ADR Voting Instruction Card and/or Forms of Proxy?

A: IONA ADR holders should complete, sign, date and return their ADR Voting Instruction Card as soon as possible, and in any event by 2008, so that their IONA ADRs will be voted at the Court Meeting and/or Extraordinary General Meeting. IONA Shareholders should complete, sign, date and return their Forms of Proxy as soon as possible, and in any event by 2008, so that their IONA Shares will be voted at the Court Meeting and/or Extraordinary General Meeting.

Q24: May I change my vote after I have mailed my signed ADR Voting Instruction Card and/or Forms of Proxy?

A: For IONA ADR holders:

Yes. Holders of IONA ADRs may change their vote at any time before 2008. You may do this by sending a written, dated notice to the Depository stating that you would like to revoke your voting instructions, which must be received by the Depository by 2008.

If you have questions regarding your ADR Voting Instruction Card after you have returned it to the Depository, you should contact Georgeson or the Depository at the addresses provided below.

For Scheme Shareholders and IONA Shareholders:

Scheme Shareholders may change their vote at any time before the start of the Court Meeting in the case of the PINK Form of Proxy and IONA Shareholders may change their vote at any time up to p.m. (Irish Standard Time) on 2008 in the case of the BLUE Form of Proxy for the Extraordinary General Meeting. You may do this in one of three ways. First, you may send a written, dated notice to the Registrar of IONA stating that you would like to revoke your proxy. Second, you may complete, sign, date and submit a new Form of Proxy. Third, you may attend the Court Meeting and/or the Extraordinary General Meeting and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your IONA Shares, you must follow the directions received from your broker relating to changing those instructions.

If you have questions regarding your Forms of Proxy after you have returned them to the Registrar, you should contact the Registrar at the address provided below.

The Acquisition and the Scheme of Arrangement

Q25: What is the Scheme of Arrangement?

A: The Scheme of Arrangement is an arrangement made between IONA and the Scheme Shareholders under Irish law and is subject to the approval of the High Court. If the Scheme of Arrangement becomes effective, all Scheme Shares currently held by Scheme Shareholders will be cancelled or transferred to SPK Acquisitions. IONA will then issue New IONA Shares to SPK Acquisitions in place of the Scheme Shares cancelled pursuant to the Scheme of Arrangement and SPK Acquisitions will pay \$4.05 per IONA Share in cash to the former Scheme Shareholders. As a result of these arrangements, IONA will become, indirectly, a wholly owned subsidiary of Progress.

Q26: What will I receive in the Acquisition?

A: For IONA ADR holders:

As an IONA ADR holder you will receive \$4.05 in cash, without interest and less any applicable withholding taxes and ADR cancellation fees, for each IONA ADR that you own. For example, if you own 100 IONA ADRs, promptly after the Scheme becoming effective, you will receive \$405.00 in cash without interest and less any applicable withholding taxes and ADR cancellation fees.

For IONA Shareholders:

As an IONA Shareholder you will receive \$4.05 in cash, without interest and less any applicable withholding taxes, for each IONA Share that you own. For example, if you own 100 IONA Shares, within

14 days of the Scheme becoming effective, you will receive \$405.00 in cash without interest and less any applicable withholding taxes.

Q27: What rights do I have if I oppose the Acquisition and the Scheme of Arrangement?

A: For IONA ADR holders:

You can vote against approval of the Scheme by completing, signing, dating and returning your ADR Voting Instruction Card or by submitting your ADR Voting Instruction Card via the Internet, by telephone or by post for the Court Meeting and/or the Extraordinary General Meeting.

For Scheme Shareholders and IONA Shareholders:

You can vote against approval of the Scheme by completing, signing, dating and returning your Forms of Proxy or voting in person at the Court Meeting and/or the Extraordinary General Meeting. Each IONA Shareholder is entitled to be represented by counsel or a solicitor (at their own expense) at the Court Hearing to support or oppose the sanctioning of the Scheme.

Q28: Am I entitled to appraisal rights in connection with the Scheme?

A: If the Scheme Shareholders approve the Scheme and the High Court sanctions the Scheme, then, subject to the Scheme becoming effective in accordance with its terms, the Scheme will be binding on all IONA Shareholders, including those Scheme Shareholders who did not vote or who voted against it at the Court Meeting. If the Scheme Shareholders approve the Scheme and the High Court sanctions the Scheme, no IONA Shareholder will have “dissenters” or “appraisal” rights under Irish law, or otherwise have any right to seek a court appraisal of the value of IONA Shares. **If the Scheme becomes effective, all IONA ADR holders will receive \$4.05 per IONA ADR and all IONA Shareholders will receive \$4.05 per IONA Share except for IONA Shares held by Progress.**

Q29: If the Acquisition is consummated, when can I expect to receive the Consideration for my IONA Shares?

A: After the Scheme becomes effective, IONA ADR holders will receive the Consideration to which they are entitled under the terms of the Scheme when the Depositary forwards the Consideration to them, promptly after the Effective Date. After the Scheme becomes effective, IONA Shareholders will receive the Consideration to which they are entitled under the terms of the Scheme within 14 days of the Effective Date. For more information on the details related to the payment of the Consideration, please see paragraph 11 of Part III (Explanatory Statement) of this document.

Q30: Why is the Board of IONA recommending the Acquisition?

A: The Board of IONA, which has been advised by Lehman Brothers, considers the terms of the Acquisition to be fair and reasonable and unanimously recommends that all IONA ADR holders and IONA Shareholders vote in favour of the Acquisition and the Scheme at both the Court Meeting and the Extraordinary General Meeting, as the directors of IONA intend to do in respect of their own beneficial holdings of 3,605,193 IONA Shares, in aggregate, which represent, in aggregate, approximately 9.8 per cent. of the existing issued share capital of IONA. To review the Board’s reasons for recommending the Acquisition, see paragraph 4 of Part I (Letter of Recommendation from the Board of IONA) of this document entitled “Background to and Reasons For Recommending the Acquisition.”

Q31: What are the tax consequences of the Acquisition to me?

A: Your receipt of the Consideration will be a taxable transaction for US federal income and Irish CGT purposes. For a more detailed explanation of the tax consequences, see paragraphs 10 and 11 of Part VIII (Additional Information) of this document entitled “Irish Taxation” and “US Federal Income Tax Consequences,” respectively. Your tax consequences will depend on your personal situation. You should consult your personal tax advisors for a full explanation of the tax consequences of the Scheme to you.

Q32: When does the Board of IONA expect the Acquisition to be consummated?

A: IONA is working towards consummating the Acquisition as quickly as possible. IONA currently expects the Acquisition and the Scheme to become effective during September 2008. IONA cannot, however, require SPK Acquisitions to proceed with the Scheme until after all of the conditions described in paragraph 3 of Part I (Letter of Recommendation from the Board of IONA) and set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) are waived or satisfied at or prior to the Effective Date in accordance with their respective terms, including the approval of the Scheme at the Court Meeting and the Extraordinary General Meeting. The Scheme requires approval by the High Court and regulatory approvals, including the approval of Governmental Authorities pursuant to the HSR Act. IONA cannot assure you as to when or if all the conditions to the Acquisition will be met, and it is possible the parties will not complete the Acquisition.

Q33: What happens if I sell my IONA ADRs and/or IONA Shares before the Court Meeting and the Extraordinary General Meeting?

A: The Voting Record Time for the Court Meeting and the Extraordinary General Meeting are earlier than the expected Effective Time of the Acquisition. If you hold your IONA ADRs or IONA Shares on the Voting Record Time (6.00 p.m. (Irish Standard Time) on the day which is two days before the date of the Meetings) but transfer those IONA ADRs or IONA Shares after the Voting Record Time and before the Effective Time, you may retain your right to vote at the Court Meeting and the Extraordinary General Meeting but not the right to receive the Consideration. This right to receive the Consideration will pass to the person who owns the IONA ADRs or IONA Shares you transferred as of the Scheme Record Time (10.00 p.m. (Irish Standard Time) on the Business Day before the Effective Date) of the Acquisition.

Q34: What should I do if I have questions?

A: For IONA ADR holders:

If you have questions about the Acquisition, the Scheme of Arrangement, the Court Meeting, the Extraordinary General Meeting, the Court Hearing or this document, or would like additional copies of this document or the ADR Voting Instruction Card, you should contact IONA’s proxy solicitor, Georgeson, on 1-866-741-6131 (if calling within the United States) or on +001 1-201-356-3223 (if calling from outside the United States) between 9.00 a.m. and 5.00 p.m. (United States Eastern Time) on any Business Day. If calling from outside the United States, please call collect. For legal reasons, IONA’s proxy solicitor cannot provide advice on the benefits of the Acquisition or the Scheme or recommend how you vote or give any financial or tax advice.

For IONA Shareholders:

If you have questions about the Acquisition, the Scheme of Arrangement, the Court Meeting, the Extraordinary General Meeting, the Court Hearing or this document, or would like additional copies of this document or the Forms of Proxy, you should contact IONA's Registrar, Computershare Investor Services (Ireland) Limited, on 01 447 5482 (if calling within Ireland) or on +353 1 447 5482 (if calling from outside Ireland) between 9.00 a.m. and 5.00 p.m. (Irish Standard Time) on any Business Day. For legal reasons, IONA's Registrar cannot provide advice on the benefits of the Scheme or Acquisition or recommend how you should vote or give any financial advice or tax advice.

The Acquisition (Page 58)

On 25 June 2008, IONA and SPK Acquisitions announced that they had reached agreement on the terms of a recommended acquisition by SPK Acquisitions of IONA to be implemented by means of a scheme of arrangement under Irish law.

At the Effective Time, the Scheme Shares will be cancelled pursuant to Sections 72 and 74 of the Act or transferred to SPK Acquisitions. IONA will then issue New IONA Shares to SPK Acquisitions in place of the Scheme Shares cancelled pursuant to the Scheme, and SPK Acquisitions will pay the Consideration to former Scheme Shareholders in consideration for the Acquisition. As a result of the Scheme, IONA will, indirectly, become a wholly owned subsidiary of Progress.

The Implementation Agreement (Page 46)

IONA, SPK Acquisitions and, with respect to Section 7.4 and Section 7.7 only, Progress have entered into an Implementation Agreement which contains certain assurances in relation to the implementation of the Scheme and the conduct of IONA's business up to the Effective Time.

Under the terms of the Implementation Agreement, IONA and SPK Acquisitions have agreed, among other things, to:

- take such steps as are necessary or required and within their respective powers, and provide each other with such other assistance as may reasonably be required, to implement the Acquisition and the Scheme;
- assist each other as required for the purposes of preparing documents for the Acquisition and the Scheme; and
- use their reasonable endeavours to achieve satisfaction of the conditions to the Scheme as soon as reasonably practicable following the publication of this document.

The Limited Guaranty (Page 51)

Progress has delivered a Limited Guaranty to IONA pursuant to which Progress has guaranteed to IONA the due and punctual payment and performance of all the obligations of SPK Acquisitions (and its successors and assigns) under the Implementation Agreement, provided that the maximum amount payable by Progress to IONA will not exceed \$161.7 million. Since SPK Acquisitions will only pay the Consideration for IONA Shares that are not owned by subsidiaries or nominees of Progress, the maximum cash payment that will be made by SPK Acquisitions for the Acquisition will be \$160.2 million.

The Consideration (Page 54)

At the Effective Time, each Scheme Share will be cancelled or transferred to SPK Acquisitions and SPK Acquisitions will pay the Consideration to former Scheme Shareholders in consideration therefor. Where, at the Scheme Record Time, a Scheme Shareholder holds Scheme Shares in uncertificated form, the Consideration to which such Scheme Shareholder is entitled will, except in limited circumstances, be paid, by means of CREST, in US dollars by SPK Acquisitions procuring the creation of an assured payment obligation in favour of the relevant Scheme Shareholder's payment bank in respect of the Consideration due. Where, at the Scheme Record Time, a Scheme Shareholder holds Scheme Shares in certificated form, settlement of any Consideration due will be despatched by ordinary prepaid post (or by such other manner as the Panel may approve).

Treatment of IONA ADRs and IONA ADSs (Page 72)

Each IONA ADR represents one IONA ADS, which represents one IONA Share. The Depositary holds the IONA Shares underlying the IONA ADSs on behalf of the IONA ADR holders. Accordingly, the Depositary, as an IONA Shareholder, will be entitled to \$4.05 for every IONA Share held by it at the Scheme Record Time. Promptly after the Effective Date, the Depositary will distribute directly to IONA ADR holders the Consideration to which they are entitled under the terms of the Scheme, less any withholding tax or ADR cancellation fees, for every IONA ADR held by IONA ADR holders at the Scheme Record Time.

The Court Meeting (Page 60)

The Court Meeting has been convened for _____ p.m. (Irish Standard Time) on _____ 2008 to enable Scheme Shareholders to consider and, if thought fit, approve the Scheme. The Court Meeting will be held at _____.

It is important that as many votes as possible are cast at the Court Meeting so that the appropriate resolution proposing the Scheme can be passed and that the High Court may be satisfied that there is a fair representation of Scheme Shareholder opinion when it is considering whether to sanction the Scheme. If you are the holder of any IONA ADRs, you are strongly urged to complete and return your ADR Voting Instruction Card as soon as possible to ensure that the Depositary represents your ADRs at the Court Meeting. If you are the registered holder of any Scheme Shares, you are strongly urged to complete and return your PINK Form of Proxy for the Court Meeting as soon as possible.

The Extraordinary General Meeting (Page 60)

The EGM has been convened for _____ p.m. (Irish Standard Time) on _____ 2008 (or as soon thereafter as the Court Meeting is concluded or adjourned) to enable IONA Shareholders to consider and, if thought fit, pass the following resolutions:

- to approve the Scheme and to authorise the directors of IONA to take such action as they consider necessary or appropriate to carry the Scheme into effect;
- to approve the cancellation of the Cancellation Shares;
- to authorise the directors of IONA to issue relevant securities pursuant to Section 20 of the Companies (Amendment) Act 1983 and to apply the reserve in the books arising upon the cancellation described above in paying up in full at par New IONA Shares;
- to approve certain amendments to IONA's Articles of Association designed to avoid any person (other than members of the SPK Acquisitions Group) being left with IONA Shares after dealings in IONA ADRs and IONA Shares have ceased on Nasdaq and the Irish Stock Exchange, respectively; and

- to approve a proposal to adjourn the EGM, if necessary, to solicit additional proxies in favour of approval of the resolutions to be considered at the EGM.

The EGM will be held at .

It is important that as many votes as possible are cast at the EGM. If you are the holder of any IONA ADRs, you are strongly urged to complete and return your ADR Voting Instruction Card as soon as possible to ensure that the Depositary represents your IONA ADRs at the Court Meeting. If you are the registered holder of any IONA Shares, you are strongly urged to complete and return your BLUE Form of Proxy for the EGM as soon as possible.

The Court Hearing (Page 62)

In order for the Scheme to become effective, the sanction of the High Court at the Court Hearing is required in addition to the approval by Scheme Shareholders at the Court Meeting and the passing of the necessary resolutions by IONA Shareholders at the EGM. All IONA Shareholders are entitled to be represented by counsel or a solicitor (at their own expense) at the Court Hearing to support or oppose the sanctioning of the Scheme.

The Court Hearing is expected to take place on or about 2008 at the Four Courts, Inns Quay, Dublin, Ireland.

Holders of IONA ADRs May Not Attend the Meetings or the Court Hearing (Page 72)

Holders of IONA ADRs will not be entitled to attend the Meetings or to be represented at the Court Hearing. The Depositary will vote at the Meetings in accordance with the instructions it receives from IONA ADR holders. Details of how IONA ADR holders can instruct the Depositary to vote at the Meetings are contained in the enclosed ADR Voting Instruction Card.

Holders of IONA ADRs who wish to attend the Court Meeting and/or the EGM or to be represented at the Court Hearing should take steps to present their IONA ADRs to the Depositary, for cancellation and delivery of IONA Shares so as to become holders of record of IONA Shares prior to the relevant Voting Record Time for the Court Meeting or the EGM or prior to the Court Hearing, as the case may be.

Voting Record Time and Voting Procedures (Page 27)

IONA ADR holders:

IONA ADR holders may not attend or vote at the Court Meeting or the EGM; however, the Depositary is required by the Deposit Agreement to vote the IONA Shares deposited thereunder in accordance with the instructions of the IONA ADR holders. Details of how IONA ADR holders can instruct the Depositary to vote at the Meetings are contained in the enclosed ADR Voting Instruction Card.

Holders of Scheme Shares and IONA Shares:

Only Members as of the Voting Record Time, whose names are registered in the Register of Members of IONA, shall be entitled to attend and vote at the Court Meeting and the EGM in respect of the number of Scheme Shares and IONA Shares, respectively, registered in their name at such time.

Quorum and Vote Required (Page 59)

The Court Meeting:

In order to conduct business at the Court Meeting a quorum must be present. IONA's Articles of Association provide that the presence, either in person or by proxy, of three persons entitled to vote at such

meeting, each being a holder of IONA Shares, a proxy for a holder of IONA Shares or a duly authorised representative of a corporate holder of IONA Shares, constitutes a quorum for the transaction of business at the Court Meeting. At the Court Meeting, voting will be by poll and not a show of hands and each holder of Scheme Shares who is present in person or by proxy will be entitled to one vote for each IONA Share held. The approval required at the Court Meeting is that those voting in favour of the Scheme must represent a simple majority (more than 50 per cent.) in number of those Scheme Shareholders present and voting in person or by proxy and also represent three-fourths (75 per cent.) in value of the Scheme Shares held by those Scheme Shareholders present and voting in person or by proxy.

Failure to vote in favour of the Scheme or failure to vote your proxy by post, hand, mail, fax, or in person, in the case of the Scheme Shareholders, or failure to submit your vote by the Internet, telephone or post in the case of the IONA ADR holders, will increase the likelihood of the Scheme being defeated at the Court Meeting and the Acquisition not proceeding.

The Extraordinary General Meeting:

A quorum must be present in order to conduct any business at the EGM. IONA's Articles of Association provide that the presence at the EGM, either in person or by proxy, of three persons entitled to vote at such meeting, each being a holder of IONA Shares, a proxy for a holder of IONA Shares, or a duly authorised representative of a corporate holder of IONA Shares, constitutes a quorum for the transaction of business.

A majority (more than 50 per cent.) of the votes cast is required to pass an ordinary resolution, and three-fourths (75 per cent.) or greater of the votes cast is required to pass a special resolution. A special resolution is required to effect certain actions, including alterations to IONA's Memorandum or Articles of Association or cancellation of the IONA Shares.

As of the Latest Practicable Date, the directors of IONA owned 3,605,193 IONA Shares, or approximately 9.8 per cent. of the issued share capital of IONA. These IONA Shares are subject to a voting undertaking with SPK Acquisitions pursuant to which the directors of IONA have agreed (subject to certain exceptions) to vote, or procure that voting instructions are given to vote, in favour of the Acquisition and the Scheme at the Court Meeting and the EGM. In addition, as of the Latest Practicable Date, Progress SC owned 362,000 IONA Shares, or approximately 0.99 per cent. of the issued share capital of IONA. As Progress SC is not a Scheme Shareholder, these IONA Shares are subject to a voting undertaking with IONA and SPK Acquisitions, pursuant to which Progress SC has agreed (subject to certain exceptions) not to vote these IONA Shares at the Court Meeting and to vote these IONA Shares in favour of the resolutions to be proposed at the EGM.

Proxies and Voting (Page 26)

The Court Meeting:

IONA ADR holders

To vote at the Court Meeting, IONA ADR holders are requested to complete and return the ADR Voting Instruction Card to the Depository at Deutsche Bank Trust Company, c/o of American Stock Transfer & Trust Company, Peck Slip Station, P.O. Box 2050, New York, New York 10272-2050 USA as soon as possible and, in any event, by 2008. Alternatively, you may submit your ADR Voting Instruction Card via telephone by calling the number printed at the top of your ADR Voting Instruction Card or via the Internet by accessing the Depository's website at www.voteproxy.com. To dial in or log in please make sure that you have your ADR Voting Instruction Card available. If the Depository does not receive your ADR Voting Instruction Card by such date, the Depository will not vote your IONA ADRs. It is important that, for the Court Meeting, as many votes as possible are cast (whether in person or by proxy) so that the High Court may be satisfied that there is a fair and

reasonable representation of Scheme Shareholder opinion. You are, therefore, strongly urged to complete, sign and return your ADR Voting Instruction Card as soon as possible to ensure that the Depositary represents your IONA ADRs at the Court Meeting.

Scheme Shareholders

To vote at the Court Meeting, Scheme Shareholders are requested to submit the PINK Form of Proxy to the Registrar, Computershare Investor Services (Ireland) Limited, at Heron House, Corrig Road, Sandyford Industrial Estate, Dublin 18, Ireland as soon as possible and, in any event, not less than 48 hours before the time appointed for the Court Meeting but, if forms are not so lodged, they may be handed to the Chairman of the Court Meeting before the start of the Court Meeting and will still be valid. It is important that, for the Court Meeting, as many votes as possible are cast (whether in person or by proxy) so that the High Court may be satisfied that there is a fair and reasonable representation of Scheme Shareholder opinion. You are, therefore, strongly urged to complete, sign and return your PINK Form of Proxy as soon as possible.

Scheme Shares represented at the Court Meeting by properly executed proxies received prior to or at the Court Meeting, and not revoked, will be voted at the Court Meeting, and at any and all adjournments or postponements of that meeting, in accordance with the instructions on the proxies. **If a proxy is duly executed appointing the Chairman of the Court Meeting and submitted without instructions, the Scheme Shares represented by that proxy will be voted in favour of approval of the Scheme.**

The Extraordinary General Meeting:

IONA ADR holders

To vote at the EGM, IONA ADR holders must complete the ADR Voting Instruction Card accompanying this document in accordance with the instructions printed thereon and return it to the Depositary at Deutsche Bank Trust Company, c/o of American Stock Transfer & Trust Company, Peck Slip Station, P.O. Box 2050, New York, New York 10272-2050 USA as soon as possible and, in any event, by 2008. Alternatively, you may submit your ADR Voting Instruction Card via telephone by calling the number printed at the top of your ADR Voting Instruction Card or via the Internet by accessing the Depositary's website at www.voteproxy.com. To dial in or log in please make sure that you have your ADR Voting Instruction Card available. If the Depositary does not receive your ADR Voting Instruction Card by such date, the Depositary will not vote your IONA ADRs.

IONA Shareholders

For the EGM, IONA Shareholders must complete and sign the BLUE Form of Proxy, in accordance with the instructions printed thereon and return it to the Registrar, no later than p.m. (Irish Standard Time) on 2008.

IONA Shares represented at the EGM by properly executed proxies received prior to or at the EGM, and not revoked, will be voted at the EGM, and at any and all adjournments or postponements of that meeting, in accordance with the instructions on the proxies. **If a proxy is duly executed appointing the Chairman of the Meeting and submitted without instructions, the IONA Shares represented by that proxy will be voted in favour of the resolutions to be considered at the EGM.**

Revocation of Proxies (Page 28)

Holders of IONA ADRs may change their vote at any time before 2008. You may do this by sending a written, dated notice to the Depositary stating that you would like to revoke your voting instructions, which must be received by the Depositary by 2008.

Scheme Shareholders may revoke or amend the PINK Form of Proxy at any time up to p.m. (Irish Standard Time) on 2008 in the case of the Court Meeting, and IONA Shareholders may revoke or

amend the BLUE Form of Proxy up to p.m. (Irish Standard Time) on 2008 in the case of the EGM. You may do this in one of three ways. First, you may send a written, dated notice to the Registrar of IONA stating that you would like to revoke your proxy. Second, you may complete, sign, date and submit a new Form of Proxy. Third, you may attend the Court Meeting and/or the Extraordinary General Meeting and vote in person. Your attendance alone will not revoke your proxy. If you have instructed a broker to vote your IONA Shares, you must follow the directions received from your broker relating to changing those instructions.

If you wish to amend or revoke your Forms of Proxy after you have returned them to Computershare Investor Services (Ireland) Limited, you should contact the Registrar at the address given below.

Submission of a Form of Proxy does not preclude you from attending and voting in person at the Meeting in question.

Recommendation of the Board of IONA and Reasons for the Scheme (Page 52)

The Board of IONA unanimously recommends to IONA Shareholders to vote in favour of the Acquisition and the Scheme. In support of this recommendation, the members of the Board of IONA have irrevocably undertaken (subject to certain exceptions) to vote their own beneficial holdings, amounting to, in aggregate, 3,605,193 IONA Shares, which represents approximately 9.8 per cent. of the issued share capital of IONA, in favour of the Acquisition and the Scheme.

Opinion of Financial Advisor (Pages 63 and 187)

Lehman Brothers, IONA's financial advisor, delivered an opinion to the Board of IONA that, as of 24 June, 2008, and based on and subject to the factors, limitations and assumptions set forth in the opinion, from a financial point of view, the Consideration to be offered to the IONA Shareholders in the Acquisition was fair to the IONA Shareholders.

The full text of the written opinion of Lehman Brothers, dated 24 June 2008, which sets forth the assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached as *Annex F* to this document. Lehman Brothers' opinion, the issuance of which was approved by Lehman Brothers' Fairness Opinion Committee, is addressed to the Board of IONA and addresses only the fairness, from a financial point of view, of the Consideration to be offered to the IONA Shareholders in the Acquisition and does not constitute a recommendation to any IONA ADR holder or IONA Shareholder as to how such person should vote with respect to the Scheme or any other matter.

Appraisal Rights (Page 215)

If the Scheme Shareholders approve the Scheme at the Court Meeting and the High Court sanctions the Scheme, then, subject to the Scheme becoming effective in accordance with its terms, the Scheme will be binding on all IONA Shareholders, including those Scheme Shareholders who did not vote or who voted against it at the Court Meeting. If the Scheme Shareholders approve the Scheme and the High Court sanctions the Scheme, no IONA Shareholder will have "dissenters" or "appraisal" rights under Irish law, or otherwise have any right to seek a court appraisal of the value of IONA Shares. If the Scheme becomes effective, all Scheme Shareholders will receive the same Consideration per Scheme Share.

Exchange of Share Certificates (Pages 71 and 72)

IONA ADR holders, who hold their IONA ADRs in certificated form, will need to surrender their certificates to the Depositary prior to receiving their proportion of the Consideration. If you are required to return your IONA ADR certificates, you will be notified. Under the terms of the Scheme, at the Effective Time, all Scheme Shares will be cancelled and cease to exist or be transferred to SPK Acquisitions. Following the

cancellation or transfer of the Scheme Shares, you may be required to return your share certificates. If you are required to return your share certificates, you will be notified.

Source of Funds (Page 89)

The Acquisition will be financed from the existing financial resources of SPK Acquisitions and Progress. Full payment of the Consideration to IONA Shareholders who are not subsidiaries or nominees of Progress involves a maximum cash payment of approximately \$160.2 million. Goodbody Corporate Finance, financial advisor to SPK Acquisitions and Progress, is satisfied that the necessary financial resources are available to SPK Acquisitions to satisfy in full the Consideration payable to IONA Shareholders under the terms of the Acquisition.

Conditions to the Scheme (Page 81)

The implementation of the Scheme is conditional, amongst other things, upon:

- the expiration of the waiting period under the HSR Act;
- the approval by a majority in number of Scheme Shareholders representing three-fourths (75 per cent.) or more in value of the Scheme Shares held by such holders present and voting either in person or by proxy, at the Court Meeting (or at any adjournment of such meeting);
- the passing by the requisite majority of such resolutions as are required to approve or implement the Scheme at the Extraordinary General Meeting and are set out in the notice of the EGM;
- the sanction of the Scheme and confirmation of the reduction of capital involved therein by the High Court and the delivery of an office copy of the Court Order and the minute required by Section 75 of the Act to the Registrar of Companies and the registration of such Court Order and minute by the Registrar of Companies; and
- the conditions, which are not otherwise identified above and which are set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document, being satisfied or waived on or before the sanction of the Scheme by the High Court pursuant to Section 201 of the Act.

Further, for the Acquisition to proceed, the Scheme must become effective by not later than 15 December 2008 or such later date, if any, as IONA and SPK Acquisitions may, with, if required, the consent of the Panel, agree and, if required, the High Court may allow.

The conditions to the Acquisition and the Scheme are set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document.

Solicitation of Proposals from Other Parties (Page 44)

Except in limited circumstances, the directors of IONA have agreed not to withdraw or adversely modify their recommendation to the IONA Shareholders regarding the Scheme.

In addition, the non-solicitation undertaking in the Expenses Reimbursement Agreement provides that, until the earlier of 15 December 2008 and the date on which the Scheme becomes effective (or lapses or is withdrawn), IONA has agreed that, subject to the fiduciary duties of the Board of IONA, no member of the IONA Group or any of their respective directors, officers, employees or advisers shall, among other things, solicit interest or initiate discussions or negotiations with any person in respect of or in connection with the acquisition of control (as defined in the Takeover Rules) of IONA. Except to the extent required by the Takeover Rules or the Panel, IONA has also agreed to inform and keep informed SPK Acquisitions of any inquiry with respect to or that would reasonably be expected to lead to a Competing Offer, the material terms of such Competing Offer and the identity of the person making any such inquiry or proposing a Competing Offer.

Termination of the Implementation Agreement (Page 49)

Either SPK Acquisitions or IONA may terminate the Implementation Agreement at or prior to the Effective Time of the Scheme if any of the following occurs:

- the conditions specified in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document are not satisfied by 15 December 2008;
- the High Court declines or refuses to sanction the Scheme, unless both IONA and SPK Acquisitions agree that the decision of the High Court shall be appealed and, if so appealed, a final non-appealable order, decree, judgment, or ruling has been issued;
- the directors of IONA withdraw or adversely modify the Scheme Recommendation; or
- the resolutions are not approved at the Court Meeting and the EGM.

Expenses Reimbursement Agreement (Page 44)

Under the Expenses Reimbursement Agreement, IONA has agreed to pay specific quantifiable third party costs and expenses incurred by SPK Acquisitions in connection with the Scheme in certain circumstances, including, but not limited to, the following:

- if the Board of IONA, or any one or more members thereof, withdraws or adversely modifies its/their recommendation of the Scheme or recommends (or indicates or announces an intention to recommend) a Competing Offer;
- IONA withdraws the Scheme or materially alters any term of the Scheme or takes or omits to take any action in breach of the Implementation Agreement the result of which is to prevent the IONA Shareholders from voting at any Meetings to approve the Scheme; or
- if prior to the Scheme lapsing or being withdrawn, a Competing Offer is announced and any such Competing Offer becomes effective or unconditional within 12 months of that announcement.

The liability of IONA to pay these amounts is limited to a maximum amount equal to 1 per cent. of the aggregate value of the number of IONA Shares which are the subject of the Acquisition multiplied by the Consideration.

IONA Executive Officers and Non-Executive Directors and the Effects of the Scheme on their Interests (Page 66)

In considering the recommendations of the Board of IONA with respect to the approval of the Scheme, IONA Shareholders should be aware that IONA Non-Executive Directors and IONA executive officers have interests in the Scheme that may be in addition to, or different from, the interests of IONA Shareholders. These interests may create potential conflicts of interest. The Board of IONA was aware of these interests, which include those summarized below, and considered them, among other matters, in approving the Acquisition and the Scheme.

- IONA has change in control agreements with all its executive officers that provide certain benefits if (i) there is a change in control of the Company (which the Scheme, if it becomes effective, would constitute), and (ii) the executive officer's employment is (A) involuntarily terminated by the Company (or any successor, including SPK Acquisitions) without cause (as defined in the change in control agreements) within two years following a change in control or during the three month period immediately preceding a change in control or (B) voluntarily terminated by the executive officer for

good reason (as defined in the change in control agreements) within two years following a change in control.

- IONA also has a change in control plan for IONA Non-Executive Directors that provides certain benefits in the event of a change in control (which the Scheme, if it becomes effective, would constitute).
- IONA Options held by IONA Non-Executive Directors and IONA executive officers will be treated under the Scheme in the same manner as all other IONA Options (including the vesting of all unvested options in connection with the Scheme). As of the Latest Practicable Date, IONA Non-Executive Directors and executive officers holding IONA Options would receive cash payments upon the consummation of the Scheme in an aggregate amount (before withholding for applicable taxes) of approximately \$1,520,444.
- Under IONA's Articles of Association, IONA has included a provision that limits or eliminates the personal liability of the IONA Directors and officers. IONA maintains liability insurance which insures the IONA Directors and officers against certain losses and insures IONA with respect to its obligation to indemnify the IONA Directors and officers.
- In addition, under the terms of the Implementation Agreement, IONA Non-Executive Directors and IONA executive officers will be entitled to indemnification in specified circumstances.

Voting Undertakings (Pages 43 and 55)

In connection with the Scheme, SPK Acquisitions has received from the members of the Board of IONA voting undertakings to, subject to certain exceptions, vote in favour of the Acquisition and the Scheme in respect of the 3,605,193 IONA Shares, in aggregate, they own, representing approximately 9.8 per cent. of the issued share capital of IONA. The form of voting undertakings of directors of IONA is attached to this document as *Annex D*.

Further, Progress SC, a wholly owned subsidiary of Progress, has irrevocably committed to IONA and SPK Acquisitions, in respect of the 362,000 IONA Shares which it owns, not to vote such IONA Shares at the Court Meeting and to vote such IONA Shares in favour of the resolutions to be considered at the Extraordinary General Meeting. The Progress SC voting undertaking is attached to this document as *Annex E*.

IONA Share Option Schemes (Page 51)

All unvested IONA Options will become fully vested and exercisable in connection with the Scheme, in accordance with the provisions of the IONA Share Option Schemes and, with respect to IONA Options held by the IONA Non-Executive Directors and the executive officers of IONA, the provisions of the IONA Non-Executive Directors Change in Control Plan and the change in control agreements with the executive officers of IONA, respectively, which plan and agreements are described further in paragraph 9 of Part III (Explanatory Statement) of this document. IONA and SPK Acquisitions will offer all IONA Optionholders an opportunity to elect to exercise their IONA Options immediately upon the making of the Court Order on, and on the condition that the IONA Shares issued upon such exercise are then transferred to SPK Acquisitions under the Scheme. In so doing, IONA Optionholders (other than IONA Non-Executive Directors and executive officers for United States federal securities law purposes) may exercise their IONA Options with a cashless exercise facility under which they may direct that the exercise price of their IONA Options be paid to IONA out of the proceeds of the sale to SPK Acquisitions under the Scheme of the IONA Shares issued to them upon exercise of their IONA Options.

All IONA Options that remain outstanding on the Effective Date shall be cancelled with effect from midnight (Irish Standard Time) on the Effective Date in consideration for the payment to the IONA Optionholder of a cash

payment per IONA Share subject to an IONA Option equal to the excess, if any, of the Consideration per IONA Share over the exercise price applicable to such IONA Option (net of any applicable withholding taxes).

Effective Time of the Scheme (Page 31)

Assuming the necessary approvals from the Scheme Shareholders and IONA Shareholders, as the case may be, have been obtained and all conditions have been satisfied or (where applicable) waived, the Scheme will become effective upon delivery to the Registrar of Companies of an office copy of the Court Order of the High Court sanctioning the Scheme together with the minute required by Section 75 of the Act confirming the capital reduction and registration of the Court Order and minute by the Registrar of Companies. Upon the Scheme becoming effective, it will be binding on all IONA Shareholders, irrespective of whether or not they attended or voted at the Court Meeting or the EGM. It is expected that the Scheme will become effective during September 2008.

Irish Taxation (Page 212)

Irish Holders who, under the Scheme, dispose of their IONA ADRs or IONA Shares will be subject to Irish Capital Gains Tax “CGT” (in the case of individuals) or Irish corporation tax (in the case of companies) to the extent that the proceeds realised from such disposition exceed the base cost (indexation may apply to increase the base cost of acquisitions of shares made prior to 1 January 2003) of their IONA ADRs or IONA Shares plus incidental expenses. The current rate of tax applicable to such chargeable gains is 20 per cent.

Irish Holders that have capital losses from other sources in current, or any previous, tax year can generally apply such losses to reduce gains realised on the disposal of their IONA ADRs or IONA Shares.

No Irish Stamp Duty will be payable by a holder of IONA ADRs or IONA Shares in relation to the disposal of IONA ADRs or IONA Shares under the Scheme.

US IONA ADR holders and US IONA Shareholders will not be subject to Irish CGT on the disposal of IONA ADRs or IONA Shares provided at the time of disposal: (i) IONA ADRs and IONA Shares are quoted on Nasdaq and the Irish Stock Exchange, respectively and/or (ii) IONA ADRs and IONA Shares do not derive the greater part of their value from land, buildings, minerals, or mineral or exploration rights in Ireland.

Holders of IONA ADRs or IONA Shares are advised to consult their own tax advisers with respect to the application of Irish taxation laws to their particular circumstances in relation to the Scheme.

US Federal Income Tax Consequences (Page 213)

A sale of IONA ADRs or IONA Shares, as the case may be, for cash pursuant to the Scheme will be treated as a taxable transaction for federal income tax purposes under the Internal Revenue Code, and may be taxable for US state and local purposes as well. Holders of IONA ADRs or IONA Shares, as the case may be, are advised to consult their own tax advisers with respect to the application of US federal, state, local and other laws to their particular circumstances in relation to the Scheme.

Regulatory Approvals (Page 215)

Under the provisions of the HSR Act, IONA and SPK Acquisitions may not complete the Acquisition until IONA and SPK Acquisitions have made certain filings with the Federal Trade Commission and the United States Department of Justice and the applicable waiting period has expired or been terminated. IONA and SPK Acquisitions expect to file pre-merger notifications with the US antitrust authorities pursuant to the HSR Act shortly and will request “early termination” of the waiting period. IONA and SPK Acquisitions do not believe that any foreign antitrust approvals are required to consummate the Acquisition.

In addition, under the Act, the High Court must sanction the Scheme and confirm the reduction of IONA’s capital.

RECOMMENDATION

The Directors of IONA are unanimously recommending that you vote in favour of all resolutions at the Meetings using the ADR Voting Instruction Card or Forms of Proxy, as the case may be, enclosed with this document.

VOTING PROCEDURES

Voting of IONA Shares Underlying IONA ADSs pursuant to the Deposit Agreement

Generally. Holders of IONA ADRs evidencing IONA ADSs representing IONA Shares may not vote or attend the Meetings; however, subject to certain limitations set out in the Deposit Agreement, the Depositary has the right to vote all IONA Shares deposited under the Deposit Agreement. The Depositary, however, is required by the Deposit Agreement to vote the IONA Shares deposited thereunder in accordance with the instructions of the IONA ADR holders and is prohibited from exercising voting discretion with respect to such IONA Shares.

Notice of Meetings. As soon as practicable after receipt from IONA of the Notice of Court Meeting and the Notice of Extraordinary General Meeting, the Depositary shall mail to the IONA ADR holders as of the close of business on 2008 a notification of the Meetings indicating: (a) the date, time and place of each of the Meetings, (b) that each IONA ADR holder on the close of business on 2008 will be entitled to instruct the Depositary as to the exercise of voting rights pertaining to the IONA Shares represented by the IONA ADSs evidenced by such holder's IONA ADRs, and (c) the manner in which such instructions must be given.

Voting of IONA Shares Underlying IONA ADSs. Upon the timely receipt of voting instructions from an IONA ADR holder, the Depositary shall vote or cause to be voted the IONA Shares represented by the IONA ADSs evidenced by such holder's IONA ADRs in accordance with such instructions.

Voting of IONA Shares

Voting at the Court Meeting. Voting at the Court Meeting is on a poll (i.e. a written vote). For the Scheme to be approved at the Court Meeting, Scheme Shareholders voting in favour of the Scheme must represent a simple majority (more than 50 per cent.) in number of those Scheme Shareholders present and voting in person or by proxy and must also represent three-fourths (75 per cent.) in value of the Scheme Shares held by those Scheme Shareholders present and voting in person or by proxy. All Forms of Proxy should be completed and returned so as to be received by the Registrar not less than 48 hours before the Court Meeting. If the PINK Form of Proxy for the Court Meeting is not lodged by the relevant time, it may be handed to the Chairman of the Court Meeting before the start of the Court Meeting.

Table of Contents

Voting at the Extraordinary General Meeting. Voting at the Extraordinary General Meeting is by a show of hands unless a poll is duly demanded. Votes may be given either in person or by proxy. Subject to IONA's Articles of Association and to any rights or restrictions attached to any class or classes of shares, by a show of hands each Member present in person or by proxy has one vote, and on a poll each Member shall have one vote for each IONA Share held by such Member. Where there is a tie, whether by a show of hands or by a poll, the Chairman of the meeting is entitled to cast the deciding vote in addition to any other vote the Chairman may have. A poll may be demanded by (i) the Chairman of the meeting, (ii) at least five Members, present in person or by proxy and entitled to vote at the meeting, (iii) any Member or Members present in person or by proxy, representing not less than one-tenth of the total voting rights of all the Members entitled to vote at the meeting, or (iv) any Member or Members present in person or by proxy holding not less than one-tenth of the paid-up capital that carries the right of voting at the meeting. Under Irish law, an abstention or a vote that is "withheld" will not be counted in the calculation of the proportion of the votes "for" or "against" a proposed resolution.

A majority (more than 50 per cent.) of votes cast is required to pass an ordinary resolution, and three-fourths (75 per cent.) or greater of the votes cast is required to pass a special resolution. As of 2008, there were Members entitled to attend and vote at the Extraordinary General Meeting and, therefore, votes on a show of hands (or, if a poll is demanded, votes) capable of being cast at the Extraordinary General Meeting. The number of Members entitled to attend and vote at the Extraordinary General Meeting will be equal to the total number of Members as of p.m. (Irish Standard Time) on 2008. The maximum number of votes capable of being cast at the Extraordinary General Meeting will be equal to the total number of Members on a show of hands (or, if a poll is demanded, the number of IONA Shares in issue) as of p.m. (Irish Standard Time) on 2008.

Voting by Proxy. Each proxy which is properly executed and returned to the Registrar will be voted in the manner directed by the Member executing it or, if no directions are given, will be voted (or withheld) at the discretion of the Chairman of the relevant meeting or any other person duly appointed as proxy by the Member. All Forms of Proxy should be completed and returned so as to be received by the Registrar not less than 48 hours before the relevant Meeting.

To IONA Shareholders, IONA ADR holders and, for information only, to IONA Optionholders

RECOMMENDED ACQUISITION OF IONA TECHNOLOGIES PLC

Dear IONA Shareholder and IONA ADR holder,

1. INTRODUCTION

On 25 June 2008 the Board of IONA and the Board of SPK Acquisitions announced that they had reached agreement on the terms of a recommended acquisition of IONA by SPK Acquisitions, a private limited company that was incorporated in Ireland on 11 February 2008. SPK Acquisitions is a wholly owned subsidiary of Progress. Progress SC, a wholly owned subsidiary of Progress, owns or controls 362,000 IONA Shares representing approximately 0.99 per cent. of the issued share capital of IONA. As Progress SC is not a Scheme Shareholder, Progress SC has irrevocably committed to SPK Acquisitions and IONA, in respect of the IONA Shares which it owns, not to vote such IONA Shares at the Court Meeting but Progress SC will vote such IONA Shares in favour of the resolutions to be considered at the Extraordinary General Meeting.

The Acquisition will be effected by way of a scheme of arrangement between IONA and the Scheme Shareholders under Section 201 of the Act, the terms of which are set out in Part IV (The Scheme of Arrangement) of this document and an explanation of which is given by Lehman Brothers in Part III (Explanatory Statement) of this document. The Acquisition and the Scheme are subject to the conditions and further terms set out in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document. It is anticipated that, subject to the satisfaction or waiver of these conditions, the Acquisition will become effective during September 2008.

I am writing to you to set out the background to the Acquisition and the reasons why the Board of IONA considers the terms of the Acquisition to be fair and reasonable to IONA Shareholders taken as a whole, and is unanimously recommending that IONA Shareholders vote in favour of the Acquisition and the Scheme.

2. SUMMARY OF THE TERMS OF THE ACQUISITION

Subject to the conditions and further terms set out in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document, under the terms of the Acquisition, Scheme Shareholders will receive:

\$4.05 in cash for each IONA Share

After the Scheme becomes effective, IONA ADR holders will receive the Consideration to which they are entitled directly from the Depositary. If you wish to receive the Consideration in respect of your IONA ADRs, you are urged to sign and return the enclosed ADR Voting Instruction Card as soon as possible. If you wish to receive the Consideration in respect of your IONA Shares, you are urged to sign and return the enclosed Forms of Proxy as soon as possible. You should note that if there is insufficient Scheme Shareholder support for the Scheme at the Court Meeting, the Scheme will not become effective, the Acquisition will not proceed and the cash Consideration of \$4.05 per IONA Share will not become payable.

The Acquisition values the entire issued and to be issued share capital of IONA at approximately \$161.7 million. As SPK Acquisitions will only pay the Consideration for IONA Shares that are not owned by subsidiaries or nominees of Progress, the maximum cash payment that will be made by SPK Acquisitions in the acquisition will be \$160.2 million.

The Consideration represents a premium of approximately:

- 47.3 per cent. over \$2.75, being the Closing Price of an IONA ADR on 7 February 2008, the last Business Day prior to the commencement of the Offer Period; and
- 26.5 per cent. over \$3.20, being the average daily Closing Price of an IONA ADR over the three months up to the commencement of the Offer Period.

3. THE CONDITIONS

The Acquisition is conditional upon, amongst other things, the Scheme becoming effective. The implementation of the Scheme is conditional upon, amongst other things:

- 3.1 the expiration of the waiting period under the HSR Act;
- 3.2 the approval by a majority in number of Scheme Shareholders representing three-fourths (75 per cent.) or more in value of the Scheme Shares held by such holders present and voting either in person or by proxy, at the Court Meeting (or at any adjournment of such meeting), but not including IONA Shares held by Progress SC, which is not a Scheme Shareholder;
- 3.3 the passing by the requisite majority of such resolutions as are required to approve or implement the Scheme at the Extraordinary General Meeting and are set out in the notice of the Extraordinary General Meeting;
- 3.4 the sanction of the Scheme and confirmation of the reduction of capital involved therein by the High Court and the delivery of an office copy of the Court Order and the minute required by Section 75 of the Act to the Registrar of Companies and the registration of such Court Order and minute by the Registrar of Companies; and

- 3.5 the conditions which are not otherwise identified above and which are set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document being satisfied or waived on or before the sanction of the Scheme by the High Court pursuant to Section 201 of the Act.

For the Acquisition to proceed, the Scheme must become effective and unconditional by not later than 15 December 2008 or such later date, if any, as IONA and SPK Acquisitions may, with, if required, the consent of the Panel, agree and, if required, the High Court may allow.

4. **BACKGROUND TO AND REASONS FOR RECOMMENDING THE ACQUISITION**

Background to the Acquisition

The Company's Board and management, with the assistance of their financial advisors and outside legal counsel, have periodically reviewed the various strategic alternatives available to the Company as part of their on-going efforts to, among other things, improve its competitive position and enhance shareholder value. These reviews have focused on, among other things, continued independence, acquisitions of other institutions, and mergers with and acquisitions by larger institutions. On an on-going basis, the Board has reviewed the Company's short and long-term business strategies, as well as market trends in the technology industry and the challenges confronting the Company in attaining its strategic and shareholder return objectives. In addition, the Board periodically discusses issues relating to its fiduciary duties with the Company's outside US legal counsel, Goodwin Procter LLP, and its outside Irish legal counsel, William Fry.

In the ordinary course of business, and consistent with these objectives, the Company's Chairman of the Board, Kevin C. Melia, the Company's Vice Chairman of the Board, Christopher J. Horn, Director and founder, Seán Baker, and the Company's Chief Executive Officer and President, Peter M. Zotto, have each been involved from time to time in informal discussions with representatives of other technology companies, including, but not limited to, Progress, regarding technology industry issues and exploratory discussions of the potential benefits and issues that might arise from possible combinations or other strategic transactions.

On 30 January 2008, the Company received an unsolicited preliminary expression of written interest from Company A to acquire the Company at a price between \$4.25 and \$4.75 per Share.

On 1 February 2008, at a meeting of the Company's Board, with management, Goodwin Procter and William Fry in attendance at the request of the Board, the Board discussed the preliminary expression of interest it received from Company A, including the necessity for engaging a financial advisor to assist the Board in evaluating Company A's preliminary expression of interest as well as assessing the strategic alternatives available to the Company.

On 8 February 2008, in coordination with the Panel, the Company issued a press release announcing that it had received an unsolicited preliminary expression of interest from a third party to acquire the Company.

On 11 February 2008, Company A formally withdrew its preliminary expression of interest to acquire the Company. Shortly after sending the letter withdrawing its preliminary expression of interest, the chief executive officer of Company A called Mr. Melia and expressed continued interest in acquiring the Company and requested to continue discussions.

On 15 February 2008, at a meeting of the Company's Board, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, Mr. Melia and Christopher M. Mirabile, the Company's Chief Financial Officer, General Counsel and Secretary, updated the Board on the status of Company A's preliminary expression of interest, including Company A's decision to formally withdraw its preliminary expression of interest and its subsequent oral expression of continued interest. The Board discussed the Company's past performance and future prospects and the possibility of a strategic transaction with other parties. The process and criteria for screening possible strategic partners and evaluating a potential strategic transaction were discussed. At the conclusion of this meeting, the Board determined that it was in the best interest of IONA Shareholders to explore more fully the possibility of a strategic transaction with Company A as well as with other parties and authorized the engagement of Lehman Brothers and instructed Lehman Brothers to speak with a range of strategic and financial buyers (including Company A) who were viewed as either likely to have an interest in acquiring the Company or considered to be logical strategic partners for the Company. The Board selected Lehman Brothers because of its familiarity with the Company and its qualifications, reputation and experience in the valuation of businesses and securities in connection with mergers and acquisitions generally, its global reach as well as its substantial experience in public company sale transactions.

On 19 February 2008, at Company A's request, Mr. Melia called the chief executive officer of Company A to discuss Company A's continued expression of interest. During this call, the chief executive officer of Company A reiterated its interest in discussing a potential strategic transaction with the Company. The parties concluded this discussion by agreeing to meet in person outside of New York City on 26 February 2008 to engage in further discussions.

On 20 February 2008, the Company formally engaged Lehman Brothers as its financial advisor to assist the Board in assessing the strategic alternatives available to the Company, which engagement was confirmed in a letter dated 20 February 2008.

Also on 20 February 2008, in conjunction with the Panel, the Company announced that it had retained Lehman Brothers to evaluate and advise the Company's Board regarding strategic alternatives for the Company's business. These alternatives included, but were not limited to, the sale of the Company or the merger of the Company with another entity offering strategic opportunities.

Between 20 February 2008 and 25 February 2008, Lehman Brothers engaged in several communications with Company A's financial advisors regarding the Company's strategic alternative review process.

Also between 20 February 2008 and 27 February 2008, Lehman Brothers contacted 14 third parties, including both strategic and financial buyers, regarding their interest in evaluating a possible strategic transaction with the Company. Of the 14 third parties contacted by Lehman Brothers, which includes Progress, many expressed some degree of interest and in learning more about the possible strategic transaction with the Company and two entered into customary confidentiality agreements during that time period.

In addition, between 20 February 2008 and 30 April 2008, 10 additional third parties contacted Lehman Brothers or the Company regarding their interest in evaluating a possible strategic transaction with the Company. Of the 10 third parties that contacted Lehman Brothers or the Company, five entered into customary confidentiality agreements.

On 26 February 2008, Mr. Melia, Dr. Horn, Mr. Zotto and Mr. Mirabile had an in person meeting near John F. Kennedy International Airport with members of Company A's management. During this meeting, Mr. Melia and Mr. Mirabile informed Company A of the process the Company's Board was undertaking to review its strategic alternatives. The parties spent the time familiarizing each other with their respective businesses at a high level and Company A gave the Company's representatives a more in depth review of Company A's strategy, management and goals for a possible acquisition.

On 12 March 2008, Company A entered into a customary confidentiality agreement with the Company.

Table of Contents

Between 4 March 2008 and 12 March 2008, Lehman Brothers sent a first round bid process letter to each third party that had entered into a confidentiality agreement. The letter indicated that first round bids were due on 17 March 2008 and outlined the information that should be included in a bid.

Between 12 March 2008 and 14 March 2008, the Company's management met, on separate occasions, by telephone with representatives of six of the eight parties that had entered into confidentiality agreements, including Company A, each of whom had indicated they wished to meet with the Company's management prior to submitting preliminary expressions of interest.

On 17 March 2008, four of the eight parties that had entered into confidentiality agreements, including Company A, submitted preliminary expressions of interest to acquire the Company. Company A's preliminary expression of interest indicated a purchase price of \$4.00 per Share. Company B's preliminary expression of interest indicated a purchase price between \$4.25 and \$5.00 per Share. Company B also indicated that, as an alternative, it would be interested in considering a purchase of the business assets solely related to the Company's Orbix product line. Company C's preliminary expression of interest indicated a purchase price between \$3.75 and \$4.50 per Share. Company D's preliminary expression of interest indicated a purchase price between \$4.40 and \$4.60 per Share. Each of Company A, Company B, Company C and Company D reserved rights and conditioned their expressions of interest on further due diligence and a greater understanding of the Company and its business. During this period, two additional companies, Company E and Progress, who had each been contacted by Lehman Brothers in late February, continued to negotiate the terms of the customary confidentiality agreement that was required to join the strategic alternative review process.

On 20 March 2008, the Company's Board met, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, and evaluated the preliminary expressions of interest. Lehman Brothers reviewed each preliminary expression of interest with the Board from a financial point of view. Goodwin Procter and William Fry reviewed with the Board their fiduciary duties in connection with their consideration of the preliminary expressions of interest and a potential strategic transaction and the Board's decision on whether and if so, how, to move forward with the strategic alternative review process. The Board discussed that, in addition to Company B's offer to acquire the Company, Company B also indicated an interest in only purchasing the Company's Orbix product line. After discussing this possibility, the Board decided that the purchase of only the business assets of the Company's Orbix product line would not provide sufficient value to the IONA Shareholders and the strategic alternative review process should continue to focus on the sale of the entire company. Management, with input from Lehman Brothers, Goodwin Procter and William Fry, also updated the Board on discussions with Company E and Progress. Management indicated that the Company had been unable to reach agreement on the terms of confidentiality agreements with each of Company E and Progress. The Board discussed the open issues related to the confidentiality agreement for both Company E and Progress. At the end of this meeting, the Board decided (1) that all four parties that had submitted preliminary expressions of interest should continue through to the second round of the strategic alternative review process and (2) to continue negotiations with Company E and Progress to see if agreement could be reached on the open issues related to the confidentiality agreements.

On 21 March 2008, Company E sent a request for information to the Company pursuant to Rule 20.2 ("Equality and Information to Offerors") of the Takeover Rules. Between 21 March 2008 and 3 April 2008, Lehman Brothers, Goodwin Procter and William Fry engaged in several communications with Company E and its financial and legal advisors regarding the open issues related to the confidentiality agreement. On 3 April 2008, Company E entered into the confidentiality agreement with the Company required for involvement in the strategic alternative review process.

On 24 March 2008, Progress submitted a preliminary expression of interest to acquire the Company in a transaction valued between \$150 million and \$200 million.

On 1 April 2008, Progress sent a request for information to the Company pursuant to Rule 20.2 (“Equality and Information to Offerors”) of the Takeover Rules. Between 1 April 2008 and 17 April 2008, Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry engaged in several communications with Progress and its financial and legal advisors regarding the open issues related to the confidentiality agreement. On 17 April 2008, Progress entered into a confidentiality agreement with the Company and the Board decided that Progress should be invited into the second round of the strategic alternative review process.

On 7 April 2008, the Company’s management met with representatives of Company E, who had indicated they wished to meet with the Company’s management prior to submitting an expression of interest.

Also on 7 April 2008, the Company’s management met with representatives of Company C to discuss the Company’s business and operations. In addition, between 7 April 2008 and 24 April 2008, Company C and its advisors conducted due diligence on the Company, which included the review of the information contained in the Company’s data room.

On 8 April 2008, the Company’s management met with representatives of Company D to discuss the Company’s business and operations. Also, between 7 April 2008 and 16 May 2008, Company D and its advisors conducted due diligence on the Company, which included the review of the information contained in the Company’s data room.

On 11 April 2008, the Company’s management met with representatives of Company B to discuss the Company’s business and operations. Also, between 11 April 2008 and 26 May 2008, Company B and its advisors conducted due diligence on the Company, including meetings with the Company’s management on a number of issues, including, but not limited to, the Company’s financial condition and an overview of the Company’s Artix product line and the related customer use case studies. Also during this period, Company B and its advisors reviewed the information contained in the Company’s data room.

On 14 April 2008, the Company received a preliminary expression of interest from Company E to acquire the Company at a purchase price of \$4.25 per Share. Management reviewed this expression of interest with the members of the Company’s Board and the Board concluded that Company E should be invited into the second round of the strategic alternative review process.

On 16 April 2008, the Company’s management met with representatives of Company A to discuss the Company’s business and operations. Also, between 18 April 2008 and 12 May 2008, Company A and its advisors conducted due diligence, including meetings with the Company’s management on a number of issues, including, but not limited to, the Company’s financial condition, technology matters, tax matters, accounting matters and intellectual property matters. Also during this period the Company, with the assistance of Lehman Brothers, responded to requests by Company A for additional information concerning the Company. In addition, Company A and its advisors reviewed the information contained in the Company’s data room.

On 22 April 2008, Lehman Brothers sent a second round bid process letter to Company A, Company B, Company C, Company D, Company E and Progress. The letter indicated that second round bids were due on 16 May 2008 and outlined the information that should be included in the bid. The letter also indicated that each party should submit with their bids their comments to the draft transaction documents, which would be provided to each company at a later date.

On 23 April 2008, the Company’s management met with representatives of Company E to discuss the Company’s business and operations. Also, between 23 April 2008 and 27 May 2008, Company E conducted due diligence, including meetings with the Company’s management on a number of issues, including, but not limited to, the Company’s financial results, tax matters, accounting matters, and matters related to the IONA Share Option Schemes. Also during this period the Company, with the assistance of Lehman

Brothers, responded to requests by Company E for additional information concerning the Company. In addition, Company E and its advisors reviewed the information contained in the Company's data room.

On 24 April 2008, Company C informed Lehman Brothers that Company C was not in a position to continue discussions with the Company regarding a potential strategic transaction at that time. Thereafter, discussions with Company C ceased.

On 28 April 2008, the Company's management met with representatives of Progress to discuss the Company's business and operations. Also, between 28 April 2008 and 24 June 2008, Progress and its advisors conducted due diligence, including meetings with the Company's management on a number of issues, including, but not limited to, the Company's financial condition, technology matters, tax matters, accounting matters, intellectual property matters, and an overview of the Company's Artix product line. Also during this period the Company, with the assistance of Lehman Brothers, responded to requests by Progress for additional information concerning the Company. In addition, Progress and its advisors reviewed the information contained in the Company's data room.

On 5 May 2008, the Company posted drafts of the implementation agreement, the expenses reimbursement agreement and the limited guaranty to the Company's data room.

On 13 May 2008, Goodwin Procter and William Fry had a conference call with the financial advisors and legal advisors for Company E to discuss the proposed structure of the transaction (i.e., a scheme of arrangement) and conceptual comments that Company E had to the draft implementation agreement that had been previously provided to the parties in connection with the submission of second round bids. During this call the parties discussed, among other things, the possibility of structuring the transaction as a tender offer, which the Company viewed as a substantially less favourable structure than a scheme of arrangement because a tender offer would require that at least 90 per cent. of the outstanding IONA Shares be tendered. As this is a substantially higher level of support than is required for a scheme of arrangement, this transaction structure results in less certainty to the Company and the Shareholders that the acquisition would ultimately close.

On 15 May 2008, Progress informed Lehman Brothers that, while it was still planning on submitting a second round bid, it would be unable to do so by the 16 May 2008 deadline included in the second round bid process letter. Lehman Brothers informed Progress that the Company's Board was meeting on 21 May 2008 to review second round bids.

On 16 May 2008, Company E submitted a letter in which it indicated that it was not in a position to submit a binding, unconditional bid at that time. Company E noted, however, that if the Company would agree to (1) give Company E additional time to complete its due diligence, (2) work with Company E to resolve various integration issues, and (3) proceed with a tender offer structure instead of a scheme of arrangement structure, Company E would be in a position to consider making an offer to acquire the Company at a purchase price of \$3.75 per Share, with the potential to increase this valuation by up to \$0.25 per Share.

Also on 16 May 2008, Company D informed Lehman Brothers that Company D was not in a position to continue discussions with the Company regarding a potential strategic transaction at that time. Thereafter, discussions with Company D ceased.

Also on 16 May 2008, Company B informed Lehman Brothers that, while it was still planning on submitting a second round bid, it would be unable to do so by the 16 May 2008 deadline included in the second round bid process letter but would submit one shortly. Lehman Brothers informed Company B that the Company's Board was meeting on 21 May 2008 to review second round bids.

On 17 May 2008, Dr. Horn received a telephone call from Company A's financial advisor informing him that Company A was not in a position to continue discussions with the Company regarding a potential strategic transaction for all or a part of the Company at that time. Thereafter, discussions with Company A ceased.

On 18 May 2008, Company B submitted a preliminary expression of interest to acquire the Company at a purchase price between \$4.25 and \$4.75 per Share. In connection with this proposal, Company B indicated that there were a number of outstanding due diligence items that it was still working through and that it would not proceed with discussions on the transaction documents until these issues were resolved to Company B's satisfaction. Company B further stated that it would request additional time to conduct further due diligence and a period of exclusivity in which to conduct such due diligence. Company B reiterated that, as an alternative, it would also be interested in considering a purchase of the business assets related solely to the Company's Orbix product.

On 20 May 2008, Progress submitted a preliminary expression of interest to acquire the Company in a transaction valued at \$162 million, gross, before deducting certain transaction expenses. In connection with its preliminary expression of interest, Progress also submitted comments to the draft implementation agreement and draft expenses reimbursement agreement.

On 21 May 2008, the Company's Board met, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, and reviewed and evaluated the preliminary expressions of interest. Lehman Brothers reviewed each preliminary expression of interest with the Board from a financial point of view. William Fry and Goodwin Procter reviewed for the Board the differences between a scheme of arrangement and a tender offer, which was the structure proposed by Company E in its expression of interest. The Board discussed each expression of interest and noted, among other things, the alternative structure proposed by Company E, the additional time that both Company B and Company E would need before either party would be in a position to submit a final expression of interest, the period of exclusivity sought by Company B and the lack of substantial movement by Company B and Company E towards more definitive proposals. The Board also discussed that, in addition to Company B's offer to acquire the Company, Company B had reiterated that it was also interested in only purchasing the business assets of the Company's Orbix product line. After discussing this possibility, the Board again decided that the purchase of only the Company's Orbix product line would not provide sufficient value to the IONA Shareholders and the strategic alternative review process should continue to focus on the sale of the entire company. During this meeting, the Board established a transaction committee consisting of three directors to review and evaluate the expressions of interest, the on-going discussions with each of Company B, Company E and Progress and the on-going strategic alternatives review process. The members of the transaction committee were Kevin Melia (Chairman), James Maikranz and Bruce Ryan. The Board also agreed that the transaction committee would meet by telephone twice a week starting on 27 May 2008 and, at the least, until the conclusion of the strategic alternative review process. At the end of this meeting, the Board authorized Lehman Brothers to ask Company B, Company E and Progress to submit its best and final offer to acquire the Company by 30 May 2008.

On 22 May 2008, Lehman Brothers informed Progress and Company E that it needed to submit its best and final offer to acquire the Company by 30 May 2008.

On 23 May 2008, Lehman Brothers informed Company B that it needed to submit its best and final offer to acquire the Company by 30 May 2008.

On 26 May 2008, Company B informed Lehman Brothers that it would not be in a position to submit a best and final offer to acquire the Company by 30 May 2008. Company B further indicated that it would be willing to continue to work through its open due diligence issues subject to the timetable and conditions previously outlined.

On 27 May 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers and Goodwin Procter in attendance at the request of the transaction committee, to discuss the status of discussions with Company B, Company E and Progress. At this meeting, Lehman Brothers updated the transaction committee on the status of discussions with Company B.

Later on 27 May 2008, Company E informed Lehman Brothers that it was not willing to change its position from that articulated in its 16 May 2008 letter. Discussions with Company E ceased at that point.

Also on 27 May 2008, Lehman Brothers, Goodwin Procter and William Fry had a conference call with Progress and its financial and legal advisors regarding conceptual comments to the draft implementation agreement and the draft expenses reimbursement agreement.

On 29 May 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the transaction committee, to discuss the status of discussions with Company B, Company E and Progress. At this meeting, Lehman Brothers updated the transaction committee on the status of discussions with Progress and informed the transaction committee of the details of further communications with Company E.

Also on 29 May 2008, members of the Company's management and Lehman Brothers had a due diligence call with Progress to discuss a number of outstanding due diligence items, including, but not limited to, customer relationship matters, employee matters and product license matters.

On 30 May 2008, Progress submitted a non-binding offer to acquire the Company at a purchase price of \$4.05 per Share by way of a scheme of arrangement. In connection with its proposal, Progress also submitted revised comments to the draft implementation agreement and the draft expenses reimbursement agreement and comments to the draft limited guaranty that Progress would provide to guaranty the obligations of SPK Acquisitions. In addition, Progress also indicated that it would require voting undertakings from the members of the Company's Board and from the executive officers to vote in favour of the transaction, as well as the completion of outstanding due diligence items, in particular customer calls and sales manager calls.

On 31 May 2008, the Company's Board met, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, to review and evaluate the third round bids. Lehman Brothers updated the Board on the status of discussions with Company B, informed the Board of communications with Company E and reviewed Progress' offer from a financial point of view. Following this discussion, the Board concluded that Company B no longer presented a credible alternative for the Company. Following this discussion, the Board concluded that Company B no longer presented a credible alternative for the Company because of the period of exclusivity it sought, its requirement that it conduct additional due diligence on the longer timetable it had proposed, and its refusal to submit a best and final offer on the timetable the Board had proposed. The Board weighed these factors against the Progress proposal (including the fact that Progress had submitted a best and final offer on the timetable proposed by the Board and had provided detailed comments to the transaction documentations), as well as the other strategic alternatives available to the Company. The Board concluded that, as a result of these reasons, there was too much risk that Company B would not ultimately be prepared to agree to a transaction with the Company. Goodwin Procter and William Fry then reviewed various high level issues related to the revised transaction documents that Progress had submitted as part of its expression of interest. After further discussion of Progress' offer and the status of Company B's interest, the Board authorized management, Lehman Brothers, Goodwin Procter and William Fry to proceed with negotiations of definitive documentation with Progress and the completion of the outstanding due diligence issues, including the requested customer calls and sales manager calls.

Between 1 June 2008 and 25 June 2008, the parties negotiated the terms of the transaction documents, including the Rule 2.5 Announcement, and exchanged drafts between the parties. Also during this period, the Company's management continued to respond to due diligence requests from Progress.

On 3 June 2008 and on 5 June 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the

transaction committee, to discuss the status of negotiations with Progress and the status of the open due diligence issues.

Between 9 June 2008 and 12 June 2008, the Company and Progress conducted various customer calls.

On 10 June 2008 and 12 June 2008, the Company and Progress conducted various sales manager calls.

On 10 June 2008 and on 12 June 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the transaction committee, to discuss the status of negotiations with Progress and the status of the open due diligence issues.

On 16 June 2008, members of the Company's management met in person with members of Progress' management to review the Company's business and operations.

On 17 June 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the transaction committee, to discuss the status of negotiations with Progress and the status of the open due diligence issues.

On 18 June 2008, the Company's Board met, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, and reviewed and discussed the status of negotiations with Progress and the status of the open due diligence issues. Goodwin Procter and William Fry reviewed for the Board the updated terms of the transaction documents, indicated the remaining unresolved issues, informed the Board as to the parties' respective positions with respect to those issues, and updated the Board and on the status of due diligence. The directors commented and raised a number of issues, which were addressed by Lehman Brothers, Goodwin Procter and William Fry. At the conclusion of the meeting, the Board directed management, Lehman Brothers, Goodwin Procter and William Fry to continue negotiations with Progress and the Board agreed to meet on 24 June 2008 to consider the proposed transaction with Progress, provided that all the remaining issues were resolved by that time.

On 19 June 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the transaction committee, to discuss the status of negotiations with Progress and the status of the open due diligence issues. In addition, the transaction committee reviewed the draft implementation agreement and draft expenses reimbursement agreement and authorized William Fry to submit the agreements to the Panel on behalf of the Board.

Also on 19 June 2008, William Fry and Arthur Cox, Progress' Irish legal advisor, submitted the draft implementation agreement and draft expenses reimbursement agreement to the Panel for review and approval. Between 19 June 2008 and 24 June 2008, William Fry and Arthur Cox engaged in several communications with the Panel regarding various issues related to the implementation agreement. On 24 June 2008, the Panel informed William Fry and Arthur Cox that it had approved the draft implementation agreement and draft expenses reimbursement agreement, which approval the Panel confirmed in writing on 25 June 2008.

On 24 June 2008, the transaction committee had a telephone meeting, with Mr. Zotto, Mr. Mirabile, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the transaction committee, to discuss the status of negotiations with Progress and the status of the open due diligence issues.

Also on 24 June 2008, the Board held a special meeting, with management, Lehman Brothers, Goodwin Procter and William Fry in attendance at the request of the Board, to consider approving the proposed transaction with Progress as well as the related transaction documents. At this meeting, management, together with Lehman Brothers, Goodwin Procter and William Fry, updated the Board on all of the material terms of the transaction and the resolution of all significant issues. Lehman Brothers made a presentation to the Board regarding the financial analysis of the proposed terms of the transaction. At the conclusion of Lehman Brothers' presentation, Lehman Brothers delivered an oral opinion to the Board that, as of 24 June 2008, and based on and subject to the factors, limitations and assumptions set forth in the opinion, as of the date of such opinion, the Consideration was fair, from a financial point of view, to the IONA Shareholders, which opinion was later confirmed in writing. The Board then continued to discuss at length the terms of the proposed transaction and a variety of considerations concerning the transaction that the Board deemed relevant. Based on these deliberations, by the unanimous vote of all directors, the Board determined that the terms of the Acquisition were fair and reasonable and that it was advisable to consummate the Acquisition by Progress as described in the Implementation Agreement, the Expenses Reimbursement Agreement, the Rule 2.5 Announcement and related documents.

Following this meeting, on the morning of 25 June 2008, the parties executed the Implementation Agreement, the Expenses Reimbursement Agreement and the Limited Guaranty, and issued both the Rule 2.5 Announcement and a joint press release announcing the Acquisition before the opening of the markets.

Reasons for the Acquisition

In reaching its determination, the Board of IONA consulted with management, Lehman Brothers and its outside legal counsel, drew on its knowledge of the business, operations, properties, assets, financial condition, operating results, historical market prices and prospects of IONA, and considered the following factors in favour of the Acquisition:

- the value of the Consideration to be received by IONA Shareholders under the terms of the Acquisition and the fact that IONA Shareholders will receive the Consideration in cash, which provides certainty of value to IONA Shareholders compared to a transaction in which they would receive stock or other non-cash consideration;
- the Consideration of \$4.05 per IONA Share represents a 47.3 per cent. premium over the Closing Price of an IONA ADR on 7 February 2008 (the last Business Day prior to the commencement of the Offer Period) and a 11.5 per cent. premium over the average Closing Price of an IONA ADR for the period beginning 8 February 2008 and ending on 24 June 2008 (the last Business Day prior to the Rule 2.5 Announcement);
- the presentation of Lehman Brothers (including the assumptions and methodologies underlying the analyses in connection therewith) and the opinion of Lehman Brothers to the Board of IONA dated 24 June 2008, that, as of such date and based on and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the Consideration to be offered to the IONA Shareholders in the Acquisition was fair to IONA Shareholders;
- the then current financial market conditions, and historical market prices, volatility and trading information with respect to IONA Shares, including the possibility that, if IONA remained as an independent publicly-owned company, in the event of a decline in the market price of IONA Shares or the stock market in general, the price that might be received by holders of IONA Shares in the open market or in a future transaction might be less than the Consideration;
- historical and current information concerning IONA's business, financial performance and condition, operations, technology, management and competitive position, and current industry,

[Table of Contents](#)

economic and market conditions, including IONA's prospects, if IONA were to remain an independent company;

- the thin trading market and the lack of liquidity of IONA Shares. In that regard, the small stock market float would make it difficult for any large shareholder to sell its IONA Shares in the public market without depressing the market price of IONA Shares;
- the financial projections prepared by IONA's management as part of the normal annual budgeting and planning process. The Board of IONA considered the fact that the financial projections relied on the ability of IONA to implement successfully its growth strategy and the risk that if IONA did not implement successfully its growth strategy then the results contemplated by the financial projections might not materialize;
- that, since the announcement on 20 February 2008 that IONA had retained Lehman Brothers to evaluate and advise the Board of IONA regarding strategic alternatives for IONA's business, there has been significant media and analyst coverage relating to whether an offer would be made for IONA. The Board of IONA considered the fact that Lehman Brothers conducted a broad and competitive solicitation process whereby a number of parties were given access to certain information in a data room and were invited to make an offer for IONA. Progress emerged from this process as the preferred bidder; and
- Progress' financial capability to consummate the Acquisition.

In the course of its deliberations, the Board of IONA also considered a variety of risks and other countervailing factors, including:

- the risks and costs to IONA if the Acquisition does not close, including:
 - i the diversion of management and employee attention, potential employee attrition and the effect on customers and business relationships; and
 - i the market price of IONA Shares, as the market price could be affected by many factors, including: (1) the reason or reasons for which the Acquisition was terminated and whether such termination resulted from factors adversely affecting IONA; (2) IONA's then current operating and financial results, which could be variable; (3) the possibility that, as a result of the termination of the Acquisition, the marketplace would consider IONA to be an unattractive acquisition candidate; and (4) the possible sale of IONA Shares by short-term investors (such as arbitrageurs) following an announcement of termination of the Acquisition;
- the fact that IONA will cease to be a publicly-owned corporation and current IONA Shareholders will no longer participate in any of its potential future growth;
- the fact that the Consideration would potentially be taxable to IONA Shareholders; and
- the customary restrictions on the conduct of IONA's business prior to the consummation of the Acquisition.

The foregoing discussion of the factors considered by the Board of IONA is not intended to be exhaustive, but does set forth the principal factors considered by the Board of IONA. The Board of IONA collectively reached the unanimous conclusion to recommend the Acquisition in light of the various factors described above and other factors that each member of the Board of IONA felt was appropriate. In view of the wide variety of factors considered by the Board of IONA in connection with its evaluation of the Acquisition and the complexity of these matters, the Board of IONA did not consider it practical and

did not attempt to quantify, rank or otherwise assign relative weights to the specific factors it considered in reaching its decision. Rather, the Board of IONA makes its recommendation based on the totality of information presented to and the investigation conducted by it. In considering the factors discussed above, individual directors may have given different weights to different factors.

As a result, the Board of IONA considers the terms of the Acquisition to be fair and reasonable and unanimously recommends that IONA Shareholders vote in favour of the Acquisition and the Scheme.

5. EFFECTS OF THE ACQUISITION

If the Scheme is implemented at the Effective Time, the Scheme Shares will be cancelled pursuant to Sections 72 and 74 of the Act or transferred to SPK Acquisitions, IONA will then issue New IONA Shares to SPK Acquisitions in place of the Cancellation Shares, and SPK Acquisitions will pay the Consideration to former Scheme Shareholders in consideration for the Acquisition. As a result of the Scheme, IONA will, indirectly, become a wholly owned subsidiary of Progress. IONA will cease to exist as a separate publicly-owned company. It is intended that, subject to and following the Scheme becoming effective, and subject to applicable requirements of Nasdaq and the Irish Stock Exchange, SPK Acquisitions will procure that IONA applies for cancellation of the quotation of IONA ADRs on Nasdaq and cancellation of the listing of the IONA Shares on the Official List and for cancellation of trading of the IONA Shares on the market of the Irish Stock Exchange. The last day of dealing in IONA ADRs on Nasdaq and in IONA Shares on the Irish Stock Exchange will be the last Business Day before the Effective Date. Price quotations for IONA ADRs and IONA Shares will no longer be available, and IONA will cease filing periodic reports under the Exchange Act.

The Board of SPK Acquisitions has confirmed that, where employees of the IONA Group have existing employment rights, including pension rights, under applicable laws, those rights will be fully safeguarded following the Scheme becoming effective. IONA and Progress are in the process of forming an integration team to assist in developing and implementing an integration framework to ensure a successful acquisition of IONA by Progress. This integration planning is expected to continue past the Effective Time. When completed, this integration planning will allow IONA and Progress to better determine the staffing needs for the combined business going forward. Upon the Scheme becoming effective, the directors of IONA intend to resign from the Board of IONA.

6. VOTING UNDERTAKINGS

Director Voting Undertakings

In aggregate, SPK Acquisitions has received from the members of the Board of IONA voting undertakings (subject to certain exceptions) to vote, or to procure that voting instructions are given to vote, in favour of the Acquisition and Scheme in respect of 3,605,193 IONA Shares, in aggregate, representing approximately 9.8 per cent. of the issued share capital of IONA. Under the voting undertakings, each member of the Board of IONA has generally agreed not to sell, transfer, encumber or otherwise dispose of any of his IONA Shares prior to the Acquisition.

Under the voting undertakings, each member of the Board of IONA has agreed, unless and until the Scheme becomes effective, is withdrawn or lapses, and subject to their fiduciary duties as directors of IONA and their obligations under the Takeover Rules, to:

- recommend all IONA Shareholders vote in favour of the Scheme and Acquisition;
- provide SPK Acquisitions with certain information regarding themselves and to use their respective reasonable endeavours to procure that IONA and its directors also provide such information to SPK Acquisitions;

Table of Contents

- refrain from taking any action or making any statement which is or may be prejudicial to the success of the Acquisition and the Scheme;
- procure (as far as each director is able using reasonable endeavours) that certain actions not be taken, including actions that may be prejudicial to the successful outcome of the Acquisition and the Scheme; and
- upon the Scheme becoming effective, voting, as a member of the Board of IONA, for certain matters related to the Scheme.

These voting undertakings will lapse in the event that:

- the Scheme lapses or is withdrawn;
- the resolutions are not passed at the Court Meeting and the EGM;
- the High Court declines or refuses to sanction the Scheme (unless IONA and SPK Acquisitions agree that the decision of the High Court shall be appealed and, if so appealed, a final non-appealable order, decree, judgment, or ruling has been issued);
- the Scheme does not become effective on or before 15 December 2008;
- a firm intention to make a higher competing offer is announced pursuant to Rule 2.5 of the Takeover Rules;
- the Board of IONA withdraws its recommendation to IONA Shareholders to vote in favour of the Scheme; or
- SPK Acquisitions announces that it will not proceed with the Acquisition.

The foregoing summary of these voting undertakings is qualified by reference to the complete text of the form of voting undertaking, which is attached to this document as *Annex D*.

Progress SC Voting Undertaking

In aggregate, IONA and SPK Acquisitions have each received from Progress SC voting undertakings (subject to certain exceptions) to vote in favour of the resolutions to be proposed at the EGM in respect of 362,000 IONA Shares, representing 0.99 per cent. of the issued share capital of IONA. Particulars of the Progress SC voting undertaking is set out in paragraph 6 of Part II (Letter from SPK Acquisitions) of this document. A copy of the voting undertaking by Progress SC is attached to this document as *Annex E*.

7. EXPENSES REIMBURSEMENT AGREEMENT

IONA has entered into an Expenses Reimbursement Agreement, dated 25 June 2008, with SPK Acquisitions, the terms of which have been approved by the Panel. Under the Expenses Reimbursement Agreement, IONA has agreed to pay specific quantifiable third party costs and expenses incurred by SPK Acquisitions in connection with the Acquisition under the circumstances outlined below. The liability of IONA to pay these amounts is limited to a maximum amount equal to 1 per cent. of the aggregate value of the number of IONA Shares which are the subject of the Acquisition multiplied by the Consideration. The circumstances in which such payment will be made include:

- (a) if the Board of IONA, or any one or more members thereof, withdraws or adversely modifies its/their recommendation of the Scheme or recommends (or indicates or announces an intention to recommend) a Competing Offer;

Table of Contents

- (b) IONA withdraws the Scheme or materially alters any term of the Scheme or takes or omits to take any action in breach of the Implementation Agreement the result of which is to prevent IONA Shareholders from voting at any meetings to approve the Scheme; or
- (c) if prior to the Scheme lapsing or being withdrawn, a Competing Offer is announced and any such Competing Offer becomes effective or unconditional within 12 months of that announcement.

The payment is not payable if:

- (a) the Scheme lapses or is withdrawn, and at the time the Scheme lapses or is withdrawn, no Competing Offer is announced; or
- (b) following the making of the Rule 2.5 Announcement, either (i) a document incorporating the terms of the Scheme is not posted within 28 days of the making of the Rule 2.5 Announcement solely as a result of the actions or omissions of SPK Acquisitions in breach of the Implementation Agreement or (ii) the Implementation Agreement is validly terminated by IONA other than pursuant to Section 10.1 of the Implementation Agreement.

The non-solicitation undertaking provides that, until the earlier of 15 December 2008 and the date on which the Scheme becomes effective (or lapses or is withdrawn), IONA has agreed that, subject to the fiduciary duties of the Board of IONA, no member of the IONA Group or any of their respective directors, officers, employees or advisers shall, among other things, directly or indirectly solicit, initiate, knowingly facilitate or encourage any discussions, enquiries, proposals, commitments or negotiations with any person in respect of or in connection with the acquisition of control (as defined in the Takeover Rules) of IONA. Except to the extent required by the Takeover Rules or the Panel, IONA has also agreed to inform SPK Acquisitions orally, with written confirmation to follow within 24 hours, of any Competing Offer or request for non-public information in connection with a Competing Offer, or any inquiry with respect to, or that would reasonably be expected to lead to, any Competing Offer, the material terms and conditions of any such Competing Offer or inquiry and the identity of the person making any such Competing Offer or inquiry. IONA has also agreed to:

- keep SPK Acquisitions fully informed, on a current basis, of the status and material terms and conditions (including any material changes to such terms) of any such Competing Offer or inquiry;
- provide to SPK Acquisitions as soon as practicable after receipt or delivery thereof copies of any proposals received by IONA with respect to such Competing Offer and any draft or final version of any acquisition agreement relating to such Competing Offer; and
- consider in good faith the terms of any counterproposal SPK Acquisitions may make.

Notwithstanding any other terms of the Expenses Reimbursement Agreement, the Board of IONA is not precluded, restricted or hindered from considering and engaging with any unsolicited takeover offers or unsolicited proposals to the extent required by the Takeover Rules or by any decision or direction of the Panel.

Lehman Brothers, the independent financial advisor to the Board of IONA, has confirmed in writing to the Panel that, in the opinion of the Board of IONA and Lehman Brothers, in the context of the Acquisition, the Expenses Reimbursement Agreement is in the best interests of IONA and IONA Shareholders.

The foregoing summary of the Expenses Reimbursement Agreement is qualified by reference to the complete text of the Expenses Reimbursement Agreement, which is attached to this document as *Annex B*.

Either SPK Acquisitions or IONA may terminate the Implementation Agreement at or prior to the Effective Time if any of the following occurs:

- the Conditions are not satisfied or waived by 11.59 p.m. (United States Eastern Time) on 15 December 2008;
- the High Court declines or refuses to sanction the Scheme, unless both IONA and SPK Acquisitions agree that the decision of the High Court shall be appealed and, if so appealed, a final non-appealable order, decree, judgment, or ruling has been issued;
- the directors of IONA withdraw or adversely modify the Scheme Recommendation; or
- the resolutions are not passed at the EGM and the Court Meeting.

8.5 Employee Matters

Employee Benefit Plans

SPK Acquisitions and Progress have the right, in their sole discretion, to maintain any, all or none of IONA's employee benefit plans. IONA's employees will receive full credit for service with IONA for purposes of eligibility, vesting and other appropriate benefits, including applicability of minimum waiting periods for participation, but excluding benefit accrual under SPK Acquisitions' or Progress' defined benefit pension plan, with respect to any employee benefit plans or arrangements maintained by SPK Acquisitions or Progress. SPK Acquisitions and Progress have also agreed to waive all pre-existing conditions, limitations or eligibility waiting periods or required physical examinations under any health or similar plan of SPK Acquisitions or Progress for IONA's employees, to the extent that IONA's employees had satisfied any similar limitations or requirements under the corresponding plan in which IONA's employees participated immediately prior to the Effective Date of the Scheme. In addition, SPK Acquisitions and Progress will use reasonable endeavours to cause any deductibles paid by IONA's employees under IONA's health plans in the plan year in which the Effective Date of the Scheme to be credited towards the deductibles under the health plans of SPK Acquisitions or Progress.

Severance Obligations

SPK Acquisitions and Progress have agreed to honor, in accordance with their terms, all of the employment, severance, change in control and similar obligations of IONA and IONA's

subsidiaries. All unvested IONA Options will become fully vested and exercisable in connection with the Scheme, in accordance with the provisions of the IONA Share Option Schemes and, with respect to IONA Options held by the IONA Non-Executive Directors and the executive officers of IONA, the provisions of the IONA Non-Executive Directors Change in Control Plan and the change in control agreements with the executive officers of IONA, respectively, which plan and agreements are described further in paragraph 9 of Part III (Explanatory Statement) of this document.

8.6 Indemnification and Insurance

SPK Acquisitions and Progress have agreed that all rights to indemnification and all limitations of liability existing in favour of each of the former and present directors and officers of IONA and its subsidiaries as provided in IONA's organisational documents or those of its subsidiaries, with respect to matters occurring on or prior to the Effective Time, will continue through the sixth anniversary of the Effective Time. In addition, prior to the Effective Time, IONA shall indemnify, and after the Effective Time, SPK Acquisitions and Progress shall indemnify, all of IONA's former and present directors and officers against all costs and expenses (including reasonable attorneys' fees) paid in connection with any claim, action, suit, proceeding or investigation resulting from any action or omission in their capacity as a director or officer, in each case occurring before the Effective Time. Expenses for the SPK Acquisitions or Progress, as the case may be, defense of any action for which indemnification may be available will be advanced by IONA under certain circumstances.

Before the Effective Time, IONA has agreed to purchase a "tail" directors' and officers' liability insurance policy, which shall provide the directors and officers of IONA coverage for six years following the Effective Time. The "tail" liability insurance policy must provide IONA's directors and officers with coverage not less than the coverage presently maintained under, and with other terms not materially less favourable to IONA's directors and officers than, IONA's current directors' and officers' liability insurance policy. However, the aggregate cost for this insurance cannot exceed 200 per cent. of the annual premium paid by IONA in its most recent fiscal year. In the event that this maximum amount is insufficient to pay for such coverage, then IONA will purchase the greatest liability insurance coverage available for a cost not exceeding this maximum.

All rights to indemnification and insurance with respect to any claim asserted or made within the six years following the Effective Time will continue until the final disposition of the claim, and these indemnification and insurance rights will continue despite a liquidation, consolidation or Scheme of IONA, SPK Acquisitions or Progress.

8.7 Other Covenants

The Implementation Agreement also contains covenants relating to the preparation and distribution of this document and all requisite regulatory filings.

8.8 Extension and Waiver

Subject to the requirements of the Takeover Rules, at any time prior to the Effective Time, IONA or SPK Acquisitions may, to the extent legally allowed, (a) extend the time for the performance of any of the obligations or other acts of the other party under the Implementation Agreement, (b) waive any inaccuracies in the representations and warranties contained in the Implementation Agreement or in any document delivered pursuant thereto, and (c) if both IONA and SPK Acquisitions agree, waive compliance with any of the agreements or conditions contained in the Implementation Agreement. Any agreement on the part of either IONA or SPK Acquisitions to

any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such party, but such extension or waiver or failure to insist on strict compliance with an obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure. While IONA does not have any current intention to waive any of the conditions to the Scheme becoming effective, it may determine that such a waiver is in the best interests of IONA Shareholders because the benefits of the Scheme becoming effective outweigh the detriments, if any, of waiving such condition.

9. LIMITED GUARANTY

Progress has delivered a Limited Guaranty to IONA, pursuant to which Progress has guaranteed to IONA the due and punctual payment and performance of all the obligations of SPK Acquisitions (and its successors and assigns) pursuant to the conditions of the Scheme and the terms of the Implementation Agreement, provided that the maximum amount payable by Progress to IONA will not exceed \$161.7 million. The liability of Progress to pay the Consideration arises only in circumstances where SPK Acquisitions has failed to pay the Consideration within the time period stipulated by the Takeover Rules, being within 14 days from the Effective Time.

Progress has acknowledged that any changes in the obligations between IONA and SPK Acquisitions does not release or discharge Progress from its guarantees under the Limited Guaranty. Furthermore, Progress has agreed not to exercise any rights of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of IONA against SPK Acquisitions or any other entity or person with respect to any of the obligations that Progress has agreed to guaranty.

The obligations of SPK Acquisitions that are guaranteed by Progress pursuant to the Limited Guaranty include, but are not limited to, (i) the obligations of SPK Acquisitions (and its successors and assigns) under Section 6.5 of the Implementation Agreement, including but not limited to the obligation to pay the Consideration to IONA Shareholders subject to, and in accordance with, the terms and conditions of the Scheme; (ii) the obligations of SPK Acquisitions (and its successors and assigns) under Section 2.1 of the Implementation Agreement, (iii) the timely performance when required of all other obligations of SPK Acquisitions (and its successors and assigns) that arise under the Implementation Agreement (including, without limitation the obligations of SPK Acquisitions (and its successors and assigns) under Section 7.4 and Section 7.7 of the Implementation Agreement); and (iv) the obligation to honor any liability of SPK Acquisitions for breach of the Implementation Agreement.

The Limited Guaranty will remain in full force and effect and is binding on Progress, its successors and assigns and will automatically terminate on the earlier of (i) any final release or discharge of Progress' obligations under the Limited Guaranty in accordance with the terms of the Implementation Agreement and (ii) the termination of the Implementation Agreement in accordance with its terms.

The foregoing summary of the Limited Guaranty is qualified by reference to the complete text of the Limited Guaranty, which is attached to this document as *Annex C*.

10. IONA SHARE OPTION SCHEMES

SPK Acquisitions will make appropriate proposals to IONA Optionholders to implement the requirements of the Implementation Agreement. The Implementation Agreement provides that (i) IONA Optionholders will be given an opportunity to elect to exercise their IONA Options immediately upon the making of the Court Order, on the condition that the IONA Shares issued upon such exercise are then transferred to SPK Acquisitions under the Scheme, (ii) IONA Optionholders (other than IONA Non-Executive Directors and executive officers of IONA for United States federal securities law purposes) who so elect may exercise their IONA Options with a cashless exercise facility under which they may direct that the exercise price of their IONA Options be paid to IONA out of the proceeds of the sale to SPK Acquisitions under the

[Table of Contents](#)

Scheme of the IONA Shares issued to them upon exercise of their IONA Options, and (iii) all IONA Options that remain outstanding on the Effective Date shall be cancelled with effect from midnight (Irish Standard Time) on the Effective Date in consideration for a cash payment per IONA Share subject to such IONA Option to the IONA Optionholder equal to the excess, if any, of the Consideration per IONA Share over the exercise price applicable to such IONA Option (net of applicable withholding taxes).

14. RECOMMENDATION

The Board of IONA, which has been advised by Lehman Brothers, considers the terms of the Acquisition to be fair and reasonable. In forming its view, the Board of IONA considered the written opinion of Lehman Brothers, dated as of 24 June 2008 that, as of such date and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the Consideration to be offered to the IONA Shareholders in the Acquisition was fair to such IONA Shareholders. In providing its advice, Lehman Brothers has taken into account the commercial assessments of the Board of IONA. Accordingly, the Board of IONA unanimously recommends to IONA Shareholders to vote in favour of the Acquisition and the Scheme. The members of the Board of IONA have irrevocably undertaken (subject to certain exceptions) to vote in favour of the Acquisition and the Scheme in respect of their own beneficial holdings, amounting to, in aggregate 3,605,193 IONA Shares, which represent approximately 9.8 per cent. of the issued share capital of IONA.

To IONA Shareholders, IONA ADR holders and, for information only, to IONA Optionholders

RECOMMENDED ACQUISITION OF IONA TECHNOLOGIES PLC

Dear IONA Shareholder and IONA ADR holder,

1. INTRODUCTION

On 25 June 2008 the Board of IONA and the Board of SPK Acquisitions announced that they had reached agreement on the terms of a recommended acquisition for cash of the entire issued and to be issued share capital of IONA by SPK Acquisitions by means of a scheme of arrangement under Section 201 of the Companies Act 1963, the terms of which are set out in Part IV (The Scheme of Arrangement) of this document and an explanation of which is given by Lehman Brothers in Part III (Explanatory Statement) of this document.

Your attention is drawn to the letter of recommendation from the Board of IONA in Part I (Letter of Recommendation from the Board of IONA) of this document, which sets out the reasons why the Board of IONA, having been advised by Lehman Brothers, is unanimously recommending that all IONA Shareholders vote in favour of the Acquisition and Scheme and all resolutions to be considered at the Meetings, as the members of the Board of IONA have irrevocably agreed to do in respect of their own beneficial holdings of IONA Shares amounting to, in aggregate, 3,605,193 IONA Shares, which represents approximately 9.8 per cent. of the issued share capital of IONA. In forming its view, the Board of IONA considered the written opinion of Lehman Brothers, dated as of 24 June 2008, that, as of such date and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the Consideration to be offered to the IONA Shareholders was fair to such IONA Shareholders.

SPK Acquisitions is a wholly owned subsidiary of Progress. Progress is a Massachusetts corporation that is publicly traded on Nasdaq under the symbol "PRGS." As of the Latest Practicable Date, Progress SC, a wholly owned subsidiary of Progress, owns 362,000 IONA Shares in total, representing approximately 0.99 per cent. of the issued share capital of IONA and SPK Acquisitions has an economic interest, through contracts for difference, in 1,442,873 IONA Shares in total, representing approximately 3.95 per cent. of the issued share capital of IONA. The contracts for difference do not give SPK Acquisitions direct or indirect voting, investment or dispositive control over any IONA Shares. As Progress SC is not a Scheme Shareholder, Progress SC has irrevocably committed to SPK Acquisitions and IONA, in respect of the IONA Shares which it owns, not to vote such IONA Shares at the Court Meeting, but Progress SC will vote such IONA Shares in favour of the resolutions to be considered at the Extraordinary General Meeting.

I am writing to you in order to explain the background to and reasons for the Acquisition from Progress' and SPK Acquisitions' perspective and also to provide you with other relevant information in relation to the Acquisition.

2. THE CONSIDERATION

Under the terms of the Acquisition, IONA Scheme Shareholders will be entitled to receive:

\$4.05 per IONA Share in cash

After the Scheme becomes effective, IONA ADR holders will receive the Consideration to which they are entitled directly from the Depositary. If you wish to receive the Consideration in respect of your IONA ADRs, you are urged to sign and return the enclosed ADR Voting Instruction Card as soon as possible. If you wish to receive the Consideration in respect of your IONA Shares, you are urged to sign and return the enclosed Forms of Proxy as soon as possible. You should note that if there is insufficient Scheme Shareholder support for the Scheme at the Court Meeting, the Scheme will not become effective, the Acquisition will not proceed and the Consideration of \$4.05 per IONA Share will not become payable.

The Acquisition values the entire issued and to be issued share capital of IONA at approximately \$161.7 million. As SPK Acquisitions will only pay the Consideration for IONA Shares that are not owned by subsidiaries or nominees of Progress, the maximum cash payment that will be made by SPK Acquisitions in the Acquisition will be \$160.2 million.

The Consideration represents a premium of approximately:

- 47.3 per cent. over \$2.75, being the Closing Price of an IONA ADR on 7 February 2008, the last Business Day prior to the commencement of the Offer Period; and
- 26.5 per cent. over \$3.20, being the average daily Closing Price of an IONA ADR over the three months up to the commencement of the Offer Period.

3. FINANCING OF THE ACQUISITION

Full payment of the Consideration would involve a maximum cash payment of approximately \$160.2 million. Goodbody Corporate Finance, financial adviser to SPK Acquisitions and Progress, is satisfied that the necessary financial resources are available to SPK Acquisitions to satisfy in full the Consideration payable to IONA Shareholders under the terms of the Acquisition.

4. BACKGROUND TO AND REASONS FOR THE ACQUISITION

Progress believes that the Acquisition of IONA will help Progress achieve its vision to be the industry choice for independent, heterogeneous integration software in a SOA environment. In particular, Progress expects the Acquisition of IONA to help achieve that vision in the following ways:

- IONA's products complement Progress' SOA portfolio with leading edge, best-in-class technology and enable a wider variety of interoperability and deployment options;
- IONA's products extend the reach of Progress' SOA portfolio to users of high-performance, mission-critical systems based on C++ and CORBA;

Table of Contents

- IONA has a leadership role in standards bodies and open source initiatives, both critical to maintaining truly independent market leadership. Progress intends to leverage open source software development and distribution model for market expansion;
- IONA and Progress will have strong bases in multiple industry segments with expanded vertical industry solutions;
- the impressive and longstanding IONA customer base can benefit from using Progress SOA portfolio products as they migrate toward SOA. Progress is committed to supporting IONA's customers and all IONA product lines will be supported and evolved based on customer needs;
- the Acquisition of IONA offers increased global distribution and sales capacity; and
- IONA has an experienced and talented team that has built a reputation with Global 2000 enterprises for addressing the most complex integration challenges through innovative and cost-effective solutions.

On a US GAAP basis, Progress expects the Acquisition to be accretive in fiscal year 2009, but not in fiscal year 2008. On a non-US GAAP basis, excluding amortization of intangibles, stock-based compensation, and expenses associated with the transaction, the Acquisition is expected to be accretive in fiscal year 2009, but not in fiscal year 2008.

5. PROGRESS' INTENTIONS

IONA has three product lines: The Artix product line for SOA infrastructure, the open-source FUSE SOA products and Orbix middleware for integration based on the CORBA standard. Following the Effective Time, IONA will be fully integrated into Progress, and will adopt the Progress company name. Following the Acquisition, Progress intends that all of IONA's product lines will be supported and advanced. Progress expects that this will include incorporating Artix as an integral part of Progress' SOA portfolio and building on the FUSE open source product line. Progress also expects to maintain IONA's CORBA products family based on customer needs, substantially as IONA has done for the past 15 years. It is expected that most IONA product names will be retained, although this will be reviewed subsequent to the Acquisition.

6. VOTING UNDERTAKINGS

Progress SC Voting Undertaking

In aggregate, IONA and SPK Acquisitions have each received from Progress SC voting undertakings (subject to certain exceptions) to vote in favour of the resolutions to be proposed at the EGM in respect of 362,000 IONA Shares, representing 0.99 per cent. of the issued share capital of IONA. As Progress SC is not a Scheme Shareholder, Progress SC has also agreed not to vote these IONA Shares at the Court Meeting. Under the Progress SC voting undertaking, Progress SC has generally agreed not to sell, transfer, encumber or otherwise dispose of any of its IONA Shares prior to the Acquisition.

The Progress SC voting undertaking will lapse in the event that:

- the Scheme lapses or is withdrawn;
- the resolutions are not passed at the Court Meeting and the EGM;
- the High Court declines or refuses to sanction the Scheme (unless IONA and SPK Acquisitions agree that the decision of the High Court shall be appealed and, if so appealed, a final non-appealable order, decree, judgment, or ruling has been issued);

Table of Contents

- the Scheme does not become effective on or before 15 December 2008;
- a firm intention to make a higher Competing Offer is announced pursuant to Rule 2.5 of the Takeover Rules;
- the Board of IONA withdraws its recommendation to IONA Shareholders to vote in favour of the Scheme; or
- SPK Acquisitions announces that it will not proceed with the Acquisition.

The foregoing summary of these voting undertakings is qualified by reference to the complete text of the Progress SC voting undertaking, which is attached to this document as *Annex E*.

Director Voting Undertakings

In aggregate, SPK Acquisitions has received from the members of the Board of IONA voting undertakings (subject to certain exceptions) to vote, or to procure that voting instructions are given to vote, in favour of the Acquisition and Scheme in respect of 3,605,193 IONA Shares, in aggregate, representing approximately 9.8 per cent. of the issued share capital of IONA. Particulars of the Directors voting undertakings are set out in paragraph 6 of Part I (Letter of Recommendation from the Board of IONA) of this document. A copy of the form of voting undertakings is attached to this document as *Annex D*.

7. INFORMATION ON SPK ACQUISITIONS AND PROGRESS

Information about SPK Acquisitions and Progress is set out in Part VI (Information on SPK Acquisitions and Progress) of this document.

8. BOARD, MANAGEMENT AND EMPLOYEES

Generally

The Board of SPK Acquisitions has confirmed that, where employees of the IONA Group have existing employment rights, including pension rights, under applicable laws, those rights will be fully safeguarded following the Scheme becoming effective. IONA and Progress are in the process of forming an integration team to assist in developing and implementing an integration framework to ensure a successful acquisition of IONA by Progress. This integration planning is expected to continue past the Effective Time. When completed, this integration planning will allow IONA and Progress to better determine the staffing needs for the combined business going forward. Upon the Scheme becoming effective, the IONA Directors intend to resign from the Board of IONA.

Employee Matters

Pursuant to the Implementation Agreement, SPK Acquisitions and Progress have the right, in their sole discretion, to maintain IONA's employee benefit plans. IONA's employees will receive full credit for service with IONA for purposes of eligibility, vesting and other appropriate benefits, including applicability of minimum waiting periods for participation, but excluding benefit accrual under SPK Acquisitions' or Progress' defined benefit pension plan, with respect to any employee benefit plans or arrangements maintained by SPK Acquisitions or Progress. SPK Acquisitions and Progress have also agreed to waive all pre-existing conditions, limitations or eligibility waiting periods or required physical examinations under any health or similar plan of SPK Acquisitions or Progress for IONA's employees, to the extent that IONA's employees had satisfied any similar limitations or requirements under the corresponding plan in which IONA's employees participated immediately prior to the Effective Date of the Scheme. In addition, SPK Acquisitions and Progress will use reasonable

[Table of Contents](#)

endeavours to cause any deductibles paid by IONA's employees under IONA's health plans in the plan year in which the Effective Date of the Scheme occurs to be credited towards the deductibles under the health plans of SPK Acquisitions or Progress.

Indemnification and Insurance

Pursuant to the Implementation Agreement, SPK Acquisitions and Progress have agreed to certain indemnification rights in favour of each of the former and present directors and officers of IONA, as described in Paragraph 8.6 of Part I (Letter of Recommendation from the Board of IONA) of this document.

9. IONA SHARE OPTION SCHEMES

SPK Acquisitions will make appropriate proposals to IONA Optionholders to implement the requirements of the Implementation Agreement. The Implementation Agreement provides that (i) IONA Optionholders will be given an opportunity to elect to exercise their IONA Options immediately upon the making of the Court Order, on the condition that the IONA Shares issued upon such exercise are then transferred to SPK Acquisitions under the Scheme, (ii) IONA Optionholders (other than IONA Non-Executive Directors and executive officers of IONA for United States federal securities law purposes) who so elect may exercise their IONA Options with a cashless exercise facility under which they may direct that the exercise price of their IONA Options be paid to IONA out of the proceeds of the sale to SPK Acquisitions under the Scheme of the IONA Shares issued to them upon exercise of their IONA Options, and (iii) all IONA Options that remain outstanding on the Effective Date shall be cancelled with effect from midnight (Irish Standard Time) on the Effective Date in consideration for a cash payment per IONA Share subject to such IONA Option to the IONA Optionholder equal to the excess, if any, of the Consideration per IONA Share over the exercise price applicable to such IONA Option (net of applicable withholding taxes).

10. DELISTING AND ADMISSION TO TRADING

It is intended that, subject to and following the Scheme becoming effective, and subject to applicable requirements of Nasdaq and the Irish Stock Exchange, SPK Acquisitions will procure that IONA applies for cancellation of the quotation of IONA ADRs on Nasdaq and cancellation of the listing of the IONA Shares on the Official List and for cancellation of trading of the IONA Shares on the market of the Irish Stock Exchange. The last day of dealing in IONA ADRs on Nasdaq and in IONA Shares on the Irish Stock Exchange will be the last Business Day before the Effective Date. After the Effective Date, price quotations for IONA ADRs and IONA Shares will no longer be available and IONA will cease filing periodic reports under the Exchange Act.

11. ACTION TO BE TAKEN

Your attention is drawn to the summary of the action to be taken on page 26 of this document.

Yours faithfully,

SPK Acquisitions

RECOMMENDED ACQUISITION OF IONA TECHNOLOGIES PLC

Dear IONA Shareholder and IONA ADR holder,

1. INTRODUCTION

On 25 June 2008, the Board of IONA and the Board of SPK Acquisitions announced that they had reached agreement on the terms of a recommended acquisition by SPK Acquisitions of IONA by way of a Scheme of Arrangement under Section 201 of the Act.

Your attention is drawn to the letter of recommendation from the Board of IONA in Part I (Letter of Recommendation from the Board of IONA) of this document, which sets forth the reasons why the directors of IONA, who have been advised by Lehman Brothers, consider the terms of the Acquisition to be fair and reasonable to IONA Shareholders taken as a whole and why the Board of IONA unanimously recommends that all IONA Shareholders vote in favour of the Acquisition and the Scheme at both the Court Meeting and the EGM, as the directors of IONA intend to do in respect of their own beneficial holdings of, 3,605,193 IONA Shares, in aggregate, which represent, in aggregate, approximately 9.8 per cent. of the existing issued share capital of IONA. In providing its advice to the directors of IONA, Lehman Brothers has taken into account the commercial assessments of the directors of IONA.

2. THE ACQUISITION

The Acquisition is to be effected by way of a Scheme of Arrangement between IONA and the Scheme Shareholders under Section 201 of the Act. The Scheme is set out in full in Part IV (The Scheme of Arrangement) of this document. Under the terms of the Scheme, SPK Acquisitions will pay the Consideration to Scheme Shareholders in consideration for all of their IONA Shares.

If the Scheme is implemented on the Effective Time, the Scheme Shares will be cancelled pursuant to Sections 72 and 74 of the Act or transferred to SPK Acquisitions, IONA will then issue New IONA Shares to SPK Acquisitions in place of the Cancellation Shares, and SPK Acquisitions will pay the Consideration to former Scheme Shareholders in consideration for the Acquisition. After the Scheme becomes effective, IONA ADR holders will receive that proportion of the Consideration to which they are entitled directly from the Depositary. As a result of the Scheme, IONA will, indirectly, become a wholly owned subsidiary of Progress.

[Table of Contents](#)

The Scheme will require approval by Scheme Shareholders at the Court Meeting, approval by IONA Shareholders at the EGM and the sanction of the High Court at the Court Hearing. The Court Meeting and the EGM and the nature of the approvals required to be given at the Meetings are described in more detail in paragraph 4 below. All IONA Shareholders (but not IONA ADR holders) are entitled to be represented by counsel or a solicitor (at their own expense) at the Court Hearing to support or oppose the sanctioning of the Scheme.

The Acquisition is subject to a number of conditions (summarised in paragraph 3 below and set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document). The Acquisition can only become effective if the conditions to the Acquisition have been satisfied or waived on or before the Effective Date in accordance with their respective terms. The Scheme will become effective upon the delivery to the Registrar of Companies of an office copy of the Court Order together with the minute required by Section 75 of the Act and registration of such Court Order by the Registrar of Companies, which, subject to the sanction of the Scheme by the High Court, is expected to occur during September 2008.

3. THE CONDITIONS

The Acquisition is conditional, amongst other things, on the Scheme becoming effective. The conditions to the Acquisition and the Scheme are set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document. The implementation of the Scheme is conditional upon, amongst other things:

- the expiration of the waiting period under the HSR Act;
- the approval by a majority (more than 50 per cent.) in number of the Scheme Shareholders representing three-fourths (75 per cent.) or more in value of the Scheme Shares held by such holders present and voting either in person or by proxy, at the Court Meeting (or at any adjournment of such meeting);
- such resolution(s) as are required to approve or implement the Scheme and set forth in the notice convening the EGM being duly passed by the requisite majority at the EGM (or at any adjournment of such meeting);
- the sanction of the Scheme and confirmation of the reduction of capital involved therein by the High Court and the delivery of an office copy of the Court Order and the minute required by Section 75 of the Act to the Registrar of Companies and the registration of such Court Order and minute by the Registrar of Companies; and
- the conditions which are not otherwise identified above and which are set out in full in Part V (Conditions to and Further Terms of the Acquisition and the Scheme) of this document being satisfied or waived on or before the sanction of the Scheme by the High Court pursuant to Section 201 of the Act.

Unless the Scheme becomes effective by no later than 15 December 2008 or such later date, if any, as IONA and SPK Acquisitions may, with (if required) the consent of the Panel, agree and (if required) the High Court may allow, the Scheme will not become effective, and the Acquisition will not proceed and the cash Consideration of \$4.05 per IONA Share will not become payable.

4. CONSENTS AND MEETINGS

The Scheme is subject to the approval by Scheme Shareholders at the Court Meeting as more fully described in paragraph 4.1 of this Part III (Explanatory Statement) and its implementation will also require various approvals of IONA Shareholders at the separate EGM, as more fully described in

Table of Contents

paragraph 4.2 of this Part III (Explanatory Statement), both of which will be held at _____ on _____ 2008. The Court Meeting will start at _____ p.m. (Irish Standard Time) and the EGM will start at _____ p.m. (Irish Standard Time) (or, if later, as soon thereafter as the Court Meeting is concluded or adjourned) on that date. The Court Meeting is being held at the direction of the High Court to seek the approval of the Scheme by Scheme Shareholders. The EGM is being convened to enable the directors of IONA to implement the Scheme and to amend the IONA Articles, as described below.

Notices of both the Court Meeting and the EGM are set out in Part X (Notice of Court Meeting in the High Court) and Part XI (Notice of Extraordinary General Meeting of IONA Technologies PLC), respectively, of this document. Entitlement to attend and vote at each Meeting and the number of votes which may be cast at each Meeting will be determined by reference to the register of members of IONA at the Voting Record Time.

As of the Latest Practicable Date, 36,558,153 IONA Shares were issued and outstanding and there were 583 registered Members whose names were registered in the Register of Members of the Company.

4.1 Court Meeting

The Court Meeting has been convened for _____ p.m. (Irish Standard Time) on _____ 2008 to enable Scheme Shareholders to consider and, if thought fit, approve the Scheme. At the Court Meeting, voting will be by poll and not a show of hands and each holder of Scheme Shares who is present in person or by proxy will be entitled to one vote for each Scheme Share held for the purposes of sub-paragraph (b) below. In order to conduct business at the Court Meeting a quorum must be present. IONA's Articles of Association provide that the presence, either in person or by proxy, of three persons entitled to vote at such meeting, each being a holder of IONA Shares, a proxy for a holder of IONA Shares or a duly authorised representative of a corporate holder of IONA Shares, constitutes a quorum for the transaction of business at the Court Meeting. The approval required at the Court Meeting is that those voting to approve the Scheme must:

- (a) represent a simple majority (more than 50 per cent.) in number of those Scheme Shareholders present and voting in person or by proxy; and
- (b) also represent three-fourths (75 per cent.) in value of the Scheme Shares held by those Scheme Shareholders present and voting in person or by proxy.

It is important that as many votes as possible are cast at the Court Meeting so that the resolution approving the Scheme can be passed and that the High Court may be satisfied that there is a fair representation of Scheme Shareholder opinion when it is considering whether to sanction the Scheme. If you are the registered holder of any IONA ADRs, you are strongly urged to complete and return your ADR Voting Instruction Card as soon as possible. If you are the registered holder of any Scheme Shares, you are strongly urged to complete and return your PINK Form of Proxy for the Court Meeting as soon as possible.

4.2 Extraordinary General Meeting

In addition, the EGM has been convened for _____ p.m. (Irish Standard Time) on _____ 2008 (or, if later, as soon thereafter as the Court Meeting is concluded or adjourned). A quorum must be present in order to conduct any business at the EGM. IONA's Articles of Association provide that the presence at the EGM, either in person or by proxy, of three persons entitled to vote at such meeting, each being a holder of IONA Shares, a proxy for a holder of IONA Shares, or a duly authorised representative of a corporate holder of IONA Shares, constitutes a quorum for the transaction of business. At the EGM, the IONA Shareholders will consider and, if thought fit, pass the following resolutions (which in the case of special resolutions requires a vote in favour of not

less than three-fourths (75 per cent.) of the votes cast and in the case of ordinary resolutions requires a majority (more than 50 per cent.) of the votes cast):

Resolution 1—Ordinary Resolution

To approve the Scheme and to authorise the directors of IONA to take such action as they consider necessary or appropriate to carry the Scheme into effect.

Resolution 2—Special Resolution

To approve the cancellation of the Cancellation Shares.

Resolution 3—Ordinary Resolution

To authorise the directors of IONA to issue relevant securities pursuant to Section 20 of the Companies (Amendment) Act 1983 and to apply the reserve in the books arising upon the cancellation described above in paying up in full at par New IONA Shares.

Resolution 4—Special Resolution

To amend the IONA Articles to ensure that any IONA Shares issued under the IONA Share Option Schemes or otherwise between the Voting Record Time and 10.00 p.m. (Irish Standard Time) on the last day before the date on which the Court Order is made will be subject to the Scheme. It is also proposed to amend the IONA Articles so that any IONA Shares issued to any person (other than to SPK Acquisitions) after 10.00 p.m. (Irish Standard Time) on the day before the date on which the Court Order is made will become transferable to SPK Acquisitions on the same terms as under the Scheme (i.e. the person will receive \$4.05 in cash for each IONA Share issued to them and acquired by SPK Acquisitions).

These amendments are designed to avoid any person (other than members of SPK Acquisitions) being left with IONA Shares after dealings in IONA Shares have ceased on the Irish Stock Exchange (which will occur at the close of business on the Business Day before the Effective Time). Resolution 4, set out in the notice of EGM in Part XI (Notice of Extraordinary General Meeting of IONA Technologies PLC) end of this document, seeks the approval of IONA Shareholders for such amendments.

Resolution 5—Ordinary Resolution

To approve a proposal to adjourn the EGM, if necessary, to solicit additional proxies in favour of approval of the resolutions to be considered at the EGM. IONA is submitting a proposal for consideration at the EGM to authorise the Chairman of the EGM to approve one or more adjournments of the EGM if there are not sufficient votes to approve the resolutions to be considered at the EGM at the time of the EGM. Even though a quorum may be present at the EGM, it is possible that IONA may not have received sufficient votes to approve the resolutions to be considered at the EGM by the time of the EGM. In that event, IONA would determine to adjourn the EGM in order to solicit additional proxies. The adjournment proposal relates only to an adjournment of the EGM for purposes of soliciting additional proxies to obtain the requisite IONA Shareholder approval to approve the resolutions to be considered at the EGM. Any other adjournment of the EGM (e.g., an adjournment required because of the absence of a quorum) would be voted upon pursuant to the discretionary authority granted by the proxy. To approve the adjournment proposal, a majority of the outstanding IONA Shares present or represented at the EGM and entitled to vote, which includes abstentions, must vote in favour of the proposal.

4.3 Court Hearing

The Court Hearing is expected to take place on or about 2008. Each IONA Shareholder is entitled to be represented by counsel or a solicitor (at their own expense) at the Court Hearing to support or oppose the sanctioning of the Scheme.

4.4 Form of ADR Voting Instruction Card and Forms of Proxy

IONA ADR holders are strongly urged to complete and return their ADR Voting Instruction Card, as soon as possible and, in any event, no later than 2008. If the Depositary does not receive your ADR Voting Instruction Card by such date, the Depositary will not vote your IONA ADRs.

Scheme Shareholders and IONA Shareholders have been sent a PINK Form of Proxy for the Court Meeting and a BLUE Form of Proxy for the EGM. Scheme Shareholders and IONA Shareholders are strongly urged to complete and return their Forms of Proxy, as soon as possible and, in any event, no later than p.m. (Irish Standard Time) on 2008 in the case of the PINK Form of Proxy for the Court Meeting and p.m. (Irish Standard Time) on 2008 in the case of the BLUE Form of Proxy for the EGM.

4.5 Abstentions and Broker Non-Votes

Your broker will be permitted to vote your IONA ADRs or IONA Shares only if you instruct your broker how to vote. If you have previously provided your broker with absolute discretion to vote at all times on IONA Shareholder votes, then your broker will be able to vote your IONA ADRs or IONA Shares, unless you instruct your broker otherwise. Otherwise, you should follow the procedures provided by your broker regarding the voting of your IONA ADRs or IONA Shares. **If your broker does not have absolute discretion and you do not provide instructions to your broker to vote in favour of the Scheme, your IONA ADRs or IONA Shares will not be voted, which will increase the likelihood of the Scheme being defeated and the Acquisition not proceeding.**

5. STRUCTURE OF THE SCHEME

It is proposed that, under the Scheme, the Cancellation Shares will be cancelled pursuant to Sections 72 and 74 of the Act. Any further IONA Shares issued before 10.00 p.m. (Irish Standard Time) on the day before the Hearing Date will be transferred to SPK Acquisitions under the terms of the Scheme. New IONA Shares will be issued by IONA to SPK Acquisitions (and/or its nominee(s)) by the capitalisation of the reserve arising from the cancellation of the Cancellation Shares. As a result of these arrangements, IONA will become, indirectly, a wholly-owned subsidiary of Progress.

IONA Shareholders who are subject to the Scheme will receive the Consideration. IONA Shares issued after 10.00 p.m. (Irish Standard Time) on the day before the Hearing Date will not be subject to the Scheme. Accordingly, it is proposed that the IONA Articles be amended so that IONA Shares issued after 10.00 p.m. (Irish Standard Time) on the day before the Hearing Date (other than to a member of the SPK Acquisitions Group) will be automatically transferred to SPK Acquisitions on the same terms as under the Scheme.

It is expected that the Scheme will become effective and that the Acquisition will be completed during September 2008. The Scheme can only become effective if all the conditions to which the Scheme is subject have been satisfied or waived by no later than 15 December 2008 or such later date, if any, as IONA and SPK Acquisitions may, with (if required) the consent of the Panel, agree and, (if required) the

High Court may allow. The Scheme will become effective upon an official copy of the Court Order together with the minute approved by the High Court in respect of the capital reduction being registered by the Registrar of Companies and the issue of a certificate of registration of the Court Order. Once the Scheme becomes effective, its terms will be binding on all IONA Shareholders, irrespective of whether they attended the Court Meeting and irrespective of the manner in which they voted.

6. OPINION OF FINANCIAL ADVISOR TO IONA

The Company engaged Lehman Brothers to act as its financial advisor with respect to pursuing strategic alternatives for the Company, including a possible sale of the Company. On 24 June 2008, Lehman Brothers rendered its oral opinion (which was subsequently confirmed in writing) to the Board of IONA that, as of such date and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the \$4.05 per IONA Share cash consideration to be offered to the IONA Shareholders in the Acquisition was fair to such IONA Shareholders.

The full text of Lehman Brothers' written opinion, dated as of 24 June 2008, is attached as *Annex F* to this document. Lehman Brothers' written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations of the review undertaken by Lehman Brothers in rendering its opinion. You are encouraged to read the opinion carefully and in its entirety.

Lehman Brothers' opinion, the issuance of which was approved by Lehman Brothers' Fairness Opinion Committee, is addressed to the Board of IONA, addresses only the fairness, from a financial point of view, of the Consideration to be offered to the IONA Shareholders in the Acquisition and does not constitute a recommendation to any IONA ADR holder or IONA Shareholder as to how such person should vote with respect to the Scheme or any other matter. The terms of the Acquisition were determined through arm's-length negotiations between the Company and Progress and were unanimously approved by the Board of IONA. Lehman Brothers did not recommend any specific form of consideration to the Company or that any specific form of consideration constituted the only appropriate consideration for the Acquisition. Lehman Brothers was not requested to opine as to, and its opinion does not in any manner address, the Company's underlying business decision to proceed with or effect the Acquisition. In addition, Lehman Brothers expressed no opinion on, and its opinion does not in any manner address the fairness of the amount or the nature of any compensation to any officers, directors or employees of any parties to the Acquisition, or any class of such persons, relative to the Consideration to be offered to the IONA Shareholders in the Acquisition. No limitations were imposed by the Board of IONA upon Lehman Brothers with respect to the investigations made or procedures followed by it in rendering its opinion.

In arriving at its opinion, Lehman Brothers, among other things:

- reviewed and analyzed the Implementation Agreement, the Expenses Reimbursement Agreement, the Limited Guaranty, a draft, dated 24 June 2008, of the Rule 2.5 Announcement and the specific terms of the Acquisition;
- reviewed and analyzed publicly available information concerning the Company that Lehman Brothers believed to be relevant to its analysis, including the Company's Annual Report on Form 10-K for the fiscal year ended 31 December 2007 and the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended 31 March 2008;

Table of Contents

- reviewed and analyzed financial and operating information with respect to the business, operations and prospects of the Company furnished to Lehman Brothers by the Company, including financial projections of the Company prepared by management of the Company (the “Management Plan”);
- reviewed and analyzed a trading history of the IONA Shares from 22 June 2007 to 23 June 2008 and a comparison of that trading history with those of other companies that Lehman Brothers deemed relevant;
- reviewed and analyzed a comparison of the historical financial results and present financial condition of the Company with those of other companies that Lehman Brothers deemed relevant;
- reviewed and analyzed a comparison of the financial terms of the Acquisition with the financial terms of certain other transactions that Lehman Brothers deemed relevant;
- reviewed and analyzed the results of Lehman Brothers’ efforts to solicit indications of interest and definitive proposals from third parties with respect to a sale of the Company;
- reviewed and analyzed published estimates of independent research analysts with respect to the future financial performance and price targets of the Company;
- had discussions with the management of the Company concerning its business, operations, assets, liabilities, financial condition and prospects (including the risks and uncertainties of achieving the Management Plan); and
- undertook such other studies, analyses and investigations as Lehman Brothers deemed appropriate.

In arriving at its opinion, Lehman Brothers assumed and relied upon the accuracy and completeness of the financial and other information used by Lehman Brothers without any independent verification of such information and have further relied upon the assurances of management of the Company that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the Management Plan, upon advice of the Company, Lehman Brothers assumed the Management Plan was reasonably prepared on a basis reflecting the best then currently available estimates and judgments of the management of the Company. However, for the purposes of Lehman Brothers’ analysis and its opinion and with the consent of the Board of IONA, Lehman Brothers relied on (i) published estimates of independent research analysts for the Company, which reflect more conservative assumptions and estimates than the Management Plan, and (ii) extensions to such published estimates based upon assumptions discussed with the management of the Company.

The Board of IONA agreed with the appropriateness of the use of, and Lehman Brothers’ reliance upon, such published estimates and extensions of such estimates in performing its analysis. In arriving at its opinion, Lehman Brothers assumed no responsibility for and expressed no view as to any such projections or estimates or the assumptions on which they were based. Lehman Brothers assumed that the final Rule 2.5 Announcement would be in the form of the draft of the announcement, dated 24 June 2008, reviewed by Lehman Brothers in all material respects. Lehman Brothers further assumed, upon the advice of the Company and its legal advisors, that all material governmental, regulatory or other consents or approvals necessary for the consummation of the Scheme will be obtained within the constraints contemplated by the draft Rule 2.5 Announcement reviewed by Lehman Brothers and the Implementation Agreement. In arriving at its opinion, Lehman Brothers did not conduct a physical inspection of the properties and facilities

of the Company and did not make or obtain any evaluations or appraisals of the assets or liabilities of the Company. Lehman Brothers' opinion was necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of 24 June 2008. Lehman Brothers assumed no responsibility for updating or revising its opinion based on events or circumstances that may have occurred after 24 June 2008.

In connection with rendering its opinion, Lehman Brothers performed certain financial, comparative and other analyses as summarized below. In arriving at its opinion, Lehman Brothers did not ascribe a specific range of values to the IONA Shares but rather made its determination as to fairness, from a financial point of view, to the IONA Shareholders of the Consideration to be offered to such IONA Shareholders in the Acquisition on the basis of various financial and comparative analyses. The preparation of a fairness opinion is a complex process and involves various determinations as to the most appropriate and relevant methods of financial and comparative analyses and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to summary description.

In arriving at its opinion, Lehman Brothers did not attribute any particular weight to any single analysis or factor considered by it but rather made qualitative judgments as to the significance and relevance of each analysis and factor relative to all other analyses and factors performed and considered by it and in the context of the circumstances of the particular transaction. Accordingly, Lehman Brothers believes that its analyses must be considered as a whole, as considering any portion of such analyses and factors, without considering all analyses and factors as a whole, could create a misleading or incomplete view of the process underlying its opinion.

7. BOARD, MANAGEMENT AND EMPLOYEES

7.1 Generally

The Board of SPK Acquisitions has confirmed that, where employees of the IONA Group have existing employment rights, including pension rights, under applicable laws, those rights will be fully safeguarded following the Scheme becoming effective. IONA and Progress are in the process of forming an integration team to assist in developing and implementing an integration framework to ensure a successful acquisition of IONA by Progress. This integration planning is expected to continue past the Effective Time. When completed, this integration planning will allow IONA and Progress to better determine the staffing needs for the combined business going forward. Upon the Scheme becoming effective, the IONA Directors intend to resign from the Board of IONA.

7.2 Employee Matters

Pursuant to the Implementation Agreement, SPK Acquisitions and Progress have the right, in their sole discretion, to maintain any, all or none of IONA's employee benefit plans. IONA's employees will receive full credit for service with IONA for purposes of eligibility, vesting and other appropriate benefits, including applicability of minimum waiting periods for participation, but excluding benefit accrual under SPK Acquisitions' or Progress' defined benefit pension plan, with respect to any employee benefit plans or arrangements maintained by SPK Acquisitions or Progress. SPK Acquisitions and Progress have also agreed to waive all pre-existing conditions, limitations or eligibility waiting periods or required physical examinations under any health or similar plan of SPK Acquisitions or Progress for IONA's employees, to the extent that IONA's employees had satisfied any similar limitations or requirements under the corresponding plan in which IONA's employees participated immediately prior to the Effective Date of the Scheme. In addition, SPK Acquisitions and Progress will use reasonable endeavours to cause any deductibles paid by IONA's employees under IONA's health plans in the plan year in which the Effective Date of the Scheme to be credited towards the deductibles under the health plans of SPK Acquisitions or Progress.

7.3 Indemnification and Insurance

Pursuant to the Implementation Agreement, SPK Acquisitions and Progress have agreed to certain indemnification rights in favour of each of the former and present directors and officers of IONA, as described in Paragraph 8.6 of Part I (Letter of Recommendation from the Board of IONA) of this document.

8. IONA SHARE OPTION SCHEMES

SPK Acquisitions will make appropriate proposals to IONA Optionholders to implement the requirements of the Implementation Agreement. The Implementation Agreement provides that (i) IONA Optionholders will be given an opportunity to elect to exercise their IONA Options immediately upon the making of the Court Order, on the condition that the IONA Shares issued upon such exercise are then transferred to SPK Acquisitions under the Scheme, (ii) IONA Optionholders (other than IONA Non-Executive Directors and executive officers of IONA for United States federal securities law purposes) who so elect may exercise their IONA Options with a cashless exercise facility under which they may direct that the exercise price of their IONA Options be paid to IONA out of the proceeds of the sale to SPK Acquisitions under the Scheme of the IONA Shares issued to them upon exercise of their IONA Options, and (iii) all IONA Options that remain outstanding on the Effective Date shall be cancelled with effect from midnight (Irish Standard Time) on the Effective Date in consideration for a cash payment per IONA Share subject to such IONA Option to the IONA Optionholder equal to the excess, if any, of the Consideration per IONA Share over the exercise price applicable to such IONA Option (net of applicable withholding taxes).

9.1 Interests Held by Executive Officers and Non-Executive Directors

9.2 Change in Control Arrangements with Executive Officers and Non-Executive Directors of IONA

9.2.1 Executive Officers

Since 2003, IONA has had change in control agreements, which have been previously publicly disclosed, with all of its executive officers, under which, if a change in control of IONA (as defined in the applicable agreements) occurs, and the successor entity does not, as of the effective date of such change in control, (a) adopt and assume the IONA Share Option Schemes that are in effect immediately prior to such change in control or (b) substitute, on an equitable basis, such successor's securities, having terms and conditions no less favourable to the executive officer than the terms and conditions of the then outstanding securities under the IONA Share Option Schemes, for the then outstanding IONA Shares, IONA Options, awards and purchase rights under the IONA Share Option Schemes, then all IONA Shares, unvested IONA Options, awards and purchase rights granted to each executive officer under any of the IONA Share Option Schemes prior to such change in control shall immediately become fully vested and exercisable as of the effective date of the change in control.

Furthermore, IONA's change in control agreements provide the following benefits if (i) there is a change in control of IONA (which the Scheme, if it becomes effective, would constitute) and (ii) the executive officer's employment is (A) involuntarily terminated by IONA (or any successor) without cause (as defined in the applicable agreements) within two years following a change in control or during the three month period immediately preceding the change in control or (B) voluntarily terminated by the executive officer for good reason (as defined in the applicable agreements) within two years following a change in control:

- a lump sum severance payment equal to two times the sum of the executive's base salary (using the highest base salary between the date immediately prior to the effective date of the change in control event and the termination date) and target annual bonus (using the highest target bonus amount that the executive was eligible to receive, assuming maximum performance, with respect to any one calendar year in the period beginning in the calendar year prior to the year in which the change in control occurs and ending in the calendar year in which the executive's employment is terminated);
- the continuation of health insurance benefits for the executive and his dependents for up to two years following such termination, subject to certain limitations; and
- all of the executive's equity awards, assuming maximum performance, shall immediately vest and remain exercisable, generally, for three months after the date of termination or until their expiration, whichever is earlier.

If the total payment to an executive officer would constitute an "excess parachute payment" within the meaning of Section 280G(b) of the Internal Revenue Code, and the executive officer would retain more of the total payment (after the payment of applicable tax liabilities imposed on the total payments) in the event that an upper limit amount is imposed, then the amount of the total payment will be reduced until the aggregate "present value" (as that term is defined in Section 280G(d)(4) of the Internal Revenue Code using the applicable federal rate in effect on the date of the executive officer's change in control agreement) of the total payment is such that no part of the total payment would constitute an "excess parachute payment" within the meaning of Section 280G(b) of the Internal Revenue Code.

The table below shows the approximate cash severance and value of health insurance benefits that each executive officer of IONA would be entitled to, assuming the Acquisition is completed on 30 September 2008 and the executive officer's employment is terminated as set out above:

<u>Executive Officer</u>	<u>Title</u>	<u>Approximate Severance Amount⁽¹⁾</u>
Peter M. Zotto	Chief Executive Officer and Director	\$ 1,424,000
Lawrence E. Alston, Jr.	Vice President and General Manager, Open Source	782,588
Scott R. Devens	Vice President of Worldwide Sales	918,588
Christopher M. Mirabile	Chief Financial Officer, General Counsel and Secretary	968,588
Eric A. Newcomer	Chief Technology Officer	632,624
Total		\$ 4,726,388

- (1) The above cash severance amounts were calculated using the compensation information available as of 30 June 2008, which included 2008 base salary and 2008 target bonus amounts. These amounts do not reflect the reduction attributable to certain of the executive officers as a result of the "280G cut-back" described above.

9.2.2 Non-Executive Directors

Under IONA's Non-Executive Directors Change in Control Plan, in the event of a change in control (as defined in the plan) of IONA (which the Scheme, if it becomes effective, would constitute), each IONA Non-Executive Director will receive the following (such amounts are subject to reduction in the event that they constitute an "excess parachute payment" within the meaning of Section 280G(b) of the Internal Revenue Code):

- a lump sum payment equal to two times the maximum aggregate fees that such IONA Non-Executive Director is eligible to receive with respect to services rendered in his capacity as a member of the Board of IONA or any committee thereof either in the calendar year in which the change in control occurs or the calendar year prior thereto, whichever aggregate amount is higher; and
- all of his equity awards, shall immediately become fully vested and exercisable on the date of the change in control.

If the total payment to a Non-Executive Director would constitute an "excess parachute payment" within the meaning of Section 280G(b) of the Internal Revenue Code, and the Non-Executive Director would retain more of the total payment (after the payment of applicable tax liabilities imposed on the total payments) in the event that an upper limit amount is imposed, then the amount of the total payment will be reduced until the aggregate "present value" (as that term is defined in Section 280G(d)(4) of the Internal Revenue Code using the applicable federal rate in effect on the date of the Non-Executive Director's change in control agreement) of the total payment is such that no part of the total payment would constitute an "excess parachute payment" within the meaning of Section 280G(b) of the Internal Revenue Code.

[Table of Contents](#)

The table below shows the approximate cash severance that each IONA Non-Executive Director would be entitled to, assuming the Acquisition is completed on 30 September 2008:

<u>Non-Executive Director</u>	<u>Title</u>	<u>Approximate Severance Amount⁽¹⁾</u>
Kevin C. Melia	Chairman	\$ 348,000
Seán Baker	Non-Executive Director	120,000
Christopher J. Horn	Non-Executive Director	180,000
Ivor Kenny	Non-Executive Director	132,000
James D. Maikranz	Non-Executive Director	180,000
Bruce J. Ryan	Non-Executive Director	156,000
Francesco Violante	Non-Executive Director	110,000
Total		\$ 1,226,000

- (1) Represents a lump sum payment equal to two times the maximum aggregate fees a Non-Executive Director is eligible to receive with respect to services rendered in his capacity as an IONA Director or member of any committee thereof in the calendar year in which the change in control occurs.

9.3 Indemnification and Insurance with Executive Officers and Non-Executive Directors

Under IONA's Articles of Association, IONA has included a provision that limits or eliminates the personal liability of the IONA Directors and officers. IONA maintains liability insurance which insures the IONA Directors and officers against certain losses and insures IONA with respect to its obligations to indemnify the IONA Directors and officers.

Under the terms of the Implementation Agreement, IONA's executive officers and IONA Non-Executive Directors will be entitled to indemnification in specified circumstances. For more information related to indemnification and insurance, see paragraph 8.6 of Part I (Letter of Recommendation from the Board of IONA) of this document.

9.4 Certain Relationships and Related Transactions

In 2007, IONA was not a party to any transaction or series of similar transactions in which the amount involved exceeded \$120,000 in which any director, executive officer, holder of 5 per cent. or more of any class of IONA capital stock, or any member of their immediate family had a direct or indirect material interest other than compensation agreements and other arrangements which are described in the section titled "Compensation Discussion & Analysis" in IONA's proxy statement filed with the Securities and Exchange Commission on 29 April 2008, and payments made to K Capital Source Limited ("K Capital") described below.

The Company engaged K Capital to provide capital market communication and advisory services in 2007 and paid K Capital \$180,000 for such services. A son of Dr. Ivor Kenny, a member of the Board of IONA, was a principal of K Capital during part of 2007. Prior to 31 December 2007, Financial Dynamics Ireland Limited acquired K Capital. As a result, from and after 31 December 2007, Dr. Kenny's son no longer has an equity interest in K Capital.

10. TAXATION

Your attention is drawn to paragraphs 10 and 11 of Part VIII (Additional Information) of this document, headed "Irish Taxation" and "US Federal Income Tax Consequences," respectively. If you are in any

doubt as to your own tax position, or if you require more detailed information or if you are subject to taxation in any jurisdiction other than Ireland or the United States, you should consult an independent financial advisor immediately.

11. SETTLEMENT, LISTING AND DEALINGS

If the Scheme is approved by the High Court, a request will be made to cancel the quotation of IONA ADRs on Nasdaq and to cancel the listing of the IONA Shares on the Official List and to cancel trading of the IONA Shares on the market of the Irish Stock Exchange. The last day of dealings in IONA ADRs on Nasdaq and IONA Shares on the Irish Stock Exchange will be the last Business Day before the Effective Time, and is expected to be on or about September 2008.

No transfers of IONA Shares (other than transfers to any member or members of SPK Acquisitions Group) will be registered after the Scheme Record Time. At the Effective Time, share certificates in respect of IONA Shares will cease to be of value and should, if so requested by IONA or its agents, be sent to IONA for cancellation.

Subject to the Acquisition becoming effective, settlement of the Consideration to which any IONA Shareholder is entitled under the Acquisition will be effected within 14 days of the Effective Date in the following manner:

11.1 Consideration—IONA Shares in uncertificated form (“CREST”)

Where, at the Scheme Record Time, a Scheme Shareholder holds Scheme Shares in uncertificated form, the Consideration to which such Scheme Shareholder is entitled will, except in limited circumstances, be paid in US dollars by means of CREST by SPK Acquisitions procuring the creation of an assured payment obligation in favour of the relevant Scheme Shareholder’s payment bank in respect of the Consideration due, in accordance with the CREST assured payment arrangements. SPK Acquisitions reserves the right to settle all or any part of the Consideration referred to in this paragraph 11.1 for all or any accepting Scheme Shareholder(s) in the manner referred to in paragraph 11.2 below, if, for any reason, it wishes to do so.

11.2 Consideration—IONA Shares in certificated form

Where, at the Scheme Record Time, a Scheme Shareholder holds Scheme Shares in certificated form, settlement of any Consideration due will be despatched by ordinary prepaid post (or by such other manner as the Panel may approve). Such cash payments will be made in US dollars by cheque drawn on a branch of a State of New York clearing bank.

11.3 General

Except with the consent of the Panel, settlement of the Consideration to which any Scheme Shareholder is entitled under the Acquisition will be implemented in full in accordance with the terms of the Acquisition without regard to any lien, right of set-off, counterclaim or other analogous right.

IONA ADR holders and IONA Shareholders at the Scheme Record Time will receive their relevant proportion of the Consideration in US dollars. All payments will be rounded down to the nearest whole US cent and will be reduced by the amount of any applicable withholding taxes and ADR cancellation fees. The despatch of cheques to Certificated Holders entitled thereto and the payment through CREST to Uncertificated Holders entitled thereto shall take place promptly after the Effective Date.

SPK Acquisitions has confirmed that, except as provided for in the Scheme or otherwise with the consent of the Panel, any payment to which an IONA Shareholder is entitled to receive from SPK

Acquisitions will be implemented in full without regard to any lien, right of set-off, counter claim or other analogous right to which SPK Acquisitions may be, or claim to be, entitled against such IONA Shareholder.

All documents and remittances sent to IONA ADR holders or IONA Shareholders (or in accordance with their directions) will be despatched at their own risk.

IONA ADR holders should read paragraph 13 of this Part III (Explanatory Statement), which contains further important information which is relevant to them.

11.4 Certain Effects of the Scheme

If the Scheme becomes effective, IONA will, indirectly, become a wholly owned subsidiary of Progress and IONA Shareholders will not have an opportunity to continue their equity interest in IONA as an ongoing corporation and, therefore, will not have the opportunity to share in its future earnings, dividends or growth, if any.

12. OVERSEAS SHAREHOLDERS

As regards Overseas Shareholders, the Acquisition may be affected by the laws of the relevant jurisdictions. Such Overseas Shareholders should inform themselves about and observe any applicable legal requirements. It is the responsibility of Overseas Shareholders to satisfy themselves as to the full observance of the laws of the relevant jurisdiction in connection therewith, including the obtaining of any governmental, exchange control or other consents which may be required, or the compliance with other necessary formalities which are required to be observed and the payment of any issue, transfer or other taxes due in such jurisdiction.

This document has been prepared for the purposes of complying with the laws of Ireland and the United States and the Takeover Rules and the rules of the Securities Exchange Commission, respectively (to the extent applicable), and the information disclosed may be different from that which would have been disclosed if this document had been prepared in accordance with the laws of the jurisdictions outside Ireland and the United States.

Overseas Shareholders are encouraged to consult their local tax advisor.

13. TREATMENT OF IONA ADRs

Each IONA ADR evidences one IONA ADS, which represents one IONA Share. Deutsche Bank Trust Company, as Depositary, holds the IONA Shares underlying the IONA ADSs. Accordingly, the Depositary, as an IONA Shareholder, will, be entitled to \$4.05 for every IONA Share held by it at the Scheme Record Time.

As soon as practicable after the Effective Date, the Depositary will arrange that there will be distributed directly to IONA ADR holders the Consideration that they are entitled to in the proportion of \$4.05 for every one IONA ADR held by IONA ADR holders at the Scheme Record Time. IONA ADR holders will receive their relevant proportion of the Consideration (less any withholding taxes or ADR cancellation fees) in US dollars. All payments will be rounded down to the nearest whole US cent. IONA ADR holders, who hold their IONA ADRs in certificated form, will need to surrender their certificates to the Depositary prior to receiving their proportion of the Consideration. If you are required to return your IONA ADR certificates, you will be notified. Cheques will be despatched to IONA ADR holders promptly after the Effective Date.

All cheques shall be sent to IONA ADR holders at their own risk and will be sent by post either to the holder's address as set out on the register of IONA ADR holders at the Scheme Record Time or to such

Table of Contents

other address of the holder as is notified as a change in writing by IONA ADR holders to the Depositary prior to the Effective Date and in the case of joint holders, to the holder whose name stands first in such register in respect of the joint holdings concerned. All cheques shall be sent to IONA Shareholders at their own risk and will be sent by post either to the IONA Shareholder's address as set out on IONA's Register of Members at the Scheme Record Time or to such other address of the IONA Shareholder as is notified as a change in writing by IONA Shareholders to the Registrar prior to the Effective Date and in the case of joint holders, to the holder whose name stands first in such register in respect of the joint holding concerned.

It should be noted that holders of IONA ADRs will not be entitled to attend the Meetings or to be represented at the Court Hearing. The Depositary will vote in accordance with the instructions it receives from IONA ADR holders. Details of how IONA ADR holders can instruct the Depositary to vote are contained in the enclosed ADR Voting Instruction Card. It is important that, for the Court Meeting in particular, as many votes as possible are cast so that the High Court may be satisfied that there is a fair representation of IONA Shareholder opinion. You are, therefore, strongly urged to sign and return the ADR Voting Instruction Card to the Depositary as soon as possible to ensure that the Depositary represents your IONA ADRs at the Meetings.

Holders of IONA ADRs who wish to attend the Court Meeting and/or the EGM or to be present at the Court Hearing should take steps to present their IONA ADRs to the Depositary, for cancellation and delivery of IONA Shares so as to become holders of record of IONA Shares prior to the relevant Voting Record Time for the Court Meeting or the EGM or prior to the Court Hearing, as the case may be. The date for the Court Meeting and the EGM is 2008. If IONA ADR holders wish to attend the Court Meeting and/or the EGM, they must present their IONA ADRs to the Depositary for cancellation as early as possible, although regardless of the time of such presentation, no guarantee can be given by the Depositary that it will be able to procure that the relevant IONA ADR holders becomes a holder of record of IONA Shares in time for the relevant Meetings. The expected date of the Court Hearing is 2008.

3. FINANCING OF THE ACQUISITION

The Acquisition will be funded by loan facilities made available to SPK Acquisitions by Progress. The payment of interest on, and the repayment of, the loan facilities will not depend on the business of the IONA Group.

Full payment of the Consideration in respect of IONA Shares not owned by subsidiaries or nominees of Progress would involve a maximum cash payment of approximately \$160.2 million. Goodbody Corporate Finance, financial adviser to SPK Acquisitions and Progress, is satisfied that the necessary financial resources are available to SPK Acquisitions to satisfy in full the Consideration payable to IONA Shareholders under the terms of the Acquisition.

4. FINANCIAL INFORMATION AND ACTIVITIES

SPK Acquisitions has not traded at any time since it was incorporated, nor has it entered into any obligations other than in connection with the Acquisition and the financing thereof. At the close of business on the Latest Practicable Date, SPK Acquisitions had an economic interest, through contracts for difference, in 1,442,873 IONA Shares in total, representing approximately 3.95 per cent. of the issued share capital of IONA. The agreements provide that they settle in cash. These agreements do not give SPK Acquisitions direct or indirect voting, investment or dispositive control over any IONA Shares. The financial and trading prospects of SPK Acquisitions, if the Scheme becomes effective, will depend on the strength of IONA's business and the sector in general.

5. **INTERESTS IN THE SHARE CAPITAL OF SPK ACQUISITIONS AND, FOLLOWING THE EFFECTIVE DATE, IONA**

As at close of business on the Latest Practicable Date, the following persons, as shareholders of Progress, will have an indirect interest in 5 per cent. or more of the relevant securities of SPK Acquisitions:

Net income increased 72 per cent. to \$14.5 million from \$8.4 million in the same quarter last year. The GAAP and non-GAAP results in the second quarter of fiscal 2007 include an after-tax charge of \$1.6 million (4 cents per share) resulting from a write-down associated with a portion of the implementation of a new enterprise resource planning system.

Progress' cash and short-term investments at the end of the second quarter totalled \$259 million. In addition, Progress had approximately \$68 million in investments related to municipal and student loan auction rate securities that were classified as non-current on the balance sheet because these securities failed to clear at auction and Progress is currently unable to sell these securities in the market. The failed auctions have resulted in higher interest rates being earned on these securities, but the investments currently lack short-term liquidity.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of IONA Technologies PLC

We have audited the accompanying consolidated balance sheets of IONA Technologies PLC (the "Company") as of December 31, 2005 and 2004, and the related consolidated statements of operations, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2005. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2005 and 2004, and the consolidated results of its operations and its cash flows for each of the three years in the period ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

IONA TECHNOLOGIES PLC
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies

Organization

IONA Technologies PLC (“IONA”) is organized as a public limited company under the laws of Ireland. IONA Technologies PLC and its subsidiaries, all of which are wholly-owned (the “Company”), provide enterprise integration software. The Company also provides professional services, consisting of customer consulting and training and, to a limited extent, product configuration and enhancement, as well as customer technical support. The Company’s major customers, based on revenue earned, are corporate information technology departments of U.S. businesses. The Company also earns significant revenue from similar customers in European countries and the rest of the world.

Basis of Presentation and Principles of Consolidation

The accompanying Consolidated Financial Statements are prepared in accordance with United States generally accepted accounting principles (“U.S. GAAP”). The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying footnotes. Actual results could differ from those estimates.

The accompanying Consolidated Financial Statements include IONA and its wholly-owned subsidiaries in the United States, British West Indies, Europe, Australia, Japan, China, Canada, Singapore and Korea after eliminating all material intercompany accounts and transactions.

Companies Acts, 1963 to 2005

The financial information relating to IONA included in this document does not comprise full group accounts as referred to in Regulation 40 of the European Communities (Companies: Group Accounts) Regulations 1992, copies of which are required by that Act to be annexed to a Company’s annual return. The auditors have made reports without qualification and without reference to an emphasis of matter under Section 193 of the Companies Act, 1990 in respect of the Consolidated Financial Statements for the years ended December 31, 2004 and 2003. Copies of the Consolidated Financial Statements for each of the years ended December 31, 2004 and 2003 have been so annexed to the relevant annual returns, and a copy of the Consolidated Financial Statements for the year ended December 31, 2005 together with the report of the auditors thereon will in due course be annexed to the relevant annual return, which will be filed after the annual general meeting of IONA in 2006.

Foreign Currency Translation

The U.S. dollar is the functional currency for the Company. In accordance with Statement of Financial Accounting Standards No. 52, “Foreign Currency Translation” (“SFAS 52”), assets and liabilities denominated in foreign currencies are translated at year end exchange rates while revenue and expenses are translated at rates approximating those ruling at the dates of the related transactions. Resulting gains and losses are included in net (loss) income for the year.

Revenue Recognition

The Company’s revenue is derived from product license fees and charges for services. The Company follows the revenue recognition criteria of Statement of Position 97-2, “Software Revenue Recognition,” as amended by SOP 98-4 and SOP 98-9 issued by the Accounting Standards Executive Committee of the American Institute of

[Table of Contents](#)

Certified Public Accountants and related interpretations (collectively, “SOP 97-2”). Under the terms of SOP 97-2 where an arrangement to deliver software does not require significant production, modification or customization, the Company recognizes software revenue when all of the following criteria are met:

- persuasive evidence of an arrangement exists;
- delivery has occurred;
- fee is fixed or determinable; and
- collectibility is probable.

For arrangements with multiple elements, the Company allocates revenue to each element of a transaction based upon its fair value as determined by vendor specific objective evidence. Vendor specific objective evidence of fair value for each element of an arrangement is based upon the normal pricing and discounting practices for each element when sold separately, including the renewal rate for support services. If the Company cannot objectively determine the fair value of any undelivered element included in the multiple element arrangement, the Company defers revenue until all elements are delivered, services have been performed, or until fair value can be objectively determined. When the fair value of a delivered element cannot be established, the Company uses the residual method to record license revenue, provided the fair value of all undelivered elements is determinable. Under the residual method, the fair value of the undelivered elements is deferred and the remaining portion of the arrangement fee is allocated to the delivered elements and is recognized as revenue.

The Company assesses whether fees are fixed or determinable at the time of sale and recognizes revenue if all other revenue recognition requirements are met. The Company’s standard payment terms are net 30. Payment terms, however, may vary based on the country in which the agreement is executed. Payments that extend beyond 30 days from the contract date but that are due within twelve months are generally deemed to be fixed or determinable based on the Company’s successful collection history on such arrangements, and thereby satisfy the required criteria for revenue recognition.

Revenue for consulting services is generally recognized as the services are performed. Revenue from royalty arrangements in excess of guaranteed amounts are recognized upon notification of such royalties payable by the customer.

Allowances for Doubtful Accounts

The Company makes judgments on its ability to collect outstanding receivables and provide allowances for the portion of receivables when collection becomes doubtful. Provisions are made based upon a specific review of all significant outstanding receivables. In determining the provision, the Company analyzes the historical collection experience and current economic trends. The following is a summary of the allowance for doubtful accounts for the periods indicated (in thousands):

	Balance at Beginning of Period	Additions (Reversals)	Deductions(1)	Balance at End of Period
Year ended December 31, 2005 Allowance for doubtful accounts	\$ 1,073	\$ (333)	—	\$ 740
Year ended December 31, 2004 Allowance for doubtful accounts	\$ 1,093	\$ 188	\$ 208	\$ 1,073
Year ended December 31, 2003 Allowance for doubtful accounts	\$ 1,132	\$ 857	\$ 896	\$ 1,093

(1) Actual write-offs of uncollectible accounts receivable.

[Table of Contents](#)

Cost of Revenue

Cost of revenue includes the costs of products and services. Cost of product revenue consists primarily of product media and duplication, manuals, packaging materials, shipping and handling expenses, third-party royalties and, to a lesser extent, the salaries and benefits of certain personnel and related operating costs of computer equipment. Cost of service revenue consists primarily of personnel costs for consultancy, training, customer support, product customization and enhancement, and related operating costs of computer equipment and non-billable travel expenses.

Cash Equivalents

The Company considers all highly liquid investments with insignificant interest rate risk and purchased with a maturity of three months or less to be cash equivalents.

Marketable Securities

Marketable securities consist of corporate bonds and U.S. government agency fixed income securities. Marketable securities are stated at market value, and by policy, the Company invests primarily in high grade marketable securities to reduce risk of loss. All marketable securities are defined as trading securities under the provisions of Statement of Financial Accounting Standards No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS 115"), and unrealized holding gains and losses are reflected in the Consolidated Statements of Operations.

Research and Development

Research and development expenditures are generally charged to operations as incurred. Statement of Financial Accounting Standards No. 86, "Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed" ("SFAS 86"), requires capitalization of certain software development costs subsequent to the establishment of technological feasibility. Based on the Company's product development process, technological feasibility is established upon completion of a working model. Development costs incurred by the Company between completion of the working model and the point at which the product is ready for general release have been insignificant.

Goodwill

Goodwill represents the excess of the purchase price over the fair value of the net assets acquired in various business acquisitions as described in Note 3 and Note 10, and until January 1, 2002 was amortized on a straight line-basis over four years. Under Statement of Financial Accounting Standards No. 142, "Goodwill and Other Intangible Assets" ("SFAS 142"), goodwill acquired in a business combination on or after July 1, 2001 is not amortized. SFAS 142 requires goodwill to be tested at least annually for impairment or between annual tests in certain circumstances and written down when impaired. In October 2002, the Company completed its annual impairment test and assessment of the carrying value of goodwill as required by SFAS 142. As a result of unfavorable market conditions and a decline in IONA's market capitalization, this assessment resulted in a non-cash impairment charge equivalent to the carrying value of goodwill at October 1, 2002.

In October 2004, the Company received \$600,000 from its insurers in connection with the favorable resolution of an acquisition contingency, relating to litigation costs, which resulted in the recognition of \$600,000 of income.

Other Non-Current Assets

Other non-current assets represent costs of technology purchased or acquired from acquisitions, which have reached technological feasibility. The costs of technology have been capitalized and will be written off over their useful economic life estimated between three and four years in accordance with SFAS 86.

[Table of Contents](#)

In accordance with Statement of Financial Accounting Standards No. 144, "Accounting for Impairment of Long-Lived Assets", the Company is required to test their other non-current assets for impairment whenever events or circumstances indicate that the value of the assets may be impaired. Factors the Company considers important, which could trigger impairment include:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of the Company's use of the acquired assets or the strategy for our overall business;
- significant negative industry or economic trends;
- significant decline in IONA's stock price for a sustained period; and
- significant decline in IONA's market capitalization relative to net book value.

Where events and circumstances are present which indicate that the carrying value may not be recoverable, the Company recognizes an impairment loss. In October 2003, the Company identified indicators of impairment and its assessment resulted in a non-cash impairment charge of \$80,000 representing the amount by which the carrying value exceeded the fair value of purchased technologies.

Amortization expense for other non-current assets which are amortizable in accordance with SFAS 142, was \$233,000, \$578,000, and \$796,000 in 2005, 2004 and 2003, respectively.

Property and Equipment

Property and equipment is stated at cost. Depreciation of leasehold improvements is computed using the shorter of the lease term or estimated useful life. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Computer equipment	3 years
Office equipment	5 years
Leasehold improvements	4 to 15 years
Furniture and fixtures	3 to 10 years

Depreciation expense was \$2,123,000, \$2,482,000 and \$4,666,000 in 2005, 2004 and 2003, respectively.

During the year ended December 31, 2003, the Company recorded a \$3,191,000 charge for the impairment of property and equipment and related costs for property and equipment no longer in use, as a result of the restructuring activities in 2003.

Software Development Costs

The Company capitalizes certain software development costs associated with the development of its website and other internal financial software. These costs incurred are accounted for in accordance with Statement of Position 98-1, "Accounting for the Costs of Computer Software Developed or Obtained for Internal Use" ("SOP 98-1"). In accordance with SOP 98-1, internal and external costs incurred to develop internal-use computer software during the application development stage are capitalized. Application development stage costs generally include software configuration, coding, installation and testing. Costs incurred for maintenance, testing minor upgrades and enhancements are expensed as incurred. Capitalized internal-use software development costs are included in property and equipment, and are amortized on a straight-line basis over the estimated useful lives of the related software, typically 3 years.

[Table of Contents](#)

The Company capitalized approximately \$401,000, \$13,000, and \$189,000 of software development costs during 2005, 2004 and 2003 respectively. Amortization associated with capitalized software development costs totaled approximately \$417,000, \$353,000, and \$544,000 during 2005, 2004 and 2003, respectively. At December 31, 2005, the Company has approximately \$778,000 of unamortized software development costs.

Concentration of Credit Risk

The Company sells its products to companies in various industries throughout the world and maintains reserves for potential credit losses. To date such losses have been within management's expectations. The Company had an allowance for doubtful accounts of approximately \$740,000 and \$1,073,000 at December 31, 2005 and 2004, respectively. The Company generally requires no collateral from its customers. No customer accounted for more than ten percent of our total revenue in 2005, 2004 or 2003.

The Company invests its excess cash in low-risk, short-term deposit accounts with high credit-quality banks in the United States, China, Japan, British West Indies and Ireland. At December 31, 2005, \$23,685,000 was invested in marketable securities held for trading purposes, comprised of \$3,475,000 in corporate bonds and \$20,210,000 in U.S. government agency securities, under the management of two financial institutions. The Company performs periodic evaluations of the relative credit standing of all of the financial institutions with which it deals and considers the related credit risk to be minimal.

Compensated Absences

Prior to 2005, the Company did not accrue for the liability associated with employees' absences from employment because of illness, holiday, vacation or other reasons as the amount of compensation was not reasonably estimable. In the fourth quarter of 2005, the Company was able to implement a process to estimate its obligation for accrued vacation and consequently recorded a first time non-cash charge of \$1,104,000.

Accounting for Income Taxes

The Company uses the asset and liability method in accounting for income taxes in accordance with Statement of Financial Accounting Standards No. 109 "Accounting for Income Taxes" ("SFAS 109"). Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws which will be in effect when the differences are expected to reverse.

Stock-Based Compensation

At December 31, 2005, the Company has five stock-based employee compensation plans, which are more fully described in Notes 13 and 14.

The Company has elected to follow Accounting Principles Board Opinion No. 25 "Accounting for Stock Issued to Employees" and related interpretations (collectively, "APB 25") in accounting for its employee stock options. Accordingly, compensation cost for stock options is measured as the excess, if any, of the fair market value of IONA's shares at the date of the grant over the amount an employee must pay to acquire the shares. This cost is deferred and charged to expense ratably over the vesting period (generally four years).

Table of Contents

Pro forma information regarding net (loss) income and net (loss) income per share is required by Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123") and has been determined as if the Company had accounted for its stock options under the fair value method of SFAS 123. The fair value for these options was estimated at the date of grant using a Black-Scholes option pricing model with the following weighted-average assumptions:

	2005	2004	2003
Risk-free interest rate	4.39%	4.00%	4.25%
Expected dividend yield	—	—	—
Expected volatility	0.770	0.951	1.086
Expected life (years)	3.89	3.77	5

The fair value for rights to purchase awards under the 1999 Employee Share Purchase Plan was estimated at the date of grant using the following weighted-average assumptions:

	2005	2004	2003
Risk-free interest rate	2%	2%	2%
Expected dividend yield	—	—	—
Expected volatility	0.780	0.938	1.093
Expected life	6 months	6 months	6 months

The following table illustrates the effect on net (loss) income and net (loss) income per share if the Company had applied the fair value recognition provisions of SFAS 123 to stock-based employee compensation:

On May 8, 2001, a wholly-owned subsidiary of IONA merged with and into Netfish Technologies, Inc. ("Netfish"), for total consideration of 5,036,318 newly-issued ordinary shares and replacement options, and \$30,885,000 of closing costs incurred in connection with the merger. The portion of the total intrinsic value, measured at the consummation date, of replacement unvested options granted by IONA in exchange for outstanding unvested options held by Netfish employees, that the future vesting period bears to the total vesting period (\$10,380,000) was, in accordance with the requirements of FASB Interpretation No. 44 "Accounting for Certain Transactions Involving Stock Compensation", accounted for as deferred stock-based compensation and is charged to expense as stock compensation ratably over the remaining vesting period of each tranche of unvested options. During the years ended December 31, 2004 and 2003, the Company reversed \$41,000 and \$146,000, respectively, of deferred stock-based compensation related to the unvested replacement options of terminated Netfish employees and unvested replacement options accepted for exchange under the Exchange Offer, as

[Table of Contents](#)

described in Note 13. Stock compensation expense recognized for vested options of Netfish Employees was nil, \$38,000, and \$199,000 for the years ended December 31, 2005, 2004 and 2003, respectively.

Stock compensation expense of \$38,000 and \$199,000 for the periods ended December 31, 2004 and 2003, respectively, can be attributed to the research and development line item in the Consolidated Statement of Operations.

Defined Contribution Plans

The Company sponsors and contributes to defined contribution plans for certain employees and directors. Contribution amounts by the Company are determined by management and allocated to employees on a pro rata basis based on employees' contributions. The Company contributed approximately \$1,057,000, \$1,066,000 and \$1,433,000 to the plan in the years ended December 31, 2005, 2004 and 2003, respectively. The decrease in the Company's contributions from 2003 to 2004 is due to a reduction in workforce as a result of restructuring plans in 2004 and 2003.

Advertising and Promotion Expense

All costs associated with advertising and promoting products are expensed as incurred. Advertising and promotion expense was \$2,167,000, \$2,092,000 and \$2,013,000 for the years ended December 31, 2005, 2004 and 2003, respectively.

Reclassifications

Certain amounts from prior periods have been reclassified to conform to the current period presentation. In 2005, the Company concluded that it was appropriate to classify commercial paper as cash equivalents. Previously, such funds had been classified as marketable securities. We made reclassifications amounting to \$8.2 million, \$11.6 million and \$54.0 million in 2004, 2003 and 2002, respectively, to reflect this reclassification by reducing marketable securities and increasing cash and cash equivalents. These reclassifications had no impact on our working capital or consolidated statements of operations.

Recent Accounting Pronouncements

In May 2005 the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 154 "Accounting Changes and Error Corrections" ("SFAS 154"). This statement replaces Accounting Principles Board Opinion No. 20, "Accounting Changes" ("APB 20") and Statement of Financial Accounting Standards No. 3, "Reporting of Accounting Changes in Interim Financial Statements" and changes the requirements for the accounting for and reporting of a change in accounting principle. Previously, most voluntary changes in accounting principles required recognition via a cumulative effect adjustment within net income of the period of the change. SFAS 154 requires retrospective application to prior periods' financial statements, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. SFAS 154 is effective for accounting changes made in fiscal years beginning after December 15, 2005; however, SFAS 154 does not change the transition provisions of any existing accounting pronouncements.

In December 2004, and as amended in April 2005, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 123R "Share-Based Payment" ("SFAS 123R"), which replaces SFAS 123 and supersedes APB 25. SFAS 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the financial statements based on their fair values. The pro forma disclosures previously permitted under SFAS 123 no longer will be an alternative to financial statement recognition. SFAS 123R is effective for fiscal years beginning after June 15, 2005. Early application of SFAS 123R is encouraged, but not required. The Company adopted SFAS 123R on January 1, 2006.

[Table of Contents](#)

Public companies are required to adopt the new standard using a modified prospective method and may elect to restate prior periods using the modified retrospective method. Under the modified prospective method, companies are required to record compensation cost for new and modified awards over the related vesting period of such awards prospectively and record compensation cost prospectively for the unvested portion, at the date of adoption, of previously issued and outstanding awards over the remaining vesting period of such awards. No change to prior periods presented is permitted under the modified prospective method. Under the modified retrospective method, companies record compensation costs for prior periods retroactively through restatement of such periods using the exact pro forma amounts disclosed in the companies' footnotes. Also, in the period of adoption and after, companies record compensation cost based on the modified prospective method. The Company adopted SFAS 123R using the modified prospective method.

The Company has not completed its evaluation of the effects of adopting SFAS 123R. However, the Company anticipates it will recognize an aggregate of \$9.9 million as compensation expense in years 2006 to 2009. This assumes there are no adjustments to compensation expense due to actual cancellations, modifications or new awards granted.

2. Marketable Securities

Marketable securities are considered to be trading securities per SFAS 115 and are carried on the balance sheet at their market value. As previously discussed, approximately \$8.2 million was reclassified from marketable securities to cash equivalents as of December 31, 2004 to conform to the current period presentation.

	As of December 31, 2005		
	Cost	Unrealized loss (U.S. dollars in thousands)	Market Value

U.S. government agency securities	19,386	(128)	19,258
Total marketable securities	<u>\$23,309</u>	<u>\$ (139)</u>	<u>\$23,170</u>

The change in unrealized (loss) gain included in net (loss) income is as follows:

Unrealized (loss) gain at beginning of year	\$(139)	\$ (42)	\$ 62
Included in net (loss) income for the year	100	(97)	(104)
Unrealized loss at end of year	<u>\$ (39)</u>	<u>\$(139)</u>	<u>\$ (42)</u>

As of December 31, 2005, the Company held certain U.S. government agency securities that had been in a continuous unrealized loss position for more than 12 months. Such unrealized losses were the result of rising market interest rates.

3. Acquisition of Netfish Technologies, Inc.

In May 2001, a wholly-owned subsidiary of IONA merged with and into Netfish, for a total consideration of 5,036,318 newly-issued ordinary shares and replacement options, and \$30,885,000 of closing costs incurred in connection with the merger. Of the 4,221,216 newly-issued ordinary shares, 504,598 were held back by the Company in 2001 as a source of indemnification payments that may become due to the Company. If the Company no claims for indemnification, 75% of the 504,598 ordinary shares, or 378,448 shares, would have been distributed to the former holders of Netfish shares in May 2002 and 25% of the 504,598 ordinary shares, or 126,150 shares, would be distributed in May 2003. In May 2002, the Company held back 142,045 ordinary shares to cover indemnification claims made by the Company. In May 2003, an additional 126,150 ordinary shares were held back to cover the indemnification claims that the Company previously made. If pending indemnification claims are resolved in a manner unfavorable to the Company, up to 268,195 ordinary shares held back by the Company could be distributed to the former holders of Netfish shares.

4. Restructuring

During 2004, 2003 and prior periods, the Company's management and board of directors approved restructuring plans, which included consolidation of excess facilities, a reduction in workforce, and other related costs. Total restructuring costs of nil and \$20,525,000 were recorded related to these initiatives in 2004 and 2003, respectively. The restructuring charges in prior years were accounted for in accordance with EITF 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity." The restructuring charge recorded in 2004 and 2003 were accounted for in accordance with SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities."

During 2004, the Company recorded a charge of \$560,000 for severance and benefit costs related to cost reduction actions for eight sales employees. Also during 2004, the Company released \$560,000 of restructuring accruals related to severance and benefit costs from previous restructurings, based on the final payments for such severance and benefits.

During 2005, the Company released \$189,000 of restructuring accruals of which \$97,000 related to severance and benefit costs from previous restructurings, based on the final payments for such severance and benefits and \$92,000 related to facilities costs for our Dublin and Reading, UK offices.

Cash outlays associated with the restructuring plans initiated in 2004, 2003 and previous periods totaled approximately \$5,791,000 during 2005, including approximately \$264,000 in severance and related benefits paid to employees worldwide and \$5,527,000 in facility closure costs.

Amounts of restructuring costs remaining accrued at December 31, 2005 of \$1,952,000 relate to remaining separation and facility closure and consolidation costs. The Company expects cash outlays of \$815,000 will be made in the next twelve months, with the remaining cash outlays of \$1,137,000 to be made through the end of 2013.

Although we do not anticipate additional significant changes to our restructuring accruals, the actual costs may differ from those recorded in the event that the subleasing assumptions require adjustment due to changes in economic conditions surrounding the real estate market or we terminate our lease obligations prior to the scheduled termination dates.

The Company was required to make certain estimates and assumptions in assessing the amount accrued for excess facilities arising from these restructurings. The charge was calculated by taking into consideration (1) the committed annual rental charge associated with the vacant square footage, (2) an assessment of the sublet rents that could be achieved based on current market conditions, vacancy rates and future outlook, (3) an assessment of the period of time the facility would remain vacant before being sub-let, (4) an assessment of the percentage increases in the

primary lease rent at each review, and (5) the application of a discount rate of 4% over the remaining period of the lease or break clause. The following sets forth our accrued restructuring costs as of December 31, 2005:

8. Operating Lease Commitments

The Company leases office space under non-cancelable operating leases with various expiration dates through 2013 and certain leases have renewal options with rentals based upon changes in the fair market value of the property. Rent expense under all operating leases was approximately \$4,237,000, \$7,122,000, and \$9,374,000 in 2005, 2004 and 2003, respectively. The decrease in rent expense in both 2005 and 2004 compared to the previous year is related to our restructuring activities. Rental income under all operating subleases was approximately \$2,589,000, \$1,542,000, and \$908,000 in 2005, 2004 and 2003, respectively. 12. Redeemable Preference Shares and Shareholders' Equity

IONA's authorized share capital is divided into redeemable preference shares ("preference shares") of €0.0025 par value per share and ordinary shares of €0.0025 par value per share.

The preference shares confer on the holders thereof the right to receive notice of and to attend all general meetings of IONA but not the right to vote on any resolution proposed therefore. They confer on the holders thereof the right to be paid out of the profits available for distribution, in priority to any payment of dividend on any other class of shares in IONA, a fixed cumulative preference dividend at a rate of 6% per annum on the amount paid up on the preference shares. Upon winding up of IONA, the preference shares confer upon the holders thereof the right to repayment of the capital paid thereon, together with payment of all arrears of preferential dividend, whether declared or not, to the date of redemption of the preference shares in priority to payment of any dividend or repayment of capital to the holders of the ordinary shares in the capital of IONA. Such preference shares do not, however, confer upon the holders thereof any further rights to participate in the assets of IONA.

Dividends may only be declared and paid out of profits available for distribution determined in accordance with generally accepted accounting principles in Ireland and applicable Irish Company Law. Any dividends on the ordinary shares, if and when declared, will be declared and paid in U.S. dollars. The amount of retained earnings available for distribution as dividends at December 31, 2005, 2004 and 2003, at the exchange rates in effect on those dates, was nil.

IONA's Executive Share Option Scheme has authorized the grant of options to purchase up to an aggregate of 1,125,500 ordinary shares to personnel. All options granted have seven year terms and generally vest in equal

Options granted under the 1997 Share Option Scheme expire ten years from the date of grant or five years from the date of grant in the case of an incentive stock option granted to an employee holding more than 10% of the total combined voting power of IONA. As of December 31, 2005, an aggregate of 9,433,044 ordinary shares remain issuable upon the exercise of options outstanding and options available for grant under the 1997 Share Option Scheme.

During 1997, IONA's Board of Directors and shareholders also approved the 1997 Director Share Option Scheme which provides for the grant of options to purchase a maximum of 250,000 ordinary shares of IONA to non-employee directors of IONA. In July 2002, the Board of Directors and shareholders approved an amendment to the 1997 Director Share Option Scheme to increase the number of ordinary shares issuable under that scheme from 250,000 to 500,000 shares. Eligible options included options granted under the 1997 Share Option Scheme, the Genesis Development Corporation 1997 Stock Option Plan, the Object-Oriented Concepts, Inc. Stock Option Plan and the Netfish Technologies, Inc. 1999 Stock Option Plan. In exchange for eligible options, employees received a commitment for new stock options to be granted under the 1997 Share Option Scheme on or after May 15, 2003. Only those participants in the option exchange who were employees of the Company on the date the new options were granted were eligible to receive the new grant. Participating executive officers were required to forfeit, without exchange, all options granted on or after April 16, 2002. A total of 4,815,444 options were accepted for exchange under the offer and accordingly were canceled in November 2002. An additional 869,150 options were canceled without exchange. The new options granted under the offer have an exercise price of \$1.99, which represented the fair market value of IONA's ordinary shares, as determined by the last reported sale price of IONA's ordinary shares on the NASDAQ National Market on May 14, 2003.

The effect on basic and diluted net (loss) income per ordinary share and per ADS of the Irish manufacturing operations being taxed at a lower rate than the Irish Statutory income tax rate was nil for the years ended December 31, 2005 and 2004, and an increase in net loss per share of \$0.03 and \$0.03, respectively, for the year ended December 31, 2003.

Valuation allowance	(62,040)	(55,629)	(53,620)
Net deferred tax assets	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>

The valuation allowance increased \$6,411,000 in 2005 and \$2,009,000 in 2004.

At December 31, 2005 the Company has a net operating loss carryforward of approximately \$118,903,000, including approximately \$65,000,000 pre-acquisition losses from the Netfish acquisition, for U.S. federal tax purposes which will expire in the tax years 2011 through 2024 if not previously utilized. Similar amounts are available for state purposes with expiration generally through 2010. Utilization of the net operating loss carryforward may be subject to an annual limitation due to the change in ownership rules provided by the Internal Revenue Code of 1986. This limitation and other restrictions provided by the Internal Revenue Code of 1986 may reduce the net operating loss carryforward such that it would not be available to offset future taxable income of the U.S. subsidiaries.

At December 31, 2005 approximately \$31,000,000 of the net operating loss carryforwards in the United States result from disqualifying dispositions. The tax value of the disqualifying dispositions has not been recognized in the tax reconciliation note as the utilization of the net operating loss carryforwards will result in an increase in Additional Paid-In Capital and not a reduction in Provision for Income Taxes. At December 31, 2005, \$12,560,000 of the valuation allowance related to disqualifying dispositions.

At December 31, 2005 the Company also had net operating loss carryforwards totaling approximately \$124,500,000 for Irish income tax purposes which carry forward indefinitely.

[Table of Contents](#)

At December 31, 2005 the Company also had net operating loss carryforwards totaling approximately \$2,900,000 for Australian income tax purposes which carry forward indefinitely. However, as of December 31, 2005, the Company no longer had active operations in Australia.

The utilization of these net operating loss carryforwards is limited to the future profitable operation of the Company in the related tax jurisdictions in which such carryforwards arose. Valuation allowances of 100% have been provided against the net operating loss carryforwards because of the history of operating losses in the related tax jurisdictions.

Significant judgment is required in determining the Company's worldwide income tax expense provision. In the ordinary course of a global business, there are many transactions and calculations where the ultimate tax outcome is uncertain. Some of these uncertainties arise as a consequence of income sharing and cost reimbursement arrangements among related entities, the process of identifying items of income and expense that qualify for preferential tax treatment and segregation of foreign and domestic income and expense to avoid double taxation. The Company has reserves for taxes that may become payable in future periods as a result of tax audits. It is the Company's policy to establish reserves for taxes that may become payable in future years as a result of examination by tax authorities. The tax reserves are analyzed at each balance sheet date and adjustments are made as events occur to warrant adjustment to the reserves. At any given time the Company may be undergoing tax audits in several jurisdictions and covering multiple years. The tax reserve is the Company's best estimate of the potential liability for tax contingencies. Inherent uncertainties exist in estimates of tax contingencies due to changes in tax law, both legislated and concluded through the various jurisdictions' court systems. It is the opinion of the Company's management that the possibility is remote that costs in excess of those accrued will have a material adverse impact on the Company's consolidated financial statements. The Company expects the completion of certain of these tax audits in the near term. However, based on the currently available information, The Company is not able, at this time, to determine if it is reasonably possible that the final outcome of tax examinations will result in a materially different outcome than assumed in its tax reserves.

17. Industry and Geographic Information

Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information" ("SFAS 131"), established standards for reporting information about operating segments. Operating segments are defined as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. The Company has one reportable segment: enterprise infrastructure software. The Company also provides professional services, consisting of consulting and training, customer support of all its products, and, to a limited extent, product customization and enhancements.

The accounting policies of the reportable segment are the same as those described in the summary of significant accounting policies.

Although the Company operates as a single, integrated business, certain product groups accounted for a significant portion of the Company's revenue. For the years ended December 31, 2005, 2004 and 2003 our Artix family of products accounted for 14%, 6% and 2% of revenue, respectively. For the years ended December 31, 2005, 2004 and 2003 our CORBA family of products accounted for 86%, 94% and 98% of revenue, respectively.

The Company believes that it has meritorious defenses to these matters. In 2003 the Company settled a lawsuit which arose in connection with the termination of a Netfish employee by Netfish prior to IONA's acquisition of Netfish. Since settlement of the underlying lawsuit, the Company has also reached settlement with Netfish's insurers over payment of the legal fees incurred by the Company. Netfish's former Chief Executive Officer asserts that the Company is obligated to reimburse him for his legal expenses incurred in connection with this suit. The Company vigorously disputes and is in discussions with the former Netfish Chief Executive Officer over the matter.

**US GAAP FINANCIAL STATEMENTS FOR FISCAL YEAR ENDED DECEMBER 31, 2006 AS INCORPORATED IN THE ANNUAL REPORT
FILED ON FORM 20-F**

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of IONA Technologies PLC

We have audited the accompanying consolidated balance sheets of IONA Technologies PLC (the "Company") as of December 31, 2006 and 2005 and the related consolidated statements of operations, changes in shareholders' equity and cash flows for each of the three years in the period ended December 31, 2006. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of IONA Technologies PLC as of December 31, 2006 and 2005, and the consolidated results of its operations and its consolidated cash flows for each of the three years in the period ended December 31, 2006, in conformity with U.S. generally accepted accounting principles.

IONA TECHNOLOGIES PLC
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies

Organization

IONA Technologies PLC (IONA) is organized as a public limited company under the laws of Ireland. IONA Technologies PLC and its subsidiaries, all of which are wholly-owned (the Company), provide infrastructure software. The Company also provides professional services, consisting of customer consulting and training and, to a limited extent, product configuration and enhancement, as well as customer technical support. The Company's major customers, based on revenue earned, are corporate information technology departments of U.S. businesses. The Company also earns significant revenue from similar customers in European countries and the rest of the world.

Basis of Presentation and Principles of Consolidation

The accompanying Consolidated Financial Statements are prepared in accordance with United States generally accepted accounting principles (U.S. GAAP). The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying footnotes. Actual results could differ from those estimates.

The accompanying Consolidated Financial Statements include IONA and its wholly-owned subsidiaries in the United States, British West Indies, Europe, Australia, Japan, China, Canada, Singapore and Korea after eliminating all material intercompany accounts and transactions.

Companies Acts, 1963 to 2006

The financial information relating to IONA included in this document does not comprise full group accounts as referred to in Regulation 40 of the European Communities (Companies: Group Accounts) Regulations 1992, copies of which are required by that Act to be annexed to a Company's annual return. The auditors have made reports without qualification and without reference to an emphasis of matter under Section 193 of the Companies Act, 1990 in respect of the Consolidated Financial Statements for the years ended December 31, 2005 and 2004. Copies of the Consolidated Financial Statements for each of the years ended December 31, 2005 and 2004 have been so annexed to the relevant annual returns, and a copy of the Consolidated Financial Statements for the year ended December 31, 2006 together with the report of the auditors thereon will in due course be annexed to the relevant annual return, which will be filed after the annual general meeting of IONA in 2007.

Foreign Currency Translation

The U.S. dollar is the functional currency for the Company. In accordance with Statement of Financial Accounting Standards (SFAS) No. 52, *Foreign Currency Translation* (SFAS 52), assets and liabilities denominated in foreign currencies are translated at year end exchange rates while revenue and expenses are translated at rates approximating those ruling at the dates of the related transactions. Resulting gains and losses are included in net income (loss) for the year.

Revenue Recognition

The Company's revenue is derived from product license fees and charges for professional services. The Company follows the revenue recognition criteria of Statement of Position (SOP) 97-2, *Software Revenue Recognition*, as amended by SOP 98-4 and SOP 98-9 issued by the Accounting Standards Executive Committee of the American Institute of Certified Public Accountants and related interpretations (collectively, SOP 97-2).

[Table of Contents](#)

The Company does not enter into arrangements to deliver software requiring significant production, modification or customization to its software products.

Under the terms of SOP 97-2, the Company recognizes revenue when all of the following criteria are met:

- persuasive evidence of an arrangement exists;
- delivery has occurred;
- fee is fixed or determinable; and
- collectability is probable.

For arrangements with multiple elements, the Company allocates revenue to each element of a transaction based upon its fair value as determined by vendor specific objective evidence (VSOE). VSOE of fair value for each element of an arrangement is based upon the normal pricing and discounting practices for each element when sold separately, including the renewal rate for support services. The Company maintains management approved price lists for its product licenses, customer support and professional services. The Company infrequently offers discounts on its customer support or professional services, and if offered, such discounts are usually insignificant. If the Company cannot objectively determine the fair value of any undelivered element included in the multiple element arrangement, revenue is deferred until all elements are delivered, services have been performed, or until fair value can be objectively determined. When the fair value of a delivered element cannot be established, the Company uses the residual method to record revenue, provided the fair value of all undelivered elements is determinable. Under the residual method, the fair value of the undelivered elements is deferred and the remaining portion of the arrangement fee is allocated to the delivered elements and is recognized as revenue.

The Company believes that its normal pricing and discounting practices provide a basis for establishing VSOE of fair value for the undelivered elements based on the following facts:

- Support contracts are regularly sold on a stand-alone basis to customers that choose to renew the support contract beyond the initial term. Support contract pricing is based on established list pricing. The renewal purchases at consistent pricing provide the basis for VSOE on the support contracts. Support revenue is recognized ratably over the contract term.
- Consulting contracts are regularly sold on a stand-alone basis to customers requesting these services. Consulting contract pricing is at a daily flat rate and customers purchase an appropriate number of service days. The consulting services delivered on a stand-alone basis at consistent pricing provide the basis for VSOE on the consulting contracts. Consulting revenue is recognized as the services are performed.

The Company performs a quarterly analysis of all contracts to ensure that the actual allocation of fair value to undelivered elements is not significantly different from the established VSOE rates for the individual elements. The analysis is segmented by geographical region, level of support, and type of customer (i.e. end-user licensee or licensee with rights of distribution).

The Company assesses whether fees are fixed or determinable at the time of sale and recognizes revenue if all other revenue recognition requirements are met. The Company's standard payment terms are generally net 30 days. Payment terms, however, may vary based on the country in which the agreement is executed. Payments that extend beyond 30 days from the contract date, but that are due within twelve months, are generally deemed to be fixed or determinable based on the Company's successful collection history on such arrangements, and thereby satisfy the required criteria for revenue recognition.

[Table of Contents](#)

The Company assesses whether collection is probable at the time of the transaction based on a number of factors, including the customer's past transaction history and credit-worthiness. If the Company determines that the collection of the fee is not probable, the fee is deferred and revenue is recognized at the time collection becomes probable, which is generally upon the receipt of cash.

The Company delivers products by overnight courier F.O.B origin or electronically, and its software arrangements typically do not contain acceptance provisions. Accordingly, delivery is satisfied when the product leaves the Company's premises, or if shipped electronically, when the customer has been provided with access codes to allow them to take immediate possession of the software.

Revenue from royalty arrangements in excess of guaranteed amounts is recognized upon notification of such royalties payable by the customer.

Allowances for Doubtful Accounts

The Company makes judgments on its ability to collect outstanding receivables and provide allowances for the portion of receivables when collection becomes doubtful. Provisions are made based upon a specific review of all significant outstanding receivables. In determining the provision, the Company analyzes the historical collection experience and current economic trends.

The following is a summary of the allowance for doubtful accounts for the periods indicated (in thousands):

	Balance at Beginning of Period	Additions (Reversals)	Deductions(1)	Balance at End of Period
Year ended December 31, 2006	\$ 740	\$ 88	\$ 175	\$ 653
Year ended December 31, 2005	\$ 1,073	\$ (333)	—	\$ 740
Year ended December 31, 2004	\$ 1,093	\$ 188	\$ 208	\$ 1,073

(1) Actual write-offs of uncollectible accounts receivable.

Cost of Revenue

Cost of revenue includes the costs of products and services. Cost of product revenue consists primarily of product media and duplication, manuals, packaging materials, shipping and handling expenses, third-party royalties and, to a lesser extent, the salaries and benefits of certain personnel and related operating costs of computer equipment. Cost of service revenue consists primarily of personnel costs for consultancy, training, customer support, product configuration and implementation, and related operating costs of computer equipment and travel expenses.

Cash Equivalents

The Company considers all highly liquid investments with insignificant interest rate risk and purchased with a maturity of three months or less to be cash equivalents.

Financial Instruments

The carrying value of cash and cash equivalents, restricted cash, accounts receivable, accounts payable, and other accrued liabilities approximates fair value due to short-term maturities of these assets and liabilities. Fair values of short-term investments are based on quoted market prices at the date of measurement.

Marketable Securities

Marketable securities consist of corporate bonds and U.S. government agency fixed income securities. Marketable securities are stated at market value, and by policy, the Company invests primarily in high grade marketable securities to reduce risk of loss. On April 1, 2006, following a periodic review of its investment

[Table of Contents](#)

policy, management determined that it no longer intended to actively and frequently buy and sell these securities with the objective of generating profits on short-term differences in price and, accordingly, the Company's investments in marketable securities were prospectively classified as available-for-sale under the provisions of SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities* (SFAS 115), and unrealized holding gains and losses would be reflected in the Company's accumulated other comprehensive income. Until April 1, 2006, these investments were classified as trading securities. The specific identification method is used to determine the cost basis of marketable securities disposed of.

Research and Development

Research and development expenditures are generally charged to operations as incurred. SFAS No. 86, *Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed* (SFAS 86), requires capitalization of certain software development costs subsequent to the establishment of technological feasibility. Based on the Company's product development process, technological feasibility is established upon completion of a working model. Development costs incurred by the Company between completion of the working model and the point at which the product is ready for general release have been insignificant.

Other Assets

Other assets represent costs of technology purchased or acquired from acquisitions, which have reached technological feasibility. The costs of technology have been capitalized and will be written off over their useful economic life estimated between three and four years in accordance with SFAS 86.

In accordance with SFAS No. 144, *Accounting for Impairment of Long-Lived Assets*, the Company is required to test its other assets for impairment whenever events or circumstances indicate that the value of the assets may be impaired. Factors the Company considers important, which could trigger impairment include:

- significant underperformance relative to expected historical or projected future operating results;
- significant changes in the manner of the Company's use of the acquired assets or the strategy for its overall business;
- significant negative industry or economic trends;
- significant decline in IONA's share price for a sustained period; and
- significant decline in IONA's market capitalization relative to net book value.

Property and Equipment

Property and equipment is stated at cost. Depreciation of leasehold improvements is computed using the shorter of the lease term or estimated useful life. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Computer equipment	3 years
Leasehold improvements	4 to 15 years
Office equipment	5 years
Furniture and fixtures	3 to 10 years

Depreciation expense was \$1.8 million, \$2.1 million and \$2.5 million in 2006, 2005 and 2004, respectively.

Software Development Costs

The Company capitalizes certain software development costs associated with the development of its website and other internal financial software. These costs incurred are accounted for in accordance with Statement of Position 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use* (SOP 98-1). In accordance with SOP 98-1, internal and external costs incurred to develop internal-use computer software during the application development stage are capitalized. Application development stage costs generally include software configuration, coding, installation and testing. Costs incurred for maintenance, testing minor upgrades and enhancements are expensed as incurred. Capitalized internal-use software development costs are included in property and equipment, and are amortized on a straight-line basis over the estimated useful lives of the related software, typically 3 years.

The Company capitalized approximately \$0.2 million, \$0.4 million and less than \$0.1 million of software development costs during 2006, 2005 and 2004 respectively. Amortization associated with capitalized software development costs totaled approximately \$0.5 million, \$0.4 million, and \$0.4 million during 2006, 2005 and 2004, respectively. At December 31, 2006, the Company has approximately \$0.5 million of unamortized software development costs.

Concentration of Credit Risk

The Company sells its products to companies in various industries throughout the world and maintains reserves for potential credit losses. To date such losses have been within management's expectations. The Company generally requires no collateral from its customers. Due in part to industry consolidation in some of the vertical markets the Company serves, sales to its two largest customers when aggregated represented approximately 28% of its net revenue for the year ended December 31, 2006. No customer accounted for more than 10% of the Company's revenue in 2005 or 2004. Additionally, the same two customers accounted for approximately 45% of the Company's gross accounts receivable balance as of December 31, 2006. No customer accounted for more than 10% of the Company's gross accounts receivable balance as of December 31, 2005.

The Company invests its excess cash in low-risk, short-term deposit accounts with high credit-quality banks in the United States, China, Japan, British West Indies and Ireland. The Company performs periodic evaluations of the relative credit standing of all of the financial institutions with which it deals and considers the related credit risk to be minimal.

Compensated Absences

The Company accrues for the liability associated with employees' absences from employment because of illness, holiday, vacation or other reasons in accordance with SFAS 43, *Accounting for Compensated Absences*. Prior to 2005, the Company did not accrue for this liability as the amount of compensation was not reasonably estimable. In the fourth quarter of 2005, the Company was able to implement a process to estimate its obligation for accrued vacation and consequently recorded a first time non-cash charge of \$1.1 million.

Accounting for Income Taxes

The Company uses the asset and liability method in accounting for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes* (SFAS 109). Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws which will be in effect when the differences are expected to reverse.

Share-Based Compensation

At December 31, 2006, the Company has five share-based employee compensation plans, which are more fully described in Note 10.

[Table of Contents](#)

On January 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123 (revised 2004), *Share-Based Payment* (SFAS 123R). Prior to January 1, 2006, the Company accounted for share-based payments under the recognition and measurement provisions of APB Opinion No. 25, *Accounting for Stock Issued to Employees* and related interpretations (collectively, APB 25). In accordance with APB 25, compensation cost for share options was measured as the excess, if any, of the fair market value of IONA's shares at the date of the grant over the amount an employee must pay to acquire the shares. This cost was deferred and charged to expense ratably over the vesting period (generally four years).

The Company adopted SFAS 123R using the modified prospective transition method. Under that transition method, compensation cost recognized in year ended December 31, 2006, includes: a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the fair value on the date of grant estimated in accordance with the original provisions of SFAS No 123, *Accounting for Share-based Compensation* (SFAS 123) and b) compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the fair value on the date of grant estimated in accordance with the provisions of SFAS 123R. The results for the prior periods have not been restated.

The following table illustrates the effect on net (loss) income and net (loss) income per share if the Company had applied the fair value recognition provisions of SFAS 123 to share-based employee compensation (in thousands except per share amounts):

	Year Ended December 31,

Net (loss) income per share:

Defined Contribution Plans

The Company sponsors and contributes to defined contribution plans for certain employees and directors. Contribution amounts by the Company are determined by management and allocated to employees on a pro rata basis based on employees' contributions. The Company contributed approximately \$1.0 million, \$1.1 million and \$1.1 million to the plan in the years ended December 31, 2006, 2005 and 2004, respectively.

Advertising and Promotion Expense

All costs associated with advertising and promoting products are expensed as incurred. Advertising and promotion expense was \$2.0 million, \$2.2 million and \$2.1 million for the years ended December 31, 2006, 2005 and 2004, respectively.

Comprehensive Income (Loss)

The Company accounts for comprehensive income (loss) in accordance with the provisions of SFAS No. 130, *Reporting Comprehensive Income* (SFAS 130). SFAS 130 establishes guidelines for the reporting and display of

[Table of Contents](#)

comprehensive income and its components in the financial statements. The components of comprehensive income (loss), net of tax, for the year ended December 31, 2006 are as follows (in thousands):

	2006
Net income	\$ 2,520
Other comprehensive income (loss):	
Unrealized holding losses arising during period	—
Less: reclassification adjustment for gains realized in net income	—
Net unrealized losses on investments	—
Total comprehensive income	<u>\$ 2,520</u>

Reclassifications

Certain amounts from prior periods have been reclassified to conform to the current period presentation. In 2005, the Company concluded that it was appropriate to classify commercial paper as cash equivalents. Previously, such funds had been classified as marketable securities. The Company made reclassifications amounting to \$8.2 million and \$11.6 million in 2004 and 2003, respectively, to reflect this reclassification by reducing marketable securities and increasing cash and cash equivalents. These reclassifications had no impact on the Company's working capital or consolidated statements of operations. However it did result in a \$3.4 million decrease in cash provided by operating activities in 2004.

Recent Accounting Pronouncements

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FIN 48), which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Additionally, FIN 48 provides guidance on derecognition, classification, accounting in interim periods and disclosure requirements for uncertain tax positions. The accounting provisions of FIN 48 will be effective for the Company beginning January 1, 2007. The Company has substantially completed its assessment of the impact of the adoption of FIN 48 and expects that the financial impact of the initial adoption, if any, will be immaterial to its financial position or results of operations.

In September 2006, the FASB issued SFAS No. 157, *Fair Value Measurements* (SFAS 157), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of SFAS 157 are effective as of January 1, 2008. The Company is currently evaluating the impact of adopting SFAS 157 but does not expect that the adoption of SFAS 157 will have any material impact on its consolidated financial statements.

In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115* (SFAS 159). SFAS 159 permits a company to choose, at specified election dates, to measure at fair value certain eligible financial assets and liabilities that are not currently required to be measured at fair value. The specified election dates include, but are not limited to, the date when an entity first recognizes the item, when an entity enters into a firm commitment or when changes in the financial instrument causes it to no longer qualify for fair value accounting under a different accounting standard. An entity may elect the fair value option for eligible items that exist at the effective date. At that date, the difference between the carrying amounts and the fair values of eligible items for which the fair value option is elected should be recognized as a cumulative effect adjustment to the opening balance of retained earnings. The fair value option may be elected for each entire financial instrument, but need not be applied to all similar instruments. Once the fair value option has been elected, it is irrevocable. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings. The accounting provisions of SFAS 159 will be effective for the Company beginning January 1, 2008. The Company is currently assessing the effect of adopting SFAS 159.

2. Marketable Securities

Marketable securities consist of corporate bonds and U.S. government agency fixed income securities. Marketable securities are stated at market value, and by policy, the Company invests primarily in high grade marketable securities to reduce risk of loss. As of December 31, 2006, marketable securities consist of auction rate securities with reset dates of up to March 2007 and maturity dates of up to March 2045. The weighted-average effective interest rates on the marketable securities was approximately 5.4%.

3. Acquisition of Netfish Technologies, Inc.

In May 2001, a wholly-owned subsidiary of IONA merged with and into Netfish Technologies, Inc. (Netfish), for a total consideration of 5,036,318 newly-issued ordinary shares and replacement options, and \$30.9 million of closing costs incurred in connection with the merger. Of the 4,221,216 newly-issued ordinary shares, 504,598 were held back by the Company in 2001 as a source of indemnification payments that may become due to the Company. If the Company made no claims for indemnification, 75% of the 504,598 ordinary shares, or 378,448 shares, would have been distributed to the former holders of Netfish shares in May 2002 and 25% of the 504,598 ordinary shares, or 126,150 shares, would have been distributed in May 2003. In May 2002, the Company held back 142,045 ordinary shares to cover indemnification claims made by the Company. In May 2003, an additional 126,150 ordinary shares were held back to cover the indemnification claims that the Company previously made. If pending indemnification claims are resolved in a manner unfavorable to the Company, up to 268,195 ordinary shares held back by the Company could be distributed to the former holders of Netfish shares.

In October 2004, the Company received \$0.6 million from its insurers in connection with the favorable resolution of an acquisition contingency, relating to litigation costs, which resulted in the recognition of \$0.6 million of income.

4. Restructuring

During prior periods, the Company's management and Board of Directors approved restructuring plans, which included consolidation of excess facilities, a reduction in workforce, and other related costs.

During 2006, the Company recorded a \$0.2 million charge related to a revision of lease estimates for previous restructurings. The Company also released \$0.2 million of restructuring accruals related to the negotiation of a new sublease in the United Kingdom.

During 2005, the Company released \$0.2 million of restructuring accruals of which \$0.1 million related to severance and benefit costs from previous restructurings, based on the final payments for such severance and benefits and \$0.1 million related to facilities costs for the Company's Dublin and Reading, UK offices.

During 2004, the Company recorded a charge of \$0.6 million for severance and benefit costs related to cost reduction actions for eight sales employees. Also during 2004, the Company released \$0.6 million of restructuring accruals related to severance and benefit costs from previous restructurings, based on the final payments for such severance and benefits

The Company expects cash outlays of \$0.3 million will be made in the next twelve months, with remaining cash outlays of \$1.0 million to be made through the end of 2013.

Although the Company does not anticipate additional significant changes to its restructuring accruals, the actual costs may differ from those recorded in the event that the subleasing assumptions require adjustment due to changes in economic conditions surrounding the real estate market or the Company terminates its lease obligations prior to the scheduled termination dates.

The Company was required to make certain estimates and assumptions in assessing the amount accrued for excess facilities arising from these restructurings. The charge was calculated by taking into consideration (1) the committed annual rental charge associated with the vacant square footage, (2) an assessment of the sublet rents that could be achieved based on current market conditions, vacancy rates and future outlook, (3) an assessment of the period of time the facility would remain vacant before being sub-let, (4) an assessment of the percentage increases in the primary lease rent at each review, and (5) the application of a discount rate of 4% over the remaining period of the lease or break clause.

The following sets forth the Company's accrued restructuring costs as of December 31, 2006:

	<u>Excess Facilities</u>	<u>Severance</u> (U.S. dollars in thousands)	<u>Total</u>

5. Restricted Cash

At December 31, 2006, the Company has approximately \$0.3 million in restricted cash deposits with Citizens Bank which includes annual renewable letter of credit facilities for certain leased facilities. Should the Company not renew these letter of credit facilities or default on its rental obligations, \$0.3 million will be payable to the lessors. During 2006 and 2005, restrictions associated with \$0.2 million and \$3.0 million, respectively, payable upon demand for use toward satisfaction of amounts owed to a landlord were released.

7. Operating Lease Commitments

The Company leases office space under non-cancelable operating leases with various expiration dates through 2013 and certain leases have renewal options with rentals based upon changes in the fair market value of the property. Rent expense under all operating leases was approximately \$4.6 million, \$4.2 million and \$7.1 million in 2006, 2005 and 2004, respectively. The decrease in rent expense in 2005 compared to the previous year is related to the Company's restructuring activities. Rental income under all operating subleases was approximately \$2.6 million in both 2006 and 2005 and \$1.5 million in 2004. Future minimum lease payments under all operating leases as of December 31, 2006 are as follows (U.S. dollars in thousands):

During 2006, the Company reduced its cost and accumulated depreciation by \$2.5 million related to asset retirements.

9. Redeemable Preference Shares and Shareholders' Equity

IONA's authorized share capital is divided into redeemable preference shares (preference shares) of €0.0025 par value per share and ordinary shares of €0.0025 par value per share.

The preference shares confer on the holders thereof the right to receive notice of and to attend all general meetings of IONA but not the right to vote on any resolution proposed therefore. They confer on the holders thereof the right to be paid out of the profits available for distribution, in priority to any payment of dividend on any other class of shares in IONA, a fixed cumulative preference dividend at a rate of 6% per annum on the amount paid up on the preference shares. Upon winding up of IONA, the preference shares confer upon the holders thereof the right to repayment of the capital paid thereon, together with payment of all arrears of preferential dividend, whether declared or not, to the date of redemption of the preference shares in priority to payment of any dividend or repayment of capital to the holders of the ordinary shares in the capital of IONA. Such preference shares do not, however, confer upon the holders thereof any further rights to participate in the assets of IONA.

Dividends may only be declared and paid out of profits available for distribution determined in accordance with generally accepted accounting principles in Ireland and applicable Irish Company Law. Any dividends on the ordinary shares, if and when declared, will be declared and paid in U.S. dollars. The amount of retained earnings available for distribution as dividends at December 31, 2006, 2005 and 2004, at the exchange rates in effect on those dates, was nil.

10. Share-Based Compensation Plans

IONA has share-based compensation plans under which employees, consultants, directors and officers may be granted share options. Options are generally granted with exercise prices at not less than the fair market value on the grant date, generally vest over 4 years and expire 7 or 10 years after the grant date, or five years from the date of grant in the case of an incentive share option granted to an employee holding more than 10% of the total combined voting power of IONA. Additionally, the 2006 Share Incentive Plan provides for the grant of restricted share awards, phantom share units, share appreciation rights and other share-based awards, including the grant of shares based upon certain conditions such as performance-based conditions and the grant of securities convertible into ordinary shares. The 2006 Share Incentive Plan was approved by the Company's shareholders on August 23, 2006, authorizing the issuance of 4,000,000 new shares that may be used for awards. In addition, shares underlying any award granted and outstanding under the Company's 1997 Share Option Scheme as of the

Table of Contents

adoption date of the 2006 Share Incentive Plan that are forfeited, cancelled, held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding, reacquired by IONA prior to vesting, satisfied without the issuance of shares or otherwise terminated (other than by exercise), after the adoption date without the issuance of shares become available for future grants under the 2006 Share Incentive Plan.

The following sets forth information related to IONA's five equity compensation plans as of December 31, 2006:

* In connection with acquisitions of Genesis, Inc. and Netfish all of the outstanding share options for these plans were converted into options to purchase IONA's ordinary shares.

A summary of IONA's share option activity, and related information for the years ended December 31, 2006, 2005 and 2004 follows:

The aggregate intrinsic value in the preceding table represents the total pretax intrinsic value, based on IONA's closing share price of \$4.92 as of December 29, 2006, which would have been received by the option holders had all option holders exercised their options as of that date. The aggregate intrinsic value of options exercised for the years ended December 31, 2006, 2005 and 2004 were \$0.8 million, \$0.7 million and \$2.6 million, respectively.

As discussed in Note 1—Share-Based Compensation, the Company adopted SFAS 123R on January 1, 2006. Prior to then, the Company applied the provisions of APB 25. As a result of adopting SFAS 123R, the Company's net income for 2006 was \$4.6 million lower than if the Company had continued to account for share-based compensation under APB 25 as it had in the comparable prior year periods. Diluted net income per share for 2006 was \$0.12 lower than if the Company had continued to account for share-based compensation under APB 25. The Company has not recognized any tax benefit related to share-based compensation cost as a result of the full valuation allowance on its net deferred tax assets related to its net operating loss carry forwards.

The weighted average estimated grant date fair value of share options granted during 2006, 2005 and 2004 were \$2.25, \$2.43, and \$3.75, respectively, using a Black-Scholes option-pricing model with the following weighted average assumptions:

	2006	2005	2004
Risk-free interest rate	5.04%	4.39%	4.00%
Expected dividend yield	—	—	—
Expected volatility	75.3%	77.0%	95.1%
Expected life (years)	3.26	3.89	3.77

The dividend yield of zero is based on the fact that IONA has never paid cash dividends and has no present intention to pay cash dividends. Expected volatility is based on historical volatility of IONA's shares over the period commensurate with the expected life of the options. The expected term of options granted is derived from historical data on employee exercise and post-vesting employment termination behavior. The risk-free rate is based on the U.S. Treasury yield curve in effect at the time of grant. IONA uses the straight-line method for expense attribution.

IONA's estimated option forfeiture rate in 2006, 2005 and 2004 based on its historical option forfeiture experience, is approximately 10%. IONA records additional expense if the actual option forfeitures are lower than estimated and records a recovery of prior expense if the actual option forfeitures are higher than estimated.

The weighted average estimated grant date fair value for rights to purchase awards under the 1999 Employee Share Purchase Plan were \$1.28, \$1.34, and \$1.28, respectively, using the following weighted average assumptions:

	2006	2005	2004
Risk-free interest rate	4.8%	2.0%	2.0%
Expected dividend yield	—	—	—
Expected volatility	75.1%	78.0%	93.8%
Expected life	6 months	6 months	6 months

The unamortized fair value of share options as of December 31, 2006, was \$7.9 million with a weighted average remaining recognition period of 1.3 years.

During the first quarter of 2006, the Company granted 300,000 options incorporating market conditions which may accelerate vesting. The Company calculated the requisite service period of approximately 3.5 years using a Monte-Carlo simulation to simulate a range of possible future share prices for IONA. The Company used assumptions consistent with those input in its Black-Scholes option-pricing model to calculate the fair value on the date of grant of these options using a lattice model. The remaining unrecognized compensation expense on options with market conditions vesting at December 31, 2006 was \$0.4 million. The weighted average period over which the cost is expected to be recognized is approximately 1.2 years.

11. 1999 Employee Share Purchase Plan

In August 1999, the Company established a qualified Employee Share Purchase Plan, the terms of which allow for qualified employees (as defined therein) to participate in the purchase of designated shares of IONA's ordinary shares at a price equal to the lower of 85% of the closing price at the beginning or end of each semi-annual share purchase period. As of December 31, 2006, 2005 and 2004, 1.3 million, 1.2 million and 1.0 million shares have been issued under the plan, respectively.

12. Net Income (Loss) Per Ordinary Share and ADS

The following sets forth the computation of basic and diluted net income (loss) per ordinary share and ADS:

	Year Ended December 31,		
	2006	2005	2004
(In thousands, except per share data)			
Numerator:			
Numerator for basic and diluted net income (loss) per ordinary share and ADS—income (loss) available to ordinary shareholders	\$ 2,520	\$ (843)	\$ 192
Denominator:			
Denominator for basic net income (loss) per ordinary and ADS share—weighted average ordinary shares and ADS	35,648	35,139	34,570
Effect of employee share options	621	—	1,763
Denominator for diluted net income (loss) per ordinary share and ADS	36,269	35,139	36,333
Basic net income (loss) per ordinary share and ADS	\$ 0.07	\$ (0.02)	\$ 0.01
Diluted net income (loss) per ordinary share and ADS	\$ 0.07	\$ (0.02)	\$ 0.01

In 2006 the total number of shares related to the outstanding options excluded from the calculation of diluted net income per share was approximately 2.1 million. In 2005, all outstanding share options granted have been excluded from the calculation of the diluted net loss per share because all such securities were anti-dilutive. The total number of shares related to the outstanding options excluded from the calculation of diluted net income per share was approximately 1.9 million for the year ended December 31, 2004.

13. Income Taxes

Income (loss) before provision for income taxes consists of the following:

	Year Ended December 31,		
	2006	2005	2004
(U.S. dollars in thousands)			
Ireland*	\$ 238	\$(2,717)	\$(1,118)

The provision for income taxes consists of the following:

	Year Ended December 31,		
	2006	2005	2004
	(U.S. dollars in thousands)		
Current:			
Ireland	\$ 520	\$448	\$ 92

Ireland	—	—	—
Rest of World	—	—	—
Total deferred	—	—	—
Total provision for income taxes	<u>\$1,212</u>	<u>\$920</u>	<u>\$566</u>

The provision for income taxes differs from the amount computed by applying the statutory income tax rate to income (loss) before taxes. The sources and tax effects of the differences are as follows:

	Year Ended December 31,		
	2006	2005	2004
	(U.S. dollars in thousands)		
Income taxes computed at the Irish statutory income tax rate of 12.5%	\$ 467	\$ 10	\$ 95
State tax, net of federal benefit	42	—	—
Income (loss) from Irish manufacturing operations at lower rates	(134)	123	25
Operating losses not utilized	—	490	192
Operating losses utilized	(1,273)	(1,548)	(372)
Income (loss) subject to different rates of tax	1,123	1,736	405
Income not subject to tax	(201)	(106)	(37)
Non-deductible expenses	770	101	324
Other items	418	114	(66)
Total provision for income taxes	<u>\$ 1,212</u>	<u>\$ 920</u>	<u>\$ 566</u>

The effect on basic and diluted net income (loss) per ordinary share and per ADS of the Irish manufacturing operations being taxed at a lower rate than the Irish Statutory income tax rate was nil for the years ended December 31, 2006, 2005 and 2004.

	Year Ended December 31,		
	2006	2005	2004
	(U.S. dollars in thousands)		
Deferred tax assets:			
Principally net operating loss carryforwards	\$ 61,124	\$ 62,040	\$ 55,629
Total deferred tax assets	61,124	62,040	55,629
Valuation allowance	(61,124)	(62,040)	(55,629)
Net deferred tax assets	<u>\$ —</u>	<u>\$ —</u>	<u>\$ —</u>

The valuation allowance decreased \$0.9 million in 2006 and increased \$6.4 million in 2005.

At December 31, 2006, the Company has a net operating loss carryforward of approximately \$116.0 million, including approximately \$65.0 million pre-acquisition losses from the Netfish acquisition, for U.S. federal tax purposes which will expire in the tax years 2011 through 2025 if not previously utilized. Similar amounts are

[Table of Contents](#)

available for state purposes with expiration generally through 2011. Utilization of the net operating loss carryforward may be subject to an annual limitation due to the change in ownership rules provided by the Internal Revenue Code of 1986. This limitation and other restrictions provided by the Internal Revenue Code of 1986 may reduce the net operating loss carryforward such that it would not be available to offset future taxable income of the U.S. subsidiaries.

At December 31, 2006, approximately \$32.5 million of the net operating loss carryforwards in the United States result from disqualifying dispositions. The tax value of the disqualifying dispositions has not been recognized in the tax reconciliation note as the utilization of the net operating loss carryforwards will result in an increase in Additional Paid-In Capital and not a reduction in Provision for Income Taxes. At December 31, 2006, \$13.0 million of the valuation allowance related to disqualifying dispositions.

At December 31, 2006, the Company also had net operating loss carryforwards totaling approximately \$121.9 million for Irish income tax purposes which carry forward indefinitely.

At December 31, 2006, the Company also had net operating loss carryforwards totaling approximately \$2.9 million for Australian income tax purposes which carry forward indefinitely. However, as of December 31, 2006, the Company no longer had active operations in Australia.

The utilization of these net operating loss carryforwards is limited to the future profitable operation of the Company in the related tax jurisdictions in which such carryforwards arose. The applicable tax rates as of December 31, 2006 were a maximum of 35% for U.S. federal income tax purposes and 12.5% for Irish income tax purposes. Valuation allowances of 100% have been provided against the net operating loss carryforwards because of the history of operating losses in the related tax jurisdictions.

Significant judgment is required in determining the Company's worldwide income tax expense provision. In the ordinary course of a global business, there are many transactions and calculations where the ultimate tax outcome is uncertain. Some of these uncertainties arise as a consequence of income sharing and cost reimbursement arrangements among related entities, the process of identifying items of income and expense that qualify for preferential tax treatment and segregation of foreign and domestic income and expense to avoid double taxation. The Company has reserves for taxes that may become payable in future periods as a result of tax audits. It is the Company's policy to establish reserves for taxes that may become payable in future years as a result of examination by tax authorities. The tax reserves are analyzed at each balance sheet date and adjustments are made as events occur to warrant adjustment to the reserves. At any given time the Company may be undergoing tax audits in several jurisdictions and covering multiple years.

The tax reserve is the Company's best estimate of the potential liability for tax contingencies. Inherent uncertainties exist in estimates of tax contingencies due to changes in tax law, both legislated and concluded through the various jurisdictions' court systems. It is the opinion of the Company's management that the possibility is remote that costs in excess of those accrued will have a material adverse impact on the Company's consolidated financial statements. The Company expects the completion of certain of these tax audits in the near term. However, based on the currently available information, the Company is not able, at this time, to determine if it is reasonably possible that the final outcome of tax examinations will result in a materially different outcome than assumed in its tax reserves.

14. Industry and Geographic Information

The Company follows SFAS No. 131, *Disclosures About Segments of an Enterprise and Related Information* (SFAS 131). SFAS 131 establishes standards for reporting information about operating segments. Operating segments are defined in SFAS 131 as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. Based on the guidance in SFAS 131, the Company has one operating segment for financial reporting purposes: Enterprise Infrastructure Software.

16. Contingencies

The Company is involved in various legal proceedings and disputes that arise in the normal course of business. Disputes can be expensive and disruptive to normal business operations. The Company believes that it has meritorious defenses to these matters. In 2003 the Company settled a lawsuit which arose in connection with the termination of an employee by Netfish Technologies, Inc. (Netfish) prior to IONA's acquisition of Netfish. Since settlement of the underlying lawsuit, the Company has also reached settlement with Netfish's insurers over payment of the legal fees incurred by the Company. Netfish's former Chief Executive Officer asserts that the Company is obligated to reimburse him for his legal expenses incurred in connection with this suit. The Company vigorously disputes such assertion and is in discussions with the former Netfish Chief Executive Officer over the matter.

17. Guarantees

The Company's software license agreements generally include language indemnifying customers against liabilities if its software products infringe a third party's intellectual property rights. To date, the Company has not incurred any significant or material costs as a result of such indemnifications and has not accrued any liabilities related to such obligations in its consolidated financial statements. The Company's software license agreements also generally include a warranty that its software products will substantially operate as described in the applicable program documentation for a period of 180 days after delivery. The Company also warrants that services it performs will be provided in a professional and workman-like manner. To date, we have not incurred any material costs associated with these warranties.

In connection with certain facility leases, the Company has indemnified its lessors for claims arising from the facility or the lease. The Company indemnifies its directors and officers to the maximum extent permitted by law. The duration of the indemnities varies, and in many cases is indefinite. The Company has not recorded any liability for these indemnities in the accompanying consolidated balance sheets.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Shareholders of
IONA Technologies PLC

We have audited IONA Technologies PLC (“the Company”)’s internal control over financial reporting as of December 31, 2007, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria). IONA Technologies PLC’s management is responsible for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting included in Management’s Annual Report on Internal Control over Financial Reporting at Item 9A (b). Our responsibility is to express an opinion on the company’s internal control over financial reporting based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, IONA Technologies PLC maintained, in all material respects, effective internal control over financial reporting as of December 31, 2007, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheets of IONA Technologies PLC as of December 31, 2007 and 2006 and the related consolidated statements of operations, changes in shareholders’ equity and cash flows for each of the three years in the period ended December 31, 2007 of IONA Technologies PLC and our report dated March 14, 2008, expressed an unqualified opinion thereon.

IONA TECHNOLOGIES PLC
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies

Organization

IONA Technologies PLC, or IONA, is organized as a public limited company under the laws of Ireland. IONA and its subsidiaries, all of which are wholly-owned, or collectively, the Company, provide infrastructure software. The Company also provides customer technical support as well as professional services, consisting of customer consulting and training and, to a limited extent, product configuration and enhancement. The Company's major customers, based on revenue earned, are corporate information technology departments of U.S., European and Asia Pacific businesses.

Basis of Presentation and Principles of Consolidation

The accompanying Consolidated Financial Statements are prepared in accordance with United States generally accepted accounting principles, or U.S. GAAP. The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying footnotes. Actual results could differ from those estimates.

The accompanying Consolidated Financial Statements include IONA and its wholly-owned subsidiaries in the United States, British West Indies, Europe, Australia, Japan, China, Canada, Singapore and Korea after eliminating all material intercompany accounts and transactions.

Companies Acts, 1963 to 2006

The financial information relating to IONA included in this document does not comprise full group accounts as referred to in Regulation 40 of the European Communities (Companies: Group Accounts) Regulations 1992, copies of which are required by that Act to be annexed to a Company's annual return. The auditors have made reports without qualification and without reference to an emphasis of matter under Section 193 of the Companies Act, 1990 in respect of the Consolidated Financial Statements for the years ended December 31, 2006 and 2005. Copies of the Consolidated Financial Statements for each of the years ended December 31, 2006 and 2005 have been so annexed to the relevant annual returns, and a copy of the Consolidated Financial Statements for the year ended December 31, 2007 together with the report of the auditors thereon will in due course be annexed to the relevant annual return, which will be filed after the annual general meeting of IONA in 2008.

Foreign Currency Translation

The U.S. dollar is the functional currency for the Company. In accordance with Statement of Financial Accounting Standards (SFAS) No. 52, *Foreign Currency Translation*, or SFAS 52, monetary assets and liabilities denominated in foreign currencies are translated at year end exchange rates while revenue and expenses are translated at rates approximating those ruling at the dates of the related transactions. Resulting gains and losses are included in net (loss) income for the year.

Revenue Recognition

The Company's revenue is derived from product license fees and charges for professional services. The Company follows the revenue recognition criteria of Statement of Position (SOP) 97-2, *Software Revenue Recognition*, as amended by SOP 98-4 and SOP 98-9 issued by the Accounting Standards Executive Committee of the American Institute of Certified Public Accountants and related interpretations, collectively, SOP 97-2.

[Table of Contents](#)

The Company does not enter into arrangements to deliver software requiring significant production, modification or customization to its software products.

Under the terms of SOP 97-2, the Company recognizes revenue when all of the following criteria are met:

- persuasive evidence of an arrangement exists;
- delivery has occurred;
- customer fee is fixed or determinable; and
- collection is probable.

For arrangements with multiple elements, the Company allocates revenue to each element of a transaction based upon its fair value as determined by vendor specific objective evidence of fair value (VSOE). VSOE of fair value for each element of an arrangement is based upon the normal pricing and discounting practices for each element when sold separately, including the renewal rate for support services. The Company maintains management approved price lists for its product licenses, customer support and professional services. The Company infrequently offers discounts on its customer support or professional services, and if offered, such discounts are usually insignificant. If the Company cannot objectively determine the fair value of any undelivered element included in the multiple element arrangement, revenue is deferred until all elements are delivered, services have been performed, or until fair value can be objectively determined. When the fair value of a delivered element cannot be established, the Company uses the residual method to record revenue, provided the fair value of all undelivered elements is determinable. Under the residual method, the fair value of the undelivered elements is deferred and recognized as delivered and the remaining portion of the arrangement fee is allocated to the delivered elements and is recognized as revenue.

The Company believes that its normal pricing and discounting practices provide a basis for establishing VSOE of fair value for the undelivered elements based on the following facts:

- Support contracts are regularly sold on a stand-alone basis to customers that choose to renew the support contract beyond the initial term. Support contract pricing is based on established list pricing. The renewal purchases at consistent pricing provide the basis for VSOE on the support contracts. Support revenue is recognized ratably over the contract term.
- Consulting contracts are regularly sold on a stand-alone basis to customers requesting these services. Consulting contract pricing is at a daily flat rate and customers purchase an appropriate number of service days. The consulting services delivered on a stand-alone basis at consistent pricing provide the basis for VSOE on the consulting contracts. Consulting revenue is recognized as the services are performed.

The Company performs an annual analysis of all contracts to ensure that the actual allocation of fair value to undelivered elements is not significantly different from the established VSOE rates for the individual elements. The analysis is segmented by level of support and type of customer (i.e., end-user licensee or licensee with rights of distribution).

The Company assesses whether fees are fixed or determinable at the time of sale and recognizes revenue if all other revenue recognition requirements are met. The Company's standard payment terms are generally net 30 days. Payment terms, however, may vary based on the country in which the agreement is executed. Payments that extend beyond 30 days from the contract date, but that are due within twelve months, are generally deemed to be fixed or determinable based on the Company's successful collection history on such arrangements, and thereby satisfy the required criteria for revenue recognition.

[Table of Contents](#)

The Company assesses whether collection is probable at the time of the transaction based on a number of factors, including the customer's past transaction history and credit-worthiness. If the Company determines that the collection of the fee is not probable, the fee is deferred and revenue is recognized at the time collection becomes probable, which is generally upon the receipt of cash.

The Company delivers products electronically or by overnight courier F.O.B. origin, and its software arrangements typically do not contain acceptance provisions. Accordingly, delivery is usually satisfied when the customer has been provided with access codes to allow them to take immediate possession of the software, or when shipped by courier, when the product leaves the Company's premises.

Revenue from royalty arrangements in excess of guaranteed amounts is recognized upon notification of such royalties payable by the customer.

Accounts Receivable

Accounts receivable are recorded at invoiced amounts less an allowance for doubtful accounts. In 2007, the Company concluded that it was appropriate to show its accounts receivable and deferred revenue balances net of advanced billings. Advanced billings consist of post-contract customer support amounts which have been invoiced as of the end of the period but the term of the support has not commenced or payment has not been received. Accounts receivable and deferred revenue balances are shown net of advanced billings of \$5.6 million and \$8.1 million at December 31, 2007 and 2006, respectively.

Allowances for Doubtful Accounts

The Company makes judgments on its ability to collect outstanding receivables and provide allowances for the portion of receivables when collection becomes doubtful. Provisions are made based upon a specific review of all significant outstanding receivables. In determining the provision, the Company analyzes the historical collection experience and current economic trends.

The following is a summary of the allowance for doubtful accounts for the periods indicated (in thousands):

	<u>Balance at Beginning of Period</u>	<u>Additions (Reversals)</u>	<u>Deductions(1)</u>	<u>Balance at End of Period</u>
Year ended December 31, 2007	\$ 653	\$ 14	\$ (84)	\$ 583
Year ended December 31, 2006	\$ 740	\$ 88	\$ (175)	\$ 653
Year ended December 31, 2005	\$ 1,073	\$ (333)	—	\$ 740

(1) Actual write-offs of uncollectible accounts receivable.

Cost of Revenue

Cost of revenue includes the costs of products and services. Cost of product revenue consists primarily of product media and duplication, manuals, packaging materials, shipping and handling expenses, amortization of technology, third-party royalties and, to a lesser extent, the salaries and benefits of certain personnel and related operating costs of computer equipment. Cost of service revenue consists primarily of personnel costs for consultancy, training, customer support, product configuration and implementation, and related operating costs of computer equipment and travel expenses.

Cash Equivalents

The Company considers all highly liquid investments with insignificant interest rate risk and purchased with a maturity of three months or less to be cash equivalents.

[Table of Contents](#)

Financial Instruments

The carrying value of cash and cash equivalents, restricted cash, accounts receivable, accounts payable, and other accrued liabilities approximates fair value due to short-term maturities of these assets and liabilities. Fair values of short-term investments are based on quoted market prices at the date of measurement.

Marketable Securities

Marketable securities consist of student loan auction rate securities, corporate bonds and U.S. government agency fixed income securities. Marketable securities are stated at market value, and by policy, the Company invests primarily in high grade marketable securities to reduce risk of loss. On April 1, 2006, following a periodic review of its investment policy, management determined that it no longer intended to actively and frequently buy and sell these securities with the objective of generating profits on short-term differences in price and, accordingly, the Company's investments in marketable securities were prospectively classified as available-for-sale under the provisions of SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, or SFAS 115, and unrealized holding gains and losses would be reflected in the Company's accumulated other comprehensive income. Until April 1, 2006, these investments were classified as trading securities and unrealized gains and losses were included in the Consolidated Statement of Operations. The specific identification method is used to determine the cost basis of marketable securities disposed of.

Research and Development

Research and development expenditures are generally charged to operations as incurred. SFAS No. 86, *Accounting for the Costs of Computer Software to be Sold, Leased or Otherwise Marketed*, or SFAS 86, requires capitalization of certain software development costs subsequent to the establishment of technological feasibility. Based on the Company's product development process, technological feasibility is established upon completion of a working model. Development costs incurred by the Company between completion of the working model and the point at which the product is ready for general release have been insignificant.

Goodwill and Intangible Assets

Goodwill and intangible assets with indefinite lives are tested at least annually for impairment in accordance with the provisions of SFAS No. 142, *Goodwill and Other Intangible Assets*, or SFAS 142. The goodwill and other intangible asset impairment test is a two-step process. The first step of the impairment analysis compares the Company's fair value to its net book value to determine if there is an indicator of impairment. In determining fair value, SFAS 142 allows for the use of several valuation methodologies, although it states quoted market prices are the best evidence of fair value. The Company calculates fair value using the average market price of IONA's American Depositary Receipts over a seven-day period surrounding the annual impairment testing date (during the fourth fiscal quarter) and the number of IONA's ordinary shares outstanding on the date of the annual impairment test. Step two of the analysis compares the implied fair value of goodwill and other intangible assets to its carrying amount in a manner similar to a purchase price allocation for a business combination. If the carrying amount of goodwill and other intangible assets exceeds its implied fair value, an impairment loss is recognized equal to that excess. The Company tests its goodwill and other intangible assets for impairment annually during the fourth fiscal quarter and in interim periods if certain events occur indicating that the carrying value of goodwill or other intangible assets may be impaired. Indicators such as unexpected adverse business conditions, economic factors, unanticipated technological change or competitive activities, loss of key personnel, and acts by governments and courts, may signal that an asset has become impaired. As of December 31, 2007, the Company was not aware of any indicators or impairment that would impact the carrying value of Goodwill and Intangible Assets.

Intangible assets are amortized using the straight-line method over their estimated period of benefit ranging from three to five years. The Company evaluates the recoverability of intangible assets periodically and takes into account events or circumstances that warrant revised estimates of useful lives or that indicate that impairment

[Table of Contents](#)

exists. All of the Company's intangible assets are subject to amortization. No material impairments of intangible assets have been identified during any of the periods presented.

Property and Equipment

Property and equipment is stated at cost. Depreciation of leasehold improvements is computed using the shorter of the lease term or estimated useful life. Depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows:

Computer equipment	3 years
Leasehold improvements	4 to 15 years
Office equipment	5 years
Furniture and fixtures	3 to 10 years

Depreciation expense was \$1.7 million, \$1.8 million and \$2.1 million in 2007, 2006 and 2005, respectively.

Software Development Costs

The Company capitalizes certain software development costs associated with the development of its website and other internal financial software. These costs incurred are accounted for in accordance with Statement of Position 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use* (SOP 98-1). In accordance with SOP 98-1, internal and external costs incurred to develop internal-use computer software during the application development stage are capitalized. Application development stage costs generally include software configuration, coding, installation and testing. Costs incurred for maintenance, testing minor upgrades and enhancements are expensed as incurred. Capitalized internal-use software development costs are included in property and equipment, and are amortized on a straight-line basis over the estimated useful lives of the related software, typically 3 years.

The Company capitalized approximately \$0.1 million, \$0.2 million and \$0.4 million of software development costs during 2007, 2006 and 2005 respectively. Amortization associated with capitalized software development costs totaled approximately \$0.4 million, \$0.5 million and \$0.4 million during 2007, 2006 and 2005, respectively. At December 31, 2007, the Company has approximately \$0.2 million of unamortized software development costs.

Concentration of Credit Risk

The Company sells its products to companies in various industries throughout the world and maintains reserves for potential credit losses. To date, such losses have been within management's expectations. The Company generally requires no collateral from its customers. Sales to Boeing represented approximately 18% and 17%, respectively, of the Company's revenue for the years ended December 31, 2007 and 2006. In addition, due in part to industry consolidation in the telecommunications market, sales to AT&T represented approximately 11% of the Company's revenue for the years ended December 31, 2007 and 2006. No customer accounted for more than 10% of the Company's revenue in 2005. Additionally, Boeing accounted for approximately 41% of the Company's gross accounts receivable balance as of December 31, 2006. No customer accounted for more than 10% of the Company's gross accounts receivable balance as of December 31, 2007.

The Company invests its excess cash in low-risk, short-term deposit accounts with high credit-quality banks in the United States, China, Japan, British West Indies and Ireland. The Company performs periodic evaluations of the relative credit standing of all of the financial institutions with which it deals and considers the related credit risk to be minimal. Refer to Note 19, *Subsequent Events* for additional information.

[Table of Contents](#)

Compensated Absences

The Company accrues for the liability associated with employees' absences from employment because of illness, holiday, vacation or other reasons in accordance with SFAS No. 43, *Accounting for Compensated Absences*. Prior to 2005, the Company did not accrue for this liability as the amount of compensation was not reasonably estimable. In the fourth quarter of 2005, the Company was able to implement a process to estimate its obligation for accrued vacation and consequently recorded a first time non-cash charge of \$1.1 million.

Accounting for Income Taxes

The Company uses the asset and liability method in accounting for income taxes in accordance with SFAS No. 109, *Accounting for Income Taxes*, or SFAS 109. Under this method, deferred tax assets and liabilities are determined based on differences between financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws which will be in effect when the differences are expected to reverse.

Share-Based Compensation

At December 31, 2007, the Company has five share-based employee compensation plans, which are more fully described in Note 10.

On January 1, 2006, the Company adopted the fair value recognition provisions of SFAS No. 123 (revised 2004), *Share-Based Payment*, or SFAS 123R. Prior to January 1, 2006, the Company accounted for share-based payments under the recognition and measurement provisions of APB Opinion No. 25, *Accounting for Stock Issued to Employees* and related interpretations (collectively, APB 25). In accordance with APB 25, compensation cost for share options was measured as the excess, if any, of the fair market value of IONA's shares at the date of the grant over the amount an employee must pay to acquire the shares. This cost was deferred and charged to expense ratably over the vesting period (generally four years).

The Company adopted SFAS 123R using the modified prospective transition method. Under that transition method, compensation cost recognized in year ended December 31, 2006, includes: a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2006, based on the fair value on the date of grant estimated in accordance with the original provisions of SFAS No 123, *Accounting for Share-based Compensation* (SFAS 123) and b) compensation cost for all share-based payments granted subsequent to January 1, 2006, based on the fair value on the date of grant estimated in accordance with the provisions of SFAS 123R. The results for the prior periods have not been restated.

The following table illustrates the effect on net loss and net loss per share if the Company had applied the fair value recognition provisions of SFAS 123 to share-based employee compensation (in thousands except per share amounts):

The Company contributed approximately \$1.3 million, \$1.0 million and \$1.1 million to the plan in the years ended December 31, 2007, 2006 and 2005, respectively.

All costs associated with advertising and promoting products are expensed as incurred. Advertising and promotion expense was \$2.4 million, \$2.0 million and \$2.2 million for the years ended December 31, 2007, 2006 and 2005, respectively.

Comprehensive Income (Loss)

The Company accounts for comprehensive income (loss) in accordance with the provisions of SFAS No. 130, *Reporting Comprehensive Income*, or SFAS 130. SFAS 130 establishes guidelines for the reporting and display of comprehensive income and its components in the financial statements. The components of comprehensive income (loss), net of tax, for the years ended December 31, 2007 and 2006 are as follows (in thousands):

Reclassifications

Certain amounts from prior periods have been reclassified to conform to the current period presentation.

In 2007, the Company concluded that it was appropriate to show its accounts receivable and deferred revenue balances net of advanced billings. Advanced billings consist of post-contract customer support amounts which have been invoiced as of the end of the period but the term of the support has not commenced or payment has not been received. Advanced billings which were netted from accounts receivable and deferred revenue were \$5.6 million at December 31, 2007. The Company reclassified \$8.1 million of advanced billings from accounts receivable and deferred revenue at December 31, 2006 to conform to the current period presentation. These reclassifications had no impact on the Company's working capital, consolidated statements of operations and other than changes between accounts receivable and deferred revenue within changes in operating assets and liabilities, had no impact on the consolidated statements of cash flows.

Recent Accounting Pronouncements

In September 2006, FASB issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*, or SFAS 157, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of SFAS 157 were effective on January 1, 2008 and the Company does not expect its adoption to have a material impact on its Consolidated Financial Statements.

In February 2007, FASB issued Statement of Financial Accounting Standards No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115*, or SFAS 159. SFAS 159 permits a company to choose, at specified election dates, to measure at fair value certain

[Table of Contents](#)

eligible financial assets and liabilities that are not currently required to be measured at fair value. The specified election dates include, but are not limited to, the date when an entity first recognizes the item, when an entity enters into a firm commitment, or when changes in the financial instrument causes it to no longer qualify for fair value accounting under a different accounting standard. An entity may elect the fair value option for eligible items that exist at the effective date. At that date, the difference between the carrying amounts and the fair values of eligible items for which the fair value option is elected should be recognized as a cumulative effect adjustment to the opening balance of retained earnings. The fair value option may be elected for each entire financial instrument, but need not be applied to all similar instruments. Once the fair value option has been elected, it is irrevocable. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings. The provisions of SFAS 159 were effective on January 1, 2008 and the Company does not expect its adoption to have a material impact on its Consolidated Financial Statements.

In December 2007, the FASB issued Financial Accounting Standards No. 141R, *Business Combinations*, or SFAS 141R. SFAS 141R establishes principles and requirements for how an acquirer (a) recognizes and measures in its financial statements the identifiable assets acquired, liabilities assumed and any noncontrolling interest in the acquiree; (b) recognizes and measures the goodwill acquired in the business combination or a gain from a bargain purchase; and (c) determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS 141R applies prospectively to all business combination transactions for which the acquisition date is on or after January 1, 2009.

In December 2007, the FASB issued Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of Accounting Research Bulletin (ARB) No. 51*, or SFAS 160. SFAS 160 requires (1) presentation of ownership interests in subsidiaries held by parties other than the parent within equity in the consolidated statements of financial position, but separately from the parent's equity; (2) separate presentation of the consolidated net income attributable to the parent and to the minority interest on the face of the consolidated statements of income; (3) accounting for changes in a parent's ownership interest where the parent retains its controlling financial interest in its subsidiary as equity transactions; (4) initial measurement of the noncontrolling interest retained for any deconsolidated subsidiaries at fair value with recognition of any resulting gains or losses through earnings; and (5) additional disclosures that identify and distinguish between the interests of the parent and noncontrolling owners. The provisions of SFAS 160 are effective for us beginning January 1, 2009. Adoption of SFAS 160 is not expected to have a material impact on the Company's Consolidated Financial Statements.

2. Marketable Securities

Marketable securities consist of student loan auction rate securities, corporate bonds and U.S. government agency fixed income securities. As of December 31, 2007, auction rate securities had reset dates of up to January 2008 and maturity dates of up to April 2047. Original maturities for the Company's fixed income securities and commercial paper are less than a year whereas auction rate securities original maturities are greater than ten years. The weighted-average effective interest rate on the marketable securities was approximately 5.5% in 2007 and 5.4% in 2006. See Note 19, *Subsequent Events* for more information.

3. Acquisitions

In May 2001, a wholly-owned subsidiary of the Company merged with and into Netfish Technologies, Inc. (Netfish), for a total consideration of 5,036,318 newly-issued ordinary shares and replacement options, and \$30.9 million of closing costs incurred in connection with the merger. Of the 4,221,216 newly-issued ordinary shares, 504,598 were held back by the Company in 2001 as a source of indemnification payments that may become due to the Company. If the Company made no claims for indemnification, 75% of the 504,598 ordinary shares, or 378,448 shares, would have been distributed to the former holders of Netfish shares in May 2002 and 25% of the 504,598 ordinary shares, or 126,150 shares, would have been distributed in May 2003. In May 2002, the Company held back 142,045 ordinary shares to cover indemnification claims made by the Company. In May 2003, an additional 126,150 ordinary shares were held back to cover the indemnification claims that the Company previously made. If pending indemnification claims are resolved in a manner unfavorable to the Company, up to 268,195 ordinary shares held back by the Company could be distributed to the former holders of Netfish shares.

On March 6, 2007, the Company purchased substantially all of the assets of Century 24 Solutions Limited, or C24, a software development firm specializing in data management and transformation technology. The acquisition brings additional data services capabilities to the Artix family of distributed SOA infrastructure products.

The aggregate purchase price for C24 was approximately \$7.3 million, which consisted of approximately \$7.0 million in cash and \$0.3 million in acquisition costs, including fees paid for legal and accounting services. Approximately \$1.4 million of the purchase price is being held in escrow in accordance with the terms and conditions of an escrow agreement.

The C24 acquisition was accounted for as a purchase, and accordingly, the assets purchased and liabilities assumed are included in the consolidated balance sheet as of December 31, 2007. The operating results of C24 are included in the consolidated statement of operations since the date of acquisition.

In accordance with SFAS No. 141, *Business Combinations*, or SFAS 141, the purchase price was allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values. The excess purchase price over those values was recorded as goodwill. The fair values assigned to tangible and intangible assets acquired and liabilities assumed were based on management's estimates and assumptions, and other

[Table of Contents](#)

information compiled by management, including valuations that utilize established valuation techniques appropriate for the high technology industry. Goodwill recorded as a result of this acquisition is not deductible for tax purposes. In accordance with Statements of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, or SFAS 142, goodwill is not amortized but will be reviewed at least annually for impairment. Purchased intangibles with finite lives will be amortized on a straight-line basis over their respective estimated useful lives.

The total preliminary purchase price for C24 has been allocated as follows (in thousands):

Tangible Assets:		
Property and equipment		\$ 39
Indefinite Lived Intangible Assets:		
Goodwill		4,683
Amortizable intangible assets:		
Technology	2,350

Total amortizable intangible assets	2,710	2,710
Liabilities		
Current liabilities		(49)
Deferred revenue		(97)
Total purchase price allocation		<u>\$7,286</u>

The purchase price and related allocation are preliminary and may be revised as a result of adjustments made to the purchase price, additional information regarding liabilities assumed, including contingent liabilities, and revisions of preliminary estimates of fair values made at the date of purchase.

On April 6, 2007, the Company also purchased substantially all of the assets of LogicBlaze, Inc., or LogicBlaze, a provider of open source solutions for SOA and business integration. The cash acquisition of LogicBlaze enables the Company to accelerate its strategy of delivering innovative, enterprise SOA solutions to its customers.

The aggregate purchase price was approximately \$3.3 million, which consisted of approximately \$3.2 million in cash and \$0.1 million in acquisition costs, which primarily consist of fees paid for legal and accounting services. Approximately \$0.6 million of the purchase price is being held in escrow in accordance with the terms and conditions of an escrow agreement.

The LogicBlaze acquisition was accounted for as a purchase, and accordingly, the assets purchased and liabilities assumed are included in the consolidated balance sheet as of December 31, 2007. The operating results of LogicBlaze are included in the consolidated statement of operations since the date of acquisition.

4. Restructuring

During prior periods, the Company's management and Board of Directors approved restructuring plans, which included consolidation of excess facilities, a reduction in workforce, and other related costs. As of December 31, 2007, the Company has approximately \$2.4 million of accrued restructuring charges related solely to excess facilities. This balance is net of anticipated sublease income through 2013. As of December 31, 2007, approximately \$1.1 million is included in other accrued liabilities since net cash outlays are expected within twelve months with the remaining \$1.3 million included in other liabilities since net cash outlays are expected to be made through the end of 2013. See Note 19, *Subsequent Events* for more information.

During 2007, the Company recorded a \$1.2 million charge related to a subtenant's decision not to renew its sublease.

During 2006, the Company recorded a \$0.2 million charge related to a revision of lease estimates for previous restructurings. The Company also released \$0.2 million of restructuring accruals related to the negotiation of a new sublease in the United Kingdom.

During 2005, the Company released \$0.2 million of restructuring accruals of which \$0.1 million related to severance and benefit costs from previous restructurings, based on the final payments for such severance and benefits and \$0.1 million related to facilities costs for the Company's Dublin and Reading, UK offices.

The following sets forth the Company's accrued restructuring costs as of December 31, 2007:

	<u>Excess Facilities</u>	<u>Severance</u> (U.S. dollars in thousands)	<u>Total</u>
Balance at December 31, 2004	\$ 7,571	\$ 361	\$ 7,932
Cash outlays in 2005	(5,527)	(264)	(5,791)
2005 adjustments in estimates	(92)	(97)	(189)
Balance at December 31, 2005	1,952	—	1,952
2006 charges	207	—	207
Cash outlays in 2006	(645)	—	(645)
2006 adjustments in estimates	(207)	—	(207)
Balance at December 31, 2006	1,307	—	1,307
2007 charges	1,233	—	1,233
Cash outlays in 2007	(149)	—	(149)
Balance at December 31, 2007	<u>\$ 2,391</u>	<u>\$ —</u>	<u>\$ 2,391</u>

In order to estimate the costs related to its restructuring efforts, management made its best estimates of the most likely expected outcomes of the significant actions to accomplish the restructuring. These estimates principally related to charges for excess facilities and included estimates of future sublease income, future net operating expenses of the facilities, brokerage commissions and other expenses. The charge was calculated by taking into consideration (1) the committed annual rental charge associated with the vacant square footage, (2) an assessment of the sublet rents that could be achieved based on current market conditions, vacancy rates and future outlook following consultation with third party realtors, (3) an assessment of the period of time the facility would remain vacant before being sublet, (4) an assessment of the percentage increases in the primary lease rent at each review, and (5) the application of a discount rate of 4% over the remaining period of the lease or termination clause.

[Table of Contents](#)

Actual costs may differ from those recorded in the event that the subleasing assumptions require adjustment due to changes in economic conditions surrounding the real estate market or if the Company terminates its lease obligations prior to the scheduled termination dates.

5. Restricted Cash

At December 31, 2007, the Company had approximately \$0.2 million in restricted cash deposits with Citizens Bank which included annual renewable letter of credit facilities for certain leased facilities. Should the Company not renew these letter of credit facilities or default on its rental obligations, \$0.2 million will be payable to the lessors. During 2007, 2006 and 2005, restrictions of \$0.1 million, \$0.2 million and \$3.0 million, respectively, payable upon demand for use toward satisfaction of amounts owed to a landlord, were released upon expiration of the leases.

6. Other Accrued Liabilities

Other accrued liabilities consist of the following:

Other	7,103	6,231
Total other accrued liabilities	<u>\$ 11,760</u>	<u>\$ 11,006</u>

7. Operating Lease Commitments

The Company leases office space under non-cancelable operating leases with various expiration dates through 2023 with rights to terminate in 2013. Certain leases have renewal options with rentals based upon changes in the fair market value of the property. Rent expense under all operating leases was approximately \$4.2 million, \$4.6 million and \$4.2 million in 2007, 2006 and 2005, respectively. Rental income under all operating subleases was approximately \$2.0 million in 2007 and \$2.6 million in both 2006 and 2005. Future minimum lease payments under all operating leases as of December 31, 2007 are as follows (U.S. dollars in thousands):

<u>Year Ending December 31,</u>	<u>Future Lease</u> <u>Payments</u>	<u>Future Rental</u> <u>Income</u>
2008	\$ 5,542	\$ 1,118

2012	3,326	348
Thereafter	1,913	174
Total	<u>\$ 24,411</u>	<u>\$ 2,753</u>

The lease commitments shown include amounts related to certain exited facilities which have been reserved for as a result of the Company's restructuring plans, which, net of estimated sublease income, results in a restructuring balance of approximately \$2.4 million at December 31, 2007.

9. Redeemable Preference Shares and Shareholders' Equity

IONA's authorized share capital is divided into redeemable preference shares (preference shares) of €0.0025 par value per share and ordinary shares of €0.0025 par value per share. There were no redeemable preference shares issued and outstanding at December 31, 2007 or December 31, 2006.

The preference shares confer on the holders thereof the right to receive notice of and to attend all general meetings of IONA but not the right to vote on any resolution proposed therefore. They confer on the holders thereof the right to be paid out of the profits available for distribution, in priority to any payment of dividend on any other class of shares in IONA, a fixed cumulative preference dividend at a rate of 6% per annum on the amount paid up on the preference shares. Upon winding up of IONA, the preference shares confer upon the holders thereof the right to repayment of the capital paid thereon, together with payment of all arrears of preferential dividend, whether declared or not, to the date of redemption of the preference shares in priority to payment of any dividend or repayment of capital to the holders of the ordinary shares in the capital of IONA. Such preference shares do not, however, confer upon the holders thereof any further rights to participate in the assets of IONA.

Dividends may only be declared and paid out of profits available for distribution determined in accordance with generally accepted accounting principles in Ireland and applicable Irish Company Law. Any dividends on the ordinary shares, if and when declared, will be declared and paid in U.S. dollars. The amount of retained earnings available for distribution as dividends at December 31, 2007, 2006 and 2005, at the exchange rates in effect on those dates, was zero.

10. Share-Based Compensation Plans

IONA has share-based compensation plans under which employees, consultants, directors and officers may be granted share options. Options are generally granted with exercise prices at not less than the fair market value on the grant date, generally vest over 4 years and expire 7 or 10 years after the grant date, or five years from the date of grant in the case of an incentive share option granted to an employee holding more than 10% of the total combined voting power of IONA. Additionally, the 2006 Share Incentive Plan provides for the grant of restricted share awards, phantom share units, share appreciation rights and other share-based awards, including the grant of shares based upon certain conditions such as performance-based conditions and the grant of securities convertible into ordinary shares. The 2006 Share Incentive Plan was approved by the Company's shareholders on August 23,

[Table of Contents](#)

2006, authorizing the issuance of 4,000,000 new shares that may be used for awards. In addition, shares underlying any award granted and outstanding under the Company's 1997 Share Option Scheme as of the adoption date of the 2006 Share Incentive Plan that are forfeited, cancelled, held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding, reacquired by IONA prior to vesting, satisfied without the issuance of shares or otherwise terminated (other than by exercise), after the adoption date without the issuance of shares, become available for future grants under the 2006 Share Incentive Plan.

The following sets forth information related to IONA's five equity compensation plans as of December 31, 2007:

The aggregate intrinsic value in the preceding table represents the total pretax intrinsic value, based on IONA's closing share price of \$3.26 as of December 31, 2007, which would have been received by the option holders had all option holders exercised their options as of that date. The aggregate intrinsic value of options exercised for the years ended December 31, 2007, 2006 and 2005 were \$1.1 million, \$0.8 million and \$0.7 million, respectively. The unamortized fair value of share-based awards as of December 31, 2007, was \$6.7 million with a weighted average remaining recognition period of 1.4 years.

Phantom Share Units

A summary of IONA's phantom share activity and related information for the year ended December 31, 2007 follows:

	2007	
	Number of Shares	Weighted Average Fair Value
Granted	221,300	\$ 5.33
Vested	—	—
Forfeitures	(8,250)	5.33
Outstanding—end of period	<u>213,050</u>	<u>\$ 5.33</u>
Exercisable—end of period	—	—

All phantom share units were granted under the 2006 Share Incentive Plan and had two requirements for vesting: (i) the satisfaction of certain performance-based objectives and (ii) the passage of time. Since certain specified minimum performance-based objectives for the 2007 fiscal year were not achieved, none of the phantom share units will vest and the award will automatically lapse during the first quarter of 2008. The Company recorded \$0.3 million of share-based compensation expense through the nine months ended September 30, 2007, since management expected to achieve the performance-based objectives. During the fourth quarter of 2007, the Company reversed this amount in full when the objectives were not achieved.

Valuation and Expense Information under SFAS 123R

The weighted average estimated grant date fair value of share options granted during 2007, 2006 and 2005 were \$2.78, \$2.25 and \$2.43, respectively, using a Black-Scholes option-pricing model with the following weighted average assumptions:

	<u>2007</u>	<u>2006</u>	<u>2005</u>
Risk-free interest rate	4.6%	5.0%	4.4%
Expected dividend yield	—	—	—
Expected volatility	66.9%	75.3%	77.0%
Expected life (years)	3.83	3.26	3.89

The dividend yield of zero is based on the fact that IONA has never paid cash dividends and has no present intention to pay cash dividends. Expected volatility is based on historical volatility of IONA's shares over the period commensurate with the expected life of the options. The expected term of options granted is derived from historical data on employee exercise and post-vesting employment termination behavior. The risk-free rate is based on the U.S. Treasury yield curve in effect at the time of grant. IONA uses the straight-line method for expense attribution.

IONA's estimated option forfeiture rate in 2007, 2006 and 2005 based on its historical option forfeiture experience, is approximately 9%, 11% and 10%, respectively. IONA records additional expense if the actual option forfeitures are lower than estimated and records a recovery of prior expense if the actual option forfeitures are higher than estimated.

The weighted average estimated grant date fair value for rights to purchase awards under the 1999 Employee Share Purchase Plan during 2007, 2006 and 2005 were \$1.41, \$1.28 and \$1.34, respectively, using the following weighted average assumptions:

	<u>2007</u>	<u>2006</u>	<u>2005</u>
Risk-free interest rate	4.7%	4.8%	2.0%
Expected dividend yield	—	—	—
Expected volatility	53.0%	75.1%	78.0%
Expected life	6 months	6 months	6 months

During the first quarter of 2006, the Company granted 300,000 options incorporating market conditions which may accelerate vesting. The Company calculated the requisite service period of approximately 3.5 years using a Monte-Carlo simulation to simulate a range of possible future share prices for IONA. The Company used assumptions consistent with those input in its Black-Scholes option-pricing model to calculate the fair value on the date of grant of these options using a lattice model. The remaining unrecognized compensation expense on options with market conditions vesting at December 31, 2007 was \$0.2 million. The weighted average period over which the cost is expected to be recognized is approximately 0.8 years.

11. 1999 Employee Share Purchase Plan

In August 1999, the Company established a qualified Employee Share Purchase Plan, the terms of which allow for qualified employees (as defined therein) to participate in the purchase of designated shares of IONA's ordinary shares at a price equal to the lower of 85% of the closing price at the beginning or end of each semi-annual share purchase period. As of December 31, 2007, 2006 and 2005, 1.5 million, 1.3 million and 1.2 million shares have been issued under the plan, respectively.

12. Net (Loss) Income Per Ordinary Share and ADS

The following sets forth the computation of basic and diluted net (loss) income per ordinary share and ADS:

	Year Ended December 31,		
	2007	2006	2005
(In thousands, except per share data)			
Numerator:			
Numerator for basic and diluted net (loss) income per ordinary share and ADS—(loss) income available to ordinary shareholders	\$ (738)	\$ 2,520	\$ (843)
Denominator:			
Denominator for basic net (loss) income per ordinary and ADS share—weighted average ordinary shares and ADS	36,329	35,648	35,139

Diluted net (loss) income per ordinary share and ADS	\$ (0.02)	\$ 0.07	\$ (0.02)

In 2007 and 2005, 8.2 million and 6.6 million, respectively, outstanding share awards granted have been excluded from the calculation of the diluted net loss per share because all such securities were anti-dilutive. In 2006, the total number of shares related to the outstanding options excluded from the calculation of diluted net income per share was approximately 2.1 million.

The (benefit) provision for income taxes differs from the amount computed by applying the statutory income tax rate to income (loss) before taxes. The sources and tax effects of the differences are as follows:

	Year Ended December 31,		
	2007	2006	2005

The effect on basic and diluted net (loss) income per ordinary share and per ADS of the Irish manufacturing operations being taxed at a lower rate than the Irish Statutory income tax rate was nil for the years ended December 31, 2007, 2006 and 2005.

	Year Ended December 31,		
	2007	2006	2005
	(U.S. dollars in thousands)		
Deferred tax assets:			
Principally net operating loss carryforwards	\$ 40,887	\$ 59,473	\$ 60,884
Other	1,668	1,651	1,156
Total deferred tax assets	42,555	61,124	62,040
Valuation allowance	(40,627)	(61,124)	(62,040)
Net deferred tax assets	<u>\$ 1,928</u>	<u>\$ —</u>	<u>\$ —</u>

The valuation allowance decreased \$20.5 million in 2007 as a result of the recognition of certain U.S. deferred tax assets of \$2.0 million offset by the recognition of a \$0.1 million deferred tax liability in Japan, the elimination of excess stock option deductions of \$10.6 million as described more fully below, expiring net operating loss carryforwards of \$7.4 million and the net utilization of operating losses not previously benefited of \$0.6 million. The valuation allowance decreased \$0.9 million in 2006 primarily as a result of expiring net operating loss carryforwards and the elimination of excess stock option deductions as described more fully below.

As of December 31, 2006, the majority of the Company's United States net operating losses and other deferred tax assets were fully offset by a valuation allowance primarily because, pursuant to SFAS No. 109, "Accounting for Income Taxes," the Company did not have sufficient history of income to conclude that it was more likely than not that the Company would be able to realize the tax benefits of those deferred tax assets. Based upon the Company's cumulative history of earnings before taxes for financial reporting purposes over a 12 quarter period and an assessment of the Company's expected future results of operations as of December 31, 2007, the Company determined that it was more likely than not that it would realize a portion of its U.S. deferred tax assets and net operating loss carryforwards prior to their expiration. As a result, during 2007, the Company reversed a total of \$2.0 million of its U.S. deferred tax asset valuation allowance. The entire amount of the \$2.0 million valuation allowance release was recorded as a discrete benefit for income taxes on the Company's consolidated statement of operations. In addition, during 2007 the Company recognized a \$0.1 million net current deferred tax liability in connection with its Japanese subsidiary.

[Table of Contents](#)

At December 31, 2007, the Company has a net operating loss carryforward of approximately \$71.9 million, exclusive of excess share-based compensation deductions as discussed in more detail below but including approximately \$64.3 million pre-acquisition losses from the Netfish acquisition, for U.S. federal tax purposes which will expire in the tax years 2011 through 2025 if not previously utilized. Similar amounts are available for state purposes with expiration generally through 2011. Utilization of the net operating loss carryforward may be subject to an annual limitation due to the change in ownership rules provided by the Internal Revenue Code of 1986. This limitation and other restrictions provided by the Internal Revenue Code of 1986 may reduce the net operating loss carryforward such that it would not be available to offset future taxable income of the U.S. subsidiaries.

As of December 31, 2007, and in accordance with SFAS No. 123R, the Company has chosen to reduce its financial statement presentation of net operating loss carryforwards and corresponding valuation allowance by the amount of historic net operating losses generated by excess stock compensation deductions not previously realized. As of December 31, 2007, the Company has \$31.2 million of net operating loss carryforwards in the United States, not reflected in the tables or discussion above, resulting from excess stock compensation deductions. The tax value of the excess deductions has not been recognized in the tax reconciliation note as the utilization of the net operating loss carryforwards will result in an increase in additional paid-in capital and not a reduction in provision for income taxes. This increase to additional paid-in capital will not occur until the excess deductions are “realized” in accordance with SFAS No. 123R. At both December 31, 2006 and 2005, the Company had \$30.6 million of net operating losses resulting from excess share-based compensation deductions which are included in the amounts disclosed above.

At December 31, 2007, the Company also had net operating loss carryforwards totaling approximately \$124.1 million for Irish income tax purposes which carry forward indefinitely.

At December 31, 2007, the Company also had net operating loss carryforwards totaling approximately \$3.5 million for Australian income tax purposes which carry forward indefinitely. However, as of December 31, 2006, the Company no longer had active operations in Australia.

The utilization of these net operating loss carryforwards is limited to the future profitable operation of the Company in the related tax jurisdictions in which such carryforwards arose. The applicable tax rates as of December 31, 2007 were a maximum of 35% for U.S. federal income tax purposes and 12.5% for Irish income tax purposes. Valuation allowances of 100% have been provided against the net operating loss carryforwards in Ireland and Australia because of the history of operating losses in the related tax jurisdictions.

Significant judgment is required in determining the Company’s worldwide income tax expense provision. In the ordinary course of a global business, there are many transactions and calculations where the ultimate tax outcome is uncertain. Some of these uncertainties arise as a consequence of income sharing and cost reimbursement arrangements among related entities, the process of identifying items of income and expense that qualify for preferential tax treatment and segregation of foreign and domestic income and expense to avoid double taxation. The Company has reserves for taxes that may become payable in future periods as a result of tax audits. It is the Company’s policy to establish reserves for taxes that may become payable in future years as a result of examination by tax authorities. The tax reserves are analyzed at each balance sheet date and adjustments are made as events occur to warrant adjustment to the reserves. At any given time, the Company may be undergoing tax audits in several jurisdictions and covering multiple years.

In July 2006, the Financial Accounting Standards Board, or FASB, issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes*, or FIN 48, which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Additionally, FIN 48 provides guidance on derecognition, classification, accounting in interim periods and disclosure requirements for uncertain tax positions. The Company adopted FIN 48 effective January 1, 2007.

[Table of Contents](#)

The Company evaluated its tax positions at December 31, 2006 in accordance with FIN 48, and has concluded that no adjustment to any unrecognized tax benefits as defined by FIN 48 is required. As of the adoption date, the Company had gross unrecognized tax benefits of \$1.1 million of which, the total balance represents the amount that, if recognized, would favorably affect the effective income tax rate in any future periods. The Company recognizes accrued interest and penalties related to unrecognized tax benefits as a component of income tax expense.

The Company recorded an increase to its unrecognized tax benefits of approximately \$0.1 million for the year ended December 31, 2007, which relates to positions taken in the current period. Of this increase, the total balance represents the amount that, if recognized, would favorably affect the effective income tax rate in any future periods. The Company has also accrued \$0.2 million of interest expense and penalties related to these unrecognized tax benefits. Additionally, it is reasonably possible that sometime during the next 12 months, the amount of unrecognized tax benefits may significantly decrease by \$0.2 million to \$0.3 million generally as a result of a lapse of the statute of limitations in various jurisdictions. These unrecognized tax benefits relate to income sharing and cost reimbursement arrangements among related entities.

The following sets forth a reconciliation of the allowance for unrecognized tax benefits (in millions):

Balance, January 1, 2007	\$ 1.1
Increases and (decreases) for tax positions taken during a prior period	—
Increases and (decreases) for tax positions taken during the current period	0.1
Decreases relating to settlements	—
Decreases resulting from the expiration of the statute of limitations	(0.1)
Balance, December 31, 2007	<u>\$ 1.1</u>

The Company or one of its subsidiaries files income tax returns in foreign jurisdictions including Ireland and Japan, and is generally subject to examinations by those tax authorities for all tax years from 2002 to the present. The Company or one of its subsidiaries also files income tax returns in the U.S. federal, Massachusetts, and various state jurisdictions and is generally subject to examinations by those tax authorities for all tax years from 1996 to the present. Although the outcome of tax audits is always uncertain, the Company believes that adequate amounts of tax, interest and penalties have been provided for any adjustments that are expected to result from open tax years.

14. Industry and Geographic Information

The Company follows SFAS No. 131, *Disclosures About Segments of an Enterprise and Related Information*, or SFAS 131. SFAS 131 establishes standards for reporting information about operating segments. Operating segments are defined in SFAS 131 as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. Based on the guidance in SFAS 131, the Company has one operating segment for financial reporting purposes: Enterprise Infrastructure Software.

Although the Company operates as a single, integrated business, certain product groups accounted for a significant portion of the Company's revenue. The following table sets forth each product group as a percentage of revenue for the last three fiscal years.

	Year Ended December 31,

15. Related Party Transactions

Since July 2003, the Company has engaged K Capital Source Limited, or K Capital, which was recently acquired by Financial Dynamics Ireland Limited, to provide capital market communication and advisory services. Mark Kenny, a principal of K Capital, is the son of one of IONA's directors, Dr. Ivor Kenny. Under the Company's agreement with K Capital, the Company currently pays \$45,000 per fiscal quarter for such services. No amounts relating to services rendered were outstanding as of December 31, 2007, December 31, 2006 or December 31, 2005. The Company paid K Capital fees of approximately \$180,000, \$180,000 and \$175,000 for such services in 2007, 2006 and 2005, respectively.

In 2006 and 2005, the Company provided product-related consulting services and maintenance and support services to eircom PLC, or eircom, both for software that eircom licenses from the Company and from third parties. Kevin Melia, the Chairman of IONA's Board of Directors, and John Conroy, a former member of IONA's Board of Directors, were members of the board of directors of eircom in 2005 and 2006. The Company's annual software maintenance and support arrangement with eircom, pursuant to which eircom paid the Company an annual support fee of \$25,332 in 2006 and \$30,400 in 2005, expired in October 2007. In addition, the Company provided consulting services to eircom in 2006 and 2005, pursuant to a consulting agreement, for approximately \$38,538 and \$18,576, respectively. The Company does not have a current agreement with eircom to provide either consulting or maintenance and support services.

During the third quarter of 2005, the Company renewed its software maintenance and support agreement with the Royal Bank of Scotland (the parent of Ulster Bank), or Royal Bank of Scotland, for the annual fee of approximately \$292,186. At the time the Company renewed this agreement, William Burgess, a former member of IONA's Board of Directors, was a member of the board of directors of Ulster Bank. The Company has a current agreement with the Royal Bank of Scotland to provide it with software maintenance and support services.

[Table of Contents](#)

During the fourth quarter of 2005, the Company renewed its software maintenance and support arrangement with Fineos Corporation Limited, or Fineos, for the annual fee of approximately \$65,000. At the time the Company renewed this agreement, William Burgess, a former member of IONA's Board of Directors, was a member of the board of directors of Fineos. The Company has a current agreement with Fineos to provide it with software maintenance and support services.

During the first quarter of 2005, the Company renewed its software maintenance and support arrangement with Manugistics, Inc., or Manugistics, for the annual fee of approximately \$255,000. At the time the Company renewed this agreement, Kevin Melia, the Chairman of IONA's Board of Directors, was a member of the board of directors of Manugistics. The Company does not have a current agreement with Manugistics or its successor JDA Software to provide it with software maintenance and support services.

16. Contingencies

The Company is involved in various legal proceedings and disputes that arise in the normal course of business. Disputes can be expensive and disruptive to normal business operations. The Company believes that it has meritorious defenses to these matters. In 2003, the Company settled a lawsuit which arose in connection with the termination of an employee by Netfish prior to the Company's acquisition of Netfish. Since settlement of the underlying lawsuit, the Company has also reached settlement with Netfish's insurers over payment of the legal fees incurred by the Company. Netfish's former Chief Executive Officer asserts that the Company is obligated to reimburse him for his legal expenses incurred in connection with this suit. The Company vigorously disputes such assertion and is in discussions with the former Netfish Chief Executive Officer over the matter.

17. Guarantees

The Company's software license agreements generally include language indemnifying customers against liabilities if its proprietary software products infringe a third party's intellectual property rights. To date, the Company has not incurred any significant or material costs as a result of such indemnifications and has not accrued any liabilities related to such obligations in its consolidated financial statements. The Company's software license agreements also generally include a warranty that its proprietary software products will substantially operate as described in the applicable program documentation for a period of 180 days after delivery. The Company's subscription agreements relating to its open source support offerings generally include "open source assurance" which provides the customer with a limited remedy in the event that the Company-branded distribution of open source software products infringe a third party's intellectual property rights. This remedy typically includes (i) obtaining the rights necessary for the customer to continue to use the software, (ii) modifying the software so that it is non-infringing and (iii) replacing the infringing portion of the code with non-infringing code. The Company also generally warrants that services it performs will be provided in a professional and workman-like manner. To date, the Company has not incurred any material costs associated with these warranties.

In connection with certain facility leases, the Company has indemnified its lessors for claims arising from the Company's use of the facility or the Company's breach of the lease. The Company also indemnifies its directors and officers to the maximum extent permitted by law. The duration of the indemnities varies, and in many cases is indefinite. The Company has not recorded any liability for these indemnities in the accompanying consolidated balance sheets.

19. Subsequent Events (Unaudited)

The Company's marketable securities included \$20.0 million and \$18.0 million of student loan auction rate securities as of December 31, 2007 and March 10, 2008, respectively. All of the Company's auction rate securities had successful auction interest rate resets between January 1, 2008 and February 9, 2008. As of March 10, 2008, \$18.0 million of the Company's student loan auction rate securities had insufficient demand at auction (also known as failure to settle). As a result of insufficient demand, these affected securities are currently not liquid. In the event the Company needs to access the funds that are in an illiquid state, it may not be able to do so without the loss of principal until a future auction for these investments is successful, they are redeemed by the issuer or they mature. If the Company is unable to sell these securities in the market or they are not redeemed, the Company could be required to hold them to maturity. If the security issuer is unable to successfully close future auctions or the securities' credit worthiness deteriorates, the Company may be required to adjust the carrying value of the investment through an impairment charge. If the Company were to sell the auction rate securities outside of an auction reset date, the Company could recognize a loss on some portion of the principal amount of these holdings. At this time, the Company has not obtained sufficient evidence to conclude that these investments are impaired or that they will not be settled in the short term, although the market for these investments is presently uncertain. The Company does not have a need to access these funds for operational purposes in the foreseeable future. The Company will continue to monitor and evaluate these investments on an ongoing basis for impairment or for the need to reclassify to long term investments.

On January 11, 2008, the Company committed to a cost reduction plan focused on streamlining the Company's operations and the elimination of certain fixed costs. This includes costs associated with a workforce reduction across the organization, costs associated with the consolidation of certain of its facilities, and other associated costs. The Company expects to incur a total of \$1.5 million to \$1.7 million of severance payments and related costs in connection with these actions during the first half of 2008. The Company is currently exploring its options to mitigate its affected real estate lease obligations. At this time, the Company is unable to estimate the amount or range of costs and timing of charges associated with the consolidation of certain facilities and other associated costs.

Notes to Condensed Consolidated Financial Statements (Unaudited)

1. Basis of Presentation and New Accounting Standards

These condensed consolidated financial statements have been prepared by IONA Technologies PLC, referred to as IONA or the Company, pursuant to the rules and regulations of the Securities and Exchange Commission, or SEC, and in accordance with United States generally accepted accounting principles, or U.S. GAAP, for interim financial information. Accordingly, certain information and footnote disclosures normally included in annual financial statements have been omitted or condensed. In the opinion of management, all necessary adjustments (consisting of normal recurring accruals and adjustments to estimates of restructuring charges) have been made for a fair presentation of the Company's financial position, results of operations and cash flows at the dates and for the periods presented. The operating results for the three months ended March 31, 2008 are not necessarily indicative of the results that may be expected for the year ending December 31, 2008. For further information, refer to the consolidated financial statements and footnotes for the year ended December 31, 2007 included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2007, filed with the SEC on March 14, 2008.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying footnotes. Actual results could differ from those estimates.

Certain amounts reported in prior periods have been reclassified in this report to conform to the presentation used for the current period. The Company reclassified forty eight thousand dollars from amortization of intangible assets to cost of product revenue in its condensed consolidated statement of operations for the three months ended March 31, 2007. Additionally, the Company reclassified \$1.3 million related to its tax liabilities from other accrued liabilities to other non-current liabilities in its condensed consolidated balance sheet as of December 31, 2007.

In September 2006, the Financial Accounting Standards Board, or FASB, issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*, or SFAS 157, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The provisions of SFAS 157 were effective for the Company as of January 1, 2008. The adoption of SFAS 157 did not have a material impact on the Company's condensed consolidated financial statements.

In February 2007, FASB issued Statement of Financial Accounting Standards No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an amendment of FASB Statement No. 115*, or SFAS 159. SFAS 159 permits a company to choose, at specified election dates, to measure at fair value certain eligible financial assets and liabilities that are not currently required to be measured at fair value. The specified election dates include, but are not limited to, the date when an entity first recognizes the item, when an entity enters into a firm commitment, or when changes in the financial instrument causes it to no longer qualify for fair value accounting under a different accounting standard. An entity may elect the fair value option for eligible items that exist at the effective date. At that date, the difference between the carrying amounts and the fair values of eligible items for which the fair value option is elected should be recognized as a cumulative effect adjustment to the opening balance of retained earnings. The fair value option may be elected for each entire financial instrument, but need not be applied to all similar instruments. Once the fair value option has been elected, it is irrevocable. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings. The accounting provisions of SFAS 159 were effective for the Company beginning January 1, 2008. The Company did not elect the fair value option for eligible financial assets and liabilities that are currently not required to be measured at fair value.

In December 2007, FASB issued Statement of Financial Accounting Standards No. 141R, *Business Combinations*, or SFAS 141R. SFAS 141R establishes principles and requirements for how an acquirer (a) recognizes and measures in its financial statements the identifiable assets acquired, liabilities assumed and any noncontrolling interest in the acquiree; (b) recognizes and measures the goodwill acquired in the business combination or a gain from a bargain purchase; and (c) determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS 141R applies prospectively to all business combination transactions for which the acquisition date is on or after January 1, 2009. The adoption of SFAS 141R is not expected to have a material impact on the Company's condensed consolidated financial statements.

In December 2007, FASB issued Statement of Financial Accounting Standards No. 160, *Noncontrolling Interests in Consolidated Financial Statements—an amendment of Accounting Research Bulletin (ARB) No. 51*, or SFAS 160. SFAS 160 requires (1) presentation of ownership interests in subsidiaries held by parties other than the parent within equity in the consolidated statements of financial position, but separately from the parent's equity; (2) separate presentation of the consolidated net income attributable to the parent and to the minority interest on the face of the consolidated statements of income; (3) accounting for changes in a parent's ownership interest where the parent retains its controlling financial interest in its subsidiary as equity transactions; (4) initial measurement of the noncontrolling interest retained for any deconsolidated subsidiaries at fair value with recognition of any resulting gains or losses through earnings; and (5) additional disclosures that identify and distinguish between the interests of the parent and noncontrolling owners. The provisions of SFAS 160 are effective for us beginning January 1, 2009. The adoption of SFAS 160 is not expected to have a material impact on the Company's condensed consolidated financial statements.

In March 2008, FASB issued Statement of Financial Accounting Standards No. 161, *Disclosures about Derivative Instruments and Hedging Activities—an amendment of FASB Statement No. 133*, or SFAS 161. SFAS 161 requires enhanced disclosures about an entity's derivative and hedging activities. SFAS 161 is intended to enhance the current disclosure framework in FASB Statement No.133 and requires additional information about how and why derivative instruments are being used, how derivative instruments and related hedged items are accounted for under FASB Statement No.133 and its related interpretations, and how derivative instruments and related hedged items affect the Company's financial position, financial performance and cash flow. This Statement is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. Adoption of SFAS 161 is not expected to have a material impact on the Company's condensed consolidated financial statements.

2. Revenue Recognition

The Company's revenue is derived from product license fees and charges for professional services. The Company follows the revenue recognition criteria of Statement of Position 97-2, *Software Revenue Recognition*, as amended by SOP 98-4 and SOP 98-9, issued by the Accounting Standards Executive Committee of the American Institute of Certified Public Accountants and its related interpretations, or collectively, SOP 97-2.

The Company does not enter into arrangements to deliver software requiring significant production, modification or customization to its software products.

Under the terms of SOP 97-2, the Company recognizes revenue when all of the following criteria are met:

- persuasive evidence of an arrangement exists;
- delivery has occurred;
- customer fee is fixed or determinable; and
- collection is probable.

[Table of Contents](#)

For arrangements with multiple elements, the Company allocates revenue to each element of a transaction based upon its fair value as determined by vendor specific objective evidence, or VSOE, of fair value. VSOE of fair value for each element of an arrangement is based upon the normal pricing and discounting practices for each element when sold separately, including the renewal rate for support services. The Company maintains management approved price lists for its product licenses, customer support and professional services. The Company infrequently offers discounts on its customer support or professional services, and if offered, such discounts are usually insignificant. If the Company cannot objectively determine the fair value of any undelivered element included in the multiple element arrangement, revenue is deferred until all elements are delivered, services have been performed, or until fair value can be objectively determined. When the fair value of a delivered element cannot be established, the Company uses the residual method of accounting to record revenue, provided the fair value of all undelivered elements is determinable. Under the residual method, the fair value of the undelivered elements is deferred and recognized as delivered and the remaining portion of accounting arrangement fee is allocated to the delivered elements and is recognized as revenue.

The Company believes that its normal pricing and discounting practices provide a basis for establishing VSOE of fair value for the undelivered elements based on the following facts:

- Support contracts are regularly sold on a stand-alone basis to customers that choose to renew the support contract beyond the initial term. Support contract pricing is based on established list pricing. Renewal purchases at consistent pricing provide the basis for VSOE on the support contracts. Support revenue is recognized ratably over the contract term.
- Consulting contracts are regularly sold on a stand-alone basis to customers requesting these services. Consulting contract pricing is at a daily flat rate and customers purchase an appropriate number of service days. The consulting services delivered on a stand-alone basis at consistent pricing provide the basis for VSOE on the consulting contracts. Consulting revenue is recognized as the services are performed.

The Company performs an annual analysis of all contracts to ensure that the actual allocation of fair value to undelivered elements is not significantly different from the established VSOE rates for the individual elements. The analysis is segmented by level of support and type of customer (i.e., end-user licensee or licensee with rights of distribution).

The Company assesses whether fees are fixed or determinable at the time of sale and recognizes revenue if all other revenue recognition requirements are met. The Company's standard payment terms are generally net 30 days. Payment terms, however, may vary based on the country in which the agreement is executed. Payments that extend beyond 30 days from the contract date, but that are due within twelve months, are generally deemed to be fixed or determinable based on the Company's successful collection history on such arrangements, and thereby satisfy the required criteria for revenue recognition.

The Company assesses whether collection is probable at the time of the transaction based on a number of factors, including the customer's past transaction history and credit-worthiness. If the Company determines that the collection of the fee is not probable, the fee is deferred and revenue is recognized at the time collection becomes probable, which is generally upon the receipt of cash.

The Company delivers products electronically or by overnight courier F.O.B origin, and its software arrangements typically do not contain acceptance provisions. Accordingly, delivery is usually satisfied when the customer has been provided with access codes to allow them to take immediate possession of the software, or when shipped by courier, when the product leaves the Company's premises.

Revenue from royalty arrangements in excess of guaranteed amounts is recognized upon notification of such royalties becoming payable by the customer.

1999 Employee Share Purchase Plan

In August 1999, the Company established a qualified Employee Share Purchase Plan, the terms of which allow for qualified employees (as defined therein) to participate in the purchase of designated shares of the Company's ordinary shares, par value €0.0025 per share, at a price equal to the lower of 85% of the closing price at the beginning and end of each semi-annual share purchase period. As of March 31, 2008, 1,605,877 shares have been issued under the plan and 394,123 shares were reserved for future purchases.

Employee Share-Based Compensation Plans

The Company has share-based compensation plans under which employees, consultants, directors and officers may be granted share options. Options are granted with exercise prices not less than the fair market value of our ordinary shares on the grant date, generally vest over 4 years and expire 7 or 10 years after the grant date, or five years from the date of grant in the case of an incentive share option granted to an employee holding more than 10% of the total combined voting power of the Company. Additionally, the 2006 Share Incentive Plan provides for the grant of restricted share awards, phantom share units, share appreciation rights and other share-based awards, including the grant of shares based upon certain conditions such as performance-based conditions and the granting of securities convertible into ordinary shares. The 2006 Share Incentive Plan was approved by the Company's shareholders on August 23, 2006. The 2006 Share Incentive Plan replaced the Company's 1997 Share Option Scheme and 1997 Director Share Option Scheme, both of which expired in 2007. Under the 2006 Share Incentive Plan, 4,000,000 new shares may be used for the issuance of awards. In addition, shares underlying any award granted and outstanding under the Company's 1997 Share Option Scheme as of the adoption date of the 2006 Share Incentive Plan that are forfeited, cancelled, held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding, reacquired by the Company's prior to vesting, satisfied without the issuance of shares or otherwise terminated (other than by exercise), after the adoption date are available for future grants under the 2006 Share Incentive Plan.

** In connection with acquisitions of Genesis Development Corporation and Netfish Technologies, Inc., or Netfish, all of the outstanding share options for these plans were converted into options to purchase the Company's ordinary shares.

The unamortized fair value of options as of March 31, 2008, was \$4.7 million with a weighted-average remaining recognition period of 1.3 years.

Valuation and Expense Information under SFAS 123R

The following table summarizes share-based compensation expense related to employee share options, employee share purchases, and restricted share grants under SFAS 123R for the periods presented which was allocated as follows (in thousands):

	Three Months Ended	
	March 31,	
	2008	2007
Cost of service revenue	\$ 98	\$ 143
Research and development	185	290
Sales and marketing	176	454
General and administrative	150	466

The weighted-average estimated fair value of employee share options granted during the three months ended March 31, 2008 and 2007 was \$1.40 per share and \$2.94 per share, respectively, using the Black Scholes option-pricing model with the following weighted-average assumptions:

	Three Months Ended	
	March 31,	
	2008	2007
Risk-free interest rate	2.1%	4.5%
Expected dividend yield	—	—
Expected volatility	56.3%	67.8%
Expected life (years)	3.02	3.90

The risk-free rate is based on the U.S. Treasury yield curve in effect at the time of grant. The Company uses the straight-line method for expense attribution. The dividend yield of zero is based on the fact that the Company has never paid cash dividends and has no present intention to pay cash dividends. Expected volatility is based on historical volatility of the Company's shares over the period commensurate with the expected life of the options. The expected life of options granted is derived from historical data on employee exercise and post-vesting employment termination behavior.

The Company's estimated option forfeiture rate in the three months ended March 31, 2008 and 2007, based on its historical option forfeiture experience, was approximately 13% and 8%, respectively. The Company will record additional expense if the actual option forfeitures are lower than estimated and will record a recovery of prior expense if the actual option forfeitures are higher than estimated.

The fair value for rights to purchase shares under the 1999 Employee Share Purchase Plan was estimated at the date of grant using the following weighted-average assumptions:

	Three Months Ended	
	March 31,	
	2008	2007
Risk-free interest rate	3.0%	5.1%
Expected dividend yield	—	—
Expected volatility	25.0%	67.8%
Expected life (years)	0.5	0.5

4. Restricted Cash

At March 31, 2008, the Company has \$0.2 million in restricted cash deposits with Citizens Bank, which includes an annual renewable letter of credit for a certain leased facility. Should the Company not renew this letter of credit or default on its rental obligation, \$0.2 million will be payable to the lessor.

5. Fair Value Measurements

As stated in Note 1, *Basis of Presentation & New Accounting Standards*, effective January 1, 2008, the Company adopted SFAS 157 which requires disclosures about fair value measurements for its assets and liabilities that are re-measured and reported at fair value at each reporting period, and its assets and liabilities that are re-measured and reported at fair value on a non-recurring basis.

The following table presents information about the Company's assets that are measured at fair value at each reporting period as of March 31, 2008, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value. In general, fair values determined by level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets or liabilities. Fair values determined by level 2 inputs utilize data points that are observable such as quoted prices, interest rates and yield curves. Fair values determined by level 3 inputs are unobservable data points for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability.

	Fair Value Measurements at March 31, 2008			
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Cash and cash equivalents	\$29,554	\$ 27,210	\$ 2,344	\$ —
Marketable securities	25,711	—	8,514	17,197
Total	<u>\$55,265</u>	<u>\$ 27,210</u>	<u>\$ 10,858</u>	<u>\$ 17,197</u>

At March 31, 2008, the Company held \$18.0 million (par value) of investments comprised of auction rate securities, or ARSs, which are variable-rate debt securities that are backed by student loans and have long-term maturities with interest rates that are set and reset through Dutch auction processes that are typically held every 7, 28 or 35 days. The ARSs have historically traded at par value and are callable at par value at the option of the issuer. Interest is typically paid at the end of each auction period. At March 31, 2008, all of the ARSs the Company held were AAA/Aaa rated, collateralized by student loans guaranteed by the U.S. government under the Federal Family Education Loan Program. Until February 2008, the auction rate securities market was highly liquid. Beginning in the week of February 11, 2008, a substantial number of auctions "failed," meaning that there was insufficient demand to sell all of the securities that holders desired to sell at auction. The immediate effect of a failed auction is that the holders of such securities cannot sell the securities at auction and the interest rate on the security generally resets to a maximum auction rate. With respect to the ARSs held by the Company, because of the failed auctions, the ARSs are currently not deemed liquid. As a result, the Company may not be able to access these funds without a loss of principal, unless a future auction on these investments is successful or the issuer calls the security pursuant to a mandatory tender or redemption prior to maturity. Due to these recent changes and uncertainty in the ARS market, the Company believes the recovery period for these investments is likely to be longer than 12 months and as a result, has classified these investments as long-term as of March 31, 2008.

At March 31, 2008, there was insufficient observable ARS market information available to determine the fair value of the Company's investments. Therefore, the Company estimated fair value by incorporating assumptions that market participants would use in their estimates of fair value using a discounted cash flows methodology. Some of these assumptions included credit quality, expected length of time the ARS is expected to be held,

[Table of Contents](#)

expected cash flows during the holding period and a risk adjusted discount rate. Based on this analysis, the Company recorded a temporary impairment to other comprehensive loss of \$0.8 million related to its ARS investments as of March 31, 2008. The Company believes this temporary impairment is primarily attributable to the limited liquidity of these investments and the length of time the Company may have to hold the ARSs to realize par value.

The table below includes a roll-forward of the Company's investments in ARS from January 1, 2008 to March 31, 2008, and a reclassification of these investments from level 2 to level 3 in the valuation hierarchy. When a determination is made to classify a financial instrument within level 3, the determination is based upon the significance of the unobservable parameters to the overall fair value measurement. However, the fair value determination for level 3 financial instruments may include observable components.

The Company has no reason to believe that any of the underlying issuers of its ARSs are presently at imminent risk of default. However, if the issuer is unable to successfully close future auctions and their credit worthiness deteriorates, the Company may be required to adjust the carrying value of the ARSs through an impairment charge to the statement of operations. Through May 9, 2008, the Company has continued to receive interest payments on the ARSs in accordance with their terms. The Company believes it will ultimately be able to liquidate its investments without significant loss of principal primarily due to the collateral securing the ARSs. However, it could take until final maturity of the ARSs (from 19 to 39 years) to realize the Company's investments' par value.

6. Marketable Securities

The Company purchases investments and marketable securities that have been designated as "available-for-sale" in accordance with Statement of Financial Accounting Standards No. 115, *Accounting for Certain Investments in Debt and Equity Securities or SFAS No. 115*. Available-for-sale securities are carried at fair value with the unrealized gains and losses reported in "Accumulated Other Comprehensive Income," a component of stockholders' equity.

Accounts receivable and deferred revenue balances are shown net of advanced billings of \$1.5 million and \$5.6 million at March 31, 2008 and December 31, 2007, respectively.

10. Restructurings

On January 11, 2008, the Company committed to a cost reduction plan focused on streamlining its operations and the elimination of certain fixed costs. This includes costs associated with a reduction in workforce of 47 employees across the organization and other direct costs. During the three months ended March 31, 2008, the Company incurred a total of \$1.5 million in severance payments and related costs in connection with these actions. The Company expects to cease use of excess facilities and incur the remaining workforce reduction costs and other direct costs under this plan during the second quarter of 2008. The Company is currently exploring its options to mitigate its affected real estate lease obligations. At this time, the Company is unable to estimate the amount or range of additional costs under its real estate obligations.

In addition, during prior periods, the Company's management and Board of Directors approved restructuring plans, which included consolidation of excess facilities, reductions in workforce, and other related costs.

The following sets forth the Company's accrued restructuring costs as of March 31, 2008:

	<u>Excess Facilities</u>	<u>Severance and Other Direct Costs</u>	<u>Total</u>
		(U.S. dollars in thousands)	
Balance at December 31, 2007	\$ 2,391	\$ —	\$ 2,391
2008 charges	—	1,529	1,529
Cash outlays in 2008	—	(1,238)	(1,238)
Balance at March 31, 2008	\$ 2,391	\$ 291	\$ 2,682

As of March 31, 2008, the Company had approximately \$2.7 million of accrued restructuring charges of which \$2.4 million related to excess facilities and the remaining \$0.3 million related to severance and related costs. At March 31, 2008, approximately \$2.3 million of these charges are included in other accrued liabilities since net cash outlays are expected within twelve months and the remaining \$0.4 million are included in other non-current liabilities since net cash outlays are expected to be made through the end of 2013.

11. Net Loss Per Ordinary Share and ADS

For the three months ended March 31, 2008 and 2007, all share options outstanding have been excluded from the calculation of the diluted net loss per share because all such securities were antidilutive. The total number of shares related to the outstanding options that were excluded from the calculations of diluted net loss per share was 7,058,349 and 7,830,341 for the three months ended March 31, 2008 and 2007, respectively.

12. Income Taxes

Provision for income taxes was \$0.4 million for the three months ended March 31, 2008 compared to a \$0.1 million benefit for income taxes for the three months ended March 31, 2007. During the three months ended March 31, 2008, the Company recorded a decrease in its liability for unrecognized tax benefits of approximately \$0.1 million as a result of the lapse of the statute of limitations in a certain tax jurisdiction. This decrease resulted in a \$0.1 million effective tax rate benefit for the quarter. During the three months ended March 31, 2007, based upon the Company's U.S. operating results and an assessment of its expected future results, the Company concluded that, more likely than not, it would be able to realize a portion of its U.S. net operating loss carry forward tax assets prior to their expiration. As a result, the Company reduced its valuation allowance resulting in recognition of a deferred tax asset of \$0.4 million. The residual provision for income taxes of \$0.5 million in 2008 and the provision for income taxes of \$0.3 million in 2007, reflects taxes in connection with the proportion of income in jurisdictions outside of the Republic of Ireland.

During the fourth quarter ended December 31, 2007, based upon the Company's U.S. operating results and an assessment of its expected future U.S. results, the Company concluded that, it was more likely than not, that it would be able to realize a portion of its U.S. deferred tax assets and net operating loss carryforwards prior to their expiration. As a result, the Company reduced its deferred tax asset valuation allowance related to U.S. deferred tax assets in 2007, resulting in recognition of a deferred tax asset of \$2.0 million. This was partially offset by the recognition of \$0.1 million in deferred tax liabilities in Japan. The Company will continue to review its operating results to determine if it becomes more likely than not that its deferred tax assets will be realized in the future, at which time the Company would release some or all of the valuation allowance. The reduction in the Company's valuation allowance in 2007 resulted in an income tax benefit during that year. As a result, the Company has recorded an increase in the provision for income taxes during the three months ended March 31, 2008. The Company may record additional deferred tax benefits in future periods if it expects to utilize additional deferred tax assets. This analysis is largely based on the Company's assessment of future income which is closely connected to its budgeting process, which takes place in the fourth quarter of each year.

13. Segment Information

The Company follows Statement of Financial Accounting Standards No. 131, *Disclosures About Segments of an Enterprise and Related Information*, or SFAS 131. SFAS 131 establishes standards for reporting information about operating segments. Operating segments are defined in SFAS 131 as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performance. Based on the guidance in SFAS 131, the Company has one operating segment for financial reporting purposes: Enterprise Infrastructure Software.

Due in part to industry consolidation in the telecommunications vertical market the Company serves, sales to one customer represented approximately 24% of the Company's net revenue for the three months ended March 31, 2008. No customer accounted for more than 10% of the Company's net revenue for the three months ended March 31, 2007.

14. Contingencies

The Company is involved in various legal proceedings and disputes that arise in the normal course of business. Disputes can be expensive and disruptive to normal business operations. The Company believes that it has meritorious defenses to these matters. In 2003, the Company settled a lawsuit which arose in connection with the termination of an employee by Netfish prior to the Company's acquisition of Netfish. Since settlement of the underlying lawsuit, the Company has also reached settlement with Netfish's insurers over payment of the legal fees incurred by the Company. Netfish's former Chief Executive Officer asserts that the Company is obligated to reimburse him for his legal expenses incurred in connection with this suit. The Company vigorously disputes such assertion and is in discussions with the former Netfish Chief Executive Officer over the matter.

15. Guarantees

The Company's software license agreements generally include language indemnifying customers against liabilities if its proprietary software products infringe a third party's intellectual property rights. To date, the Company has not incurred any significant or material costs as a result of such indemnifications and has not accrued any liabilities related to such obligations in its condensed consolidated financial statements. The Company's software license agreements also generally include a warranty that its proprietary software products will substantially operate as described in the applicable program documentation for a period of 180 days after delivery. The Company's subscription agreements relating to its open source support offerings generally include an "open source assurance," which provides the customer with a limited remedy in the event that the Company's branded distribution of open source software products infringe a third party's intellectual property rights. This remedy typically includes (i) obtaining the rights necessary for the customer to continue to use the software, (ii) modifying the software so that it is non-infringing or (iii) replacing the infringing portion of the code with non-infringing code. The Company also generally warrants that services it performs will be provided in a professional and workman-like manner. To date, the Company has not incurred any material costs associated with these warranties.

In connection with certain facility leases, the Company has indemnified its lessors for claims arising from the Company's use of the facility or the Company's breach of the lease. The Company also indemnifies its directors and officers to the maximum extent permitted by law. The duration of the indemnities varies, and in many cases is indefinite. The Company has not recorded any liability for these indemnities in the accompanying condensed consolidated balance sheets.

3. OPINION OF FINANCIAL ADVISOR TO IONA

3.1 Opinion of Lehman Brothers

The Company engaged Lehman Brothers to act as its financial advisor with respect to pursuing strategic alternatives for the Company, including a possible sale of the Company. On 24 June 2008, Lehman Brothers rendered its oral opinion (which was subsequently confirmed in writing) to the Board of IONA that, as of such date and based upon and subject to the qualifications, limitations and assumptions stated in its opinion, from a financial point of view, the \$4.05 per IONA Share cash consideration to be offered to the IONA Shareholders in the Acquisition was fair to such IONA Shareholders.

[Table of Contents](#)

The full text of Lehman Brothers' written opinion, dated as of 24 June 2008, is attached as *Annex F* to this document. Lehman Brothers' written opinion sets forth, among other things, the assumptions made, procedures followed, factors considered and limitations of the review undertaken by Lehman Brothers in rendering its opinion. You are encouraged to read the opinion carefully and in its entirety. The following is a summary of Lehman Brothers' opinion and the methodology that Lehman Brothers used to render its opinion. This summary is qualified in its entirety by reference to the full text of the opinion.

Lehman Brothers' opinion, the issuance of which was approved by Lehman Brothers' Fairness Opinion Committee, is addressed to the Board of IONA, addresses only the fairness, from a financial point of view, of the Consideration to be offered to the IONA Shareholders in the Acquisition and does not constitute a recommendation to any IONA ADR holder or IONA Shareholder as to how such person should vote with respect to the Scheme or any other matter. The terms of the Acquisition were determined through arm's-length negotiations between the Company and Progress and were unanimously approved by the Board of IONA. Lehman Brothers did not recommend any specific form of consideration to the Company or that any specific form of consideration constituted the only appropriate consideration for the Acquisition. Lehman Brothers was not requested to opine as to, and its opinion does not in any manner address, the Company's underlying business decision to proceed with or effect the Acquisition. In addition, Lehman Brothers expressed no opinion on, and its opinion does not in any manner address the fairness of the amount or the nature of any compensation to any officers, directors or employees of any parties to the Acquisition, or any class of such persons, relative to the Consideration to be offered to the IONA Shareholders in the Acquisition. No limitations were imposed by the Board of IONA upon Lehman Brothers with respect to the investigations made or procedures followed by it in rendering its opinion.

In arriving at its opinion, Lehman Brothers, among other things:

- reviewed and analyzed the Implementation Agreement, the Expenses Reimbursement Agreement, the Limited Guaranty, a draft, dated 24 June 2008, of the Rule 2.5 Announcement and the specific terms of the Acquisition;
- reviewed and analyzed publicly available information concerning the Company that Lehman Brothers believed to be relevant to its analysis, including the Company's Annual Report on Form 10-K for the fiscal year ended 31 December 2007 and the Company's Quarterly Report on Form 10-Q for the fiscal quarter ended 31 March 2008;
- reviewed and analyzed financial and operating information with respect to the business, operations and prospects of the Company furnished to Lehman Brothers by the Company, including financial projections of the Company prepared by management of the Company (the "Management Plan");
- reviewed and analyzed a trading history of the IONA Shares from 22 June 2007 to 23 June 2008 and a comparison of that trading history with those of other companies that Lehman Brothers deemed relevant;
- reviewed and analyzed a comparison of the historical financial results and present financial condition of the Company with those of other companies that Lehman Brothers deemed relevant;

- reviewed and analyzed a comparison of the financial terms of the Acquisition with the financial terms of certain other transactions that Lehman Brothers deemed relevant;
- reviewed and analyzed the results of Lehman Brothers' efforts to solicit indications of interest and definitive proposals from third parties with respect to a sale of the Company;
- reviewed and analyzed published estimates of independent research analysts with respect to the future financial performance and price targets of the Company;
- had discussions with the management of the Company concerning its business, operations, assets, liabilities, financial condition and prospects (including the risks and uncertainties of achieving the Management Plan); and
- undertook such other studies, analyses and investigations as Lehman Brothers deemed appropriate.

In arriving at its opinion, Lehman Brothers assumed and relied upon the accuracy and completeness of the financial and other information used by Lehman Brothers without any independent verification of such information and have further relied upon the assurances of management of the Company that they were not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the Management Plan, upon advice of the Company, Lehman Brothers assumed the Management Plan was reasonably prepared on a basis reflecting the best then currently available estimates and judgments of the management of the Company. However, for the purposes of Lehman Brothers' analysis and its opinion and with the consent of the Board of IONA, Lehman Brothers relied on (i) published estimates of independent research analysts for the Company, which reflect more conservative assumptions and estimates than the Management Plan, and (ii) extensions to such published estimates based upon assumptions discussed with the management of the Company.

The Board of IONA agreed with the appropriateness of the use of, and Lehman Brothers' reliance upon, such published estimates and extensions of such estimates in performing its analysis. In arriving at its opinion, Lehman Brothers assumed no responsibility for and expressed no view as to any such projections or estimates or the assumptions on which they were based. Lehman Brothers assumed that the final Rule 2.5 Announcement would be in the form of the draft of the announcement, dated 24 June 2008, reviewed by Lehman Brothers in all material respects. Lehman Brothers further assumed, upon the advice of the Company and its legal advisors, that all material governmental, regulatory or other consents or approvals necessary for the consummation of the Scheme will be obtained within the constraints contemplated by the draft Rule 2.5 Announcement reviewed by Lehman Brothers and the Implementation Agreement. In arriving at its opinion, Lehman Brothers did not conduct a physical inspection of the properties and facilities of the Company and did not make or obtain any evaluations or appraisals of the assets or liabilities of the Company. Lehman Brothers' opinion was necessarily based upon market, economic and other conditions as they existed on, and could be evaluated as of 24 June 2008. Lehman Brothers assumed no responsibility for updating or revising its opinion based on events or circumstances that may have occurred after 24 June 2008.

In connection with rendering its opinion, Lehman Brothers performed certain financial, comparative and other analyses as summarized below. In arriving at its opinion, Lehman Brothers did not ascribe a specific range of values to the IONA Shares but rather made its determination as to fairness, from a financial point of view, to the IONA Shareholders of the Consideration to be offered to such IONA Shareholders in the Acquisition on the basis of various financial and comparative analyses. The preparation of a fairness opinion is a complex process and involves

various determinations as to the most appropriate and relevant methods of financial and comparative analyses and the application of those methods to the particular circumstances. Therefore, a fairness opinion is not readily susceptible to summary description.

In arriving at its opinion, Lehman Brothers did not attribute any particular weight to any single analysis or factor considered by it but rather made qualitative judgments as to the significance and relevance of each analysis and factor relative to all other analyses and factors performed and considered by it and in the context of the circumstances of the particular transaction. Accordingly, Lehman Brothers believes that its analyses must be considered as a whole, as considering any portion of such analyses and factors, without considering all analyses and factors as a whole, could create a misleading or incomplete view of the process underlying its opinion.

3.2 Financial Analysis

The following is a summary of the material financial analyses used by Lehman Brothers in preparing its opinion to the Board of IONA. Certain financial analyses summarized below include information presented in tabular format. **In order to fully understand the financial analyses used by Lehman Brothers, the tables must be read together with the text of each summary, as the tables alone do not constitute a complete description of the financial analyses.** In performing its analyses, Lehman Brothers made numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of the Company or any other parties to the Acquisition. None of the Company, SPK Acquisitions, Progress, Lehman Brothers or any other person assumes responsibility if future results are materially different from those discussed. Any estimates contained in these analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favourable than as set forth below. In addition, analyses relating to the value of the businesses do not purport to be appraisals or reflect the prices at which the businesses may actually be sold.

3.2.1 Historical Share Price Analysis

To illustrate the trend in the historical trading prices of the IONA Shares, Lehman Brothers considered historical data with regard to the trading prices of the IONA Shares for the 52-week period from 22 June 2007 to 23 June 2008. Lehman Brothers noted that during such period, the closing price of the IONA Shares ranged from \$2.13 (on 18 January 2008) to \$5.59 (on 5 July 2007).

3.2.2 Analyst Price Target Analysis

Lehman Brothers noted that one Wall Street analyst had indicated a \$4.00 target price for IONA Shares. Lehman Brothers noted that the Consideration of \$4.05 per IONA Share was above this amount.

3.2.3 Selected Comparable Company Analysis

In order to assess how the public market values shares of similar publicly traded companies, Lehman Brothers reviewed and compared specific financial and operating data relating to the Company with selected companies that Lehman Brothers, based on its experience in the global technology software industry, deemed comparable to the Company.

The selected comparable companies were:

- Actuate Corporation
- Borland Software Corporation
- Informatica Corporation
- Open Text Corporation
- Progress Software Corporation*
- Software AG
- Sybase Inc.
- TIBCO Software Inc.*

* November 30 fiscal year end treated as December 31 fiscal year end.

Lehman Brothers calculated and compared various financial multiples and ratios of the Company and the selected comparable companies. As part of its selected comparable company analysis, Lehman Brothers calculated and analyzed each company's ratio of its current stock price to its projected Cash EPS, which excluded expenses due to amortization of intangibles, stock-based compensation and non-recurring items (commonly referred to as a price earnings ratio, or P/E), and each company's enterprise value to revenue. The enterprise value of each company was obtained by adding its short and long-term debt to the sum of the market value of its common equity, the value of any preferred stock (at liquidation value) and the book value of any minority interest, and subtracting its cash and cash equivalents. All of these calculations were performed, and based on publicly available financial data (including Wall Street research) and closing prices, as of 23 June 2008, the last trading date prior to the delivery of Lehman Brothers' opinion.

The results of this selected comparable company analysis are summarized below:

	<u>High</u>	<u>Mean</u>	<u>Median</u>	<u>Low</u>
Enterprise Value / CY 2008E Revenue	3.03x	1.87x	1.81x	0.47x
Enterprise Value / CY2009E Revenue	2.65x	1.73x	1.70x	0.47x
Price / CY2008E Cash EPS	22.8x	15.8x	15.0x	11.0x
Price / CY2009E Cash EPS	29.3x	15.4x	13.9x	9.7x

Lehman Brothers selected the comparable companies listed above because their businesses and operating profiles are reasonably similar to that of the Company. However, because of the inherent differences between the business, operations and prospects of the Company and those of the selected comparable companies Lehman Brothers believed that it was inappropriate to, and, therefore, did not, rely solely on the quantitative results of the selected comparable company analysis. Accordingly, Lehman Brothers also made qualitative judgments concerning differences between the business, financial and operating characteristics and prospects of the Company and the selected comparable companies that could affect the public trading values of each in order to provide a context in which to

consider the results of the quantitative analysis. These qualitative judgments related primarily to the differing sizes, growth prospects, profitability levels and degree of operational risk between the Company and the companies included in the selected comparable company analysis. Based upon these judgments, Lehman Brothers selected a range of enterprise value/calendar year 2008 revenues multiples and enterprise value/calendar year 2009 revenues multiples of 0.50x to 1.00x each for the Company and applied such range to the Company's calendar year 2008 and calendar year 2009 revenues as derived by both the Management Plan and Wall Street equity research reports to calculate ranges of implied prices per IONA Share.

The following summarizes the result of these calculations:

	<u>Low</u>	<u>High</u>
CY2008 Revenue – Wall Street	\$2.58	\$3.62
CY2008 Revenue – Management	\$2.60	\$3.66
CY2009 Revenue – Wall Street	\$2.62	\$3.71
CY2009 Revenue – Management	\$2.72	\$3.89

Lehman Brothers noted that the Consideration of \$4.05 per IONA Share was above the range of implied values per IONA Share calculated using both the Wall Street projections and the Management Plan.

Additionally, based on the same judgments, Lehman Brothers (i) selected a range of calendar year 2008 P/E multiples of 13.0x to 18.0x for the Company and applied such range to the Company's calendar year 2008 cash earnings per share as projected by both the Company's management and Wall Street equity research reports and (ii) selected a range of calendar year 2009 P/E multiples of 11.0x to 17.5x for the Company and applied such range to the Company's calendar year 2009 cash earnings per share as projected by both the Company's management and Wall Street equity research reports, each to calculate ranges of implied prices per share of the Company.

The following summarizes the result of these calculations:

	<u>Low</u>	<u>High</u>
CY2008 P/E – Wall Street	\$1.59	\$2.21
CY2008 P/E – Management	\$3.02	\$4.19
CY2009 P/E – Wall Street	\$1.66	\$2.64
CY2009 P/E – Management	\$3.45	\$5.49

Lehman Brothers noted that the Consideration of \$4.05 per IONA Share was (i) above the range of implied values per IONA Share calculated using Wall Street projections and (ii) within the range of implied values per IONA Share calculated using the Management Plan.

3.2.4 Discounted Equity Value Analysis

Lehman Brothers also performed a discounted equity value analysis in order to estimate the present values of the IONA Shares. Based on analyses of trading multiples for the comparable company analysis, Lehman Brothers applied a range of forward P/E multiples of 13.0x to 18.0x to the Company's projected calendar year 2009 cash earnings per share based both on Wall Street projections and the Management Plan. Lehman Brothers applied a discount rate of 12.5 per cent based on analyses of weighted average costs of capital for

the Company and the selected comparable companies. Based on these multiples and discount rates, this analysis indicated the following ranges of implied prices per IONA Share:

	<u>Low</u>	<u>High</u>
Wall Street	\$1.74	\$2.41
Management	\$3.63	\$5.02

Lehman Brothers noted that the Consideration of \$4.05 per IONA Share was (i) above the range of implied values per IONA Share calculated using Wall Street projections and (ii) within the range of implied values per IONA Share calculated using the Management Plan.

3.2.5 Discounted Cash Flow Analysis

To estimate the present value of the IONA Shares, Lehman Brothers performed a discounted cash flow analysis of the Company. A discounted cash flow analysis is a traditional valuation methodology used to derive a valuation of an asset by calculating the “present value” of estimated future cash flows of the asset. “Present value” refers to the current value of future cash flows or amounts and is obtained by discounting those future cash flows or amounts by a discount rate that takes into account macroeconomic assumptions and estimates of risk, the opportunity cost of capital, expected returns and other appropriate factors.

To calculate the estimated enterprise value of the Company using the discounted cash flow method, Lehman Brothers added (i) the Company’s projected after-tax, unlevered free cash flows for fiscal years 2008 through 2012 based on the Management Plan to (ii) the “terminal value” of the Company as of 31 December 2012, and discounted such amount to its present value using a range of selected discount rates. The after-tax unlevered free cash flows were calculated by taking the tax-affected earnings before interest, tax expense and amortization, adding depreciation, subtracting capital expenditures and adjusting for changes in working capital. The residual value of the Company at the end of the forecast period, or “terminal value,” was estimated by selecting a range of terminal value multiples based on estimated earnings before interest, taxes, depreciation and amortization (EBITDA) for the fiscal year ending 31 December 2013 of 5.0x to 8.0x, which was derived by analyzing the results from the selected comparable company analysis and applying such range to the Management Plan. The range of after-tax discount rates of 11.0 per cent. to 14.0 per cent. was selected based on an analysis of the weighted average cost of capital of the Company and the selected comparable companies. Lehman Brothers then calculated a range of implied prices per IONA Share by subtracting estimated net debt as of 31 March 2008 from the estimated enterprise value using the discounted cash flow method and dividing such amount by the fully diluted number of IONA Shares. In connection with these calculations, Lehman Brothers assumed a valuation date of 23 June 2008. Lehman Brothers also conducted the foregoing calculations using Wall Street equity research projections and extensions to such published projections based upon assumptions discussed with the Company’s management.

The following summarizes the result of these calculations:

	<u>Low</u>	<u>High</u>
Wall Street	\$2.94	\$3.31
Management	\$5.43	\$6.34

Lehman Brothers noted that on the basis of the discounted cash flow analysis, the Consideration of \$4.05 per IONA Share was (i) above the range of implied values per IONA Share calculated using Wall Street projections and (ii) below the range of implied values per IONA Share calculated using the Management Plan.

3.2.6 Selected Precedent Transaction Analysis

Lehman Brothers reviewed and compared the purchase prices and financial multiples paid in selected other transactions that Lehman Brothers, based on its experience with merger and acquisition transactions, deemed relevant. Lehman Brothers chose such transactions based on, among other things, the similarity of the applicable target companies in the transactions to the Company with respect to the size, mix, margins and other characteristics of their businesses.

The reasons for and the circumstances surrounding each of the selected precedent transactions analyzed were diverse and there are inherent differences in the business, operations, financial conditions and prospects of the Company and the companies included in the selected precedent transaction analysis. Accordingly, Lehman Brothers believed that a purely quantitative selected precedent transaction analysis would not be particularly meaningful in the context of considering the Acquisition. Lehman Brothers, therefore, made qualitative judgments concerning differences between the characteristics of the selected precedent transactions and the Acquisition which would affect the acquisition values of the selected target companies and the Company. The following table sets forth the transactions analyzed based on such characteristics and the results of such analysis:

Acquiror	Target	Announcement Date	TEV / FTM Revenue Multiple**
Workday, Inc.	Cape Clear Software, Inc.	6 February 2008	NA
Thoma Cressey Bravo Software AG	Embarcadero Technologies, Inc.	6 April 2007	NA
Innovation Technology Group, Inc.	webMethods, Inc.	5 April 2007	1.94x

Ascential Software Corporation	Mercator Software, Inc.	4 August 2003	NA
TIBCO Software Inc.	Vality Technology Inc.	12 March 2002	3.68x

		Median:	2.17x
		Mean (excluding webMethods/Active Software):	2.32x
		Median (excluding webMethods/Active Software):	2.04x

* Remaining 71% stake.

** TEV/FTM Revenue means Total Enterprise Value over Forward Twelve Months Revenue.

Based upon these judgments, Lehman Brothers selected a range of enterprise value to forward twelve-month revenue multiples of 1.00x to 2.00x and applied such range to the Company's forward twelve month revenue (as of 30 June 2008) as projected by both the Management Plan and Wall Street equity research reports to calculate a range of implied prices per IONA Share. The following table sets forth the results of such analysis:

	<u>Low</u>	<u>High</u>
FTM Revenue – Wall Street	\$3.66	\$5.67
FTM Revenue – Management	\$3.76	\$5.86

Lehman Brothers noted that on the basis of the selected precedent transaction analysis, the Consideration of \$4.05 per IONA Share was within the range of implied values per IONA Share calculated using both the Management Plan and Wall Street equity research reports.

3.2.7 Transaction Premium Analysis

To assess the premium offered to the IONA Shareholders in the Acquisition relative to the premiums offered to shareholders in other transactions, Lehman Brothers reviewed the premium paid in the global technology industry in transactions where the target was a public company valued between \$150 million and \$300 million from 1 January 2005 to 24 June 2008 (which included 81 transactions). For each transaction, Lehman Brothers calculated the premium per share paid by the acquirer by comparing the announced transaction value per share to the target company's historical average share price during the following periods: (i) one trading day prior to announcement or unaffected date (the date in which public rumors affected stock price) and (ii) 30 calendar days prior to announcement or unaffected date. All premiums were calculated based on the target's unaffected stock price. The results of this transaction premium analysis are summarized below:

	<u>Lowest Quartile</u>	<u>Median</u>	<u>Mean</u>	<u>Highest Quartile</u>
1-Day	15.0%	23.3%	32.0%	38.1%
30-Day Average	16.2%	31.6%	34.6%	42.6%

The reasons for and the circumstances surrounding each of the transactions analyzed in the transaction premium analysis were diverse and there are inherent differences in the business, operations, financial conditions and prospects of the Company and the companies included in the transaction premium analysis. Accordingly, Lehman Brothers believed that a purely quantitative transaction premium analysis would not be particularly meaningful in the context of considering the Acquisition. Lehman Brothers, therefore, made qualitative judgments concerning the differences between the characteristics of the selected transactions and the Acquisition which would affect the acquisition values of the target companies and the Company. Based upon these judgments, Lehman Brothers selected a range of 15.0 per cent. to 40.0 per cent. to the Company's adjusted unaffected closing price of \$2.64 to calculate a range of implied prices per IONA Share. The adjusted unaffected closing price equals the closing price of the IONA Shares on 7 February 2008, which is the date before the Company announced that it had received an unsolicited indication of interest from a third party, adjusted for relative changes in the closing prices of the selected comparable companies in the period from 8 February 2008 to 23 June 2008. Additionally, based upon the same judgments, Lehman Brothers selected a range of 15.0 per cent. to 45.0 per cent. to the unaffected 30-day trailing average closing price of

the IONA Shares of \$2.58, to calculate a range of implied prices per IONA Share. The following summarizes the result of these calculations:

	<u>Low</u>	<u>High</u>
1 Day Premium (Adjusted Unaffected)	\$3.03	\$3.69
1 Month Premium (Unaffected)	\$2.97	\$3.74

Lehman Brothers noted that on the basis of the transaction premium analysis, the Consideration of \$4.05 per IONA Share was above the range of implied values per IONA Share calculated using the unaffected adjusted closing price of \$2.64 and the unaffected 30-day trailing average of \$2.58.

Mr. Zotto's original employment agreement with IONA was effective on 14 April 2005. In connection with the original employment agreement, Mr. Zotto became Chief Executive Officer of IONA and was appointed as a director until IONA's 2005 Annual Meeting, at which time he was elected as a director until IONA's 2007 Annual General Meeting. Mr. Zotto was re-elected as a director at IONA's 2007 Annual General Meeting to serve until IONA's 2010 Annual General Meeting. Under the terms of Mr. Zotto's original employment agreement Mr. Zotto was entitled to an annual base salary of \$375,000 and an annual target bonus of up to \$250,000. Mr. Zotto's initial employment term under the amended and restated employment agreement is three years, followed by successive one-year employment terms unless his employment is terminated in accordance with his employment agreement. Mr. Zotto is entitled, with effect from 1 April 2008, to an annual base salary of \$400,000 and an annual target bonus of up to \$300,000, based on the achievement of certain Company and individual performance objectives. Mr. Zotto's service contract with IONA has a notice period in excess of one year, which, following an evaluation of comparable market compensation data, was considered at the time by IONA to be necessary to attract an executive of sufficient calibre for such a key role. If Mr. Zotto's employment is terminated by IONA other than for cause (as defined in the employment agreement) or Mr. Zotto terminates his employment for good reason (as defined in the employment agreement), he will be entitled to (a) payment of all accrued obligations (as defined in the employment agreement), (b) a one-time lump sum payment of 18 months of his base salary in effect on the termination date, (c) a one-time payment equal to 150 per cent. of his target bonus, and (d) immediate vesting of all unvested shares, share options, awards and rights to the extent they would have become vested and exercisable if Mr. Zotto's employment had continued to the date that is 18 months after the termination date. In the event, however, that Mr. Zotto is entitled to payments and benefits under his change in control agreement dated 14 October 2003, he shall not be entitled to receive any payments, severance or other benefits under his employment agreement, except for the payment of accrued obligations.

- 9.3 Except as described paragraph 9 of Part III (Explanatory Statement) of this document, no proposal exists in connection with the Acquisition that any payment or other benefit shall be made or given by SPK Acquisitions to any director of IONA as compensation for loss of office or as consideration for or in connection with his retirement from office.

10. IRISH TAXATION

The following is a general summary of the significant Irish tax considerations applicable to certain Irish holders in respect of the disposition of IONA Shares or IONA ADRs under the Scheme. **The comments are intended only as a general guide and do not constitute tax advice. Any person who is any doubt as to his tax position or who is subject to taxation in any jurisdiction, other than Ireland, should consult his own professional advisers immediately.**

10.1 Irish Tax Considerations

This summary is based on Irish taxation laws currently in force, regulations promulgated thereunder, proposals to amend any of the foregoing publicly announced prior to the date hereof, and the currently published administrative practices of the Irish Revenue Commissioners. Taxation laws are subject to change, from time to time, and no representation is or can be made as to whether such laws will change, or what impact, if any, such changes will have on the statements contained in this summary. IONA has assumed, for the purposes of this summary, that any proposed amendments will be enacted in the form proposed. No assurance is or can be given that proposed amendments will be enacted as proposed, or that legislative or judicial changes, or changes in administrative practice, will not modify or change the statements expressed herein.

As mentioned, this summary is of a general nature only and does not discuss all aspects of Irish taxation that may be relevant to a particular Irish holder of IONA Shares or IONA ADRs.

US IONA ADR holders and IONA Shareholders will not be subject to Irish CGT on the disposal of IONA ADRs or IONA Shares provided at the time of disposal: (i) IONA ADRs and IONA Shares are quoted on Nasdaq and the Irish Stock Exchange, respectively and/or (ii) IONA ADRs and IONA Shares do not derive the greater part of their value from land, buildings, minerals, or mineral or exploration rights in Ireland.

Holders of IONA Shares or IONA ADRs are advised to consult their own tax advisers with respect to the application of Irish taxation laws to their particular circumstances in relation to the Scheme.

The summary only applies to IONA Shareholders or IONA ADR holders that legally and beneficially hold their IONA Shares or IONA ADRs as capital assets and does not address special classes of holders of IONA Shares or IONA ADRs, including, but not limited to dealers in securities, insurance companies, pension schemes, employee share ownership trusts, collective investment undertakings, charities, tax exempt organisations, financial institutions and close companies, each of which may be subject to special rules not discussed below.

10.2 Irish Tax Consideration of Irish Holders of IONA Shares or IONA ADRs

This paragraph 10 applies to Irish Holders that (i) beneficially own the IONA Shares or IONA ADRs registered in their name; (ii) in the case of individual holders, are resident, ordinarily resident and domiciled in Ireland under Irish taxation laws; (iii) in the case of holders that are companies, are resident in Ireland under Irish taxation laws; and (iv) are not considered resident in any country other than Ireland for the purposes of any double taxation agreement entered into by Ireland.

For Irish taxation purposes, Irish Holders of ADRs will be treated as the owner of the underlying IONA Shares represented by those ADRs.

10.3 Acceptance of Consideration

Irish Holders who, under the Scheme, dispose of their IONA Shares or IONA ADRs will be subject to Irish Capital Gains Tax (“CGT”) (in the case of individuals) or Irish corporation tax (in the case of companies) to the extent that the proceeds realised from such disposition exceed the base cost (indexation may apply to increase the base cost of acquisitions of shares made prior to 1 January 2003) of their IONA Shares or IONA ADRs plus incidental acquisition and selling expenses. The current rate of tax applicable to such chargeable gains is 20 per cent.

Irish Holders that have unused capital losses from other sources in current, or any previous, tax year can generally apply such losses to reduce gains realised on the disposal of their IONA Shares or IONA ADRs.

Where proceeds are received in a currency other than Euro they must be translated into Euro amounts to calculate the amount of the chargeable gain or loss. Similarly, acquisition or disposal costs denominated in a currency other than Euro must be translated at the date of acquisition or disposal into Euro amounts.

Individual Irish Holders are entitled to an annual exemption of €1,270 which may have the effect of reducing their CGT liability. Irish Holders are required, under Ireland’s self assessment system, to make a tax return reporting any chargeable gains arising to them in a particular tax year.

Irish Holders that realise a loss on the disposition of IONA Shares or IONA ADRs will generally be entitled to offset such capital losses against chargeable gains realised from other sources in determining their CGT liability or liability to corporation tax on gains in a year. Indexation cannot increase a capital loss. Capital losses which remain unrelieved in a year may generally be carried forward and applied against chargeable gains realised in future years.

10.4 Stamp Duty

No Irish Stamp Duty will be payable by a holder of IONA Shares or IONA ADRs in relation to the disposal of IONA Shares under the Scheme.

11. US FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizes certain material US federal income tax considerations of the Scheme generally relevant to holders of IONA Shares who are US shareholders (as defined below), assuming that the Scheme is consummated. For US federal income tax purposes, ownership of an IONA ADR is the equivalent of ownership of an IONA Share, and references to IONA Shares and Shareholders in this discussion shall also include IONA ADRs and holders of IONA ADRs, respectively. This discussion is based upon interpretations of the Internal Revenue Code, Treasury Regulations promulgated under the Internal Revenue Code and judicial decisions and administrative rulings as of the date of this document, all of which are subject to change or differing interpretations, including changes and interpretations with retroactive effect. The discussion below does not address all US federal income tax consequences or any state, local or foreign tax consequences of the Scheme. The tax treatment of IONA Shareholders may vary depending upon each Shareholder’s particular situation. This discussion does not apply to Shareholders who received IONA Shares pursuant to the exercise of employee share options, warrants or otherwise as compensation. Also, this discussion does not apply to Shareholders subject to special treatment, including:

- dealers in securities or foreign currency;
- tax-exempt entities;

[Table of Contents](#)

- banks and thrifts;
- insurance companies;
- persons that hold IONA Shares as part of a “straddle,” a “hedge,” a “constructive sale” transaction or a “conversion transaction”;
- persons that own, actually or through certain “constructive ownership” rules, 10% or more of the outstanding IONA Shares;
- persons that have a “functional currency” other than the US dollar; and
- persons that hold IONA Shares through pass-through entities.

This discussion also does not address the US federal income tax consequences of the Scheme to holders of IONA Shares that do not hold such shares as a capital asset and does not address tax consequences of the Scheme to non-US Shareholders.

A US Shareholder is a Shareholder that, for US federal income tax purposes, is:

- a US citizen or resident individual;
- a domestic corporation;
- an estate, the income of which is subject to US federal income taxation regardless of its source; or
- a trust, if (1) a US court is able to exercise primary supervision over the administration of the trust and one or more US persons have the authority to control all the substantial decisions of the trust, or (2) the trust has a valid election in effect under current Treasury Regulations to be treated as a US person.

For investors who own IONA Shares through a partnership, the US federal income tax treatment will generally depend upon the status of the partner and the activities of the partnership. Such investors should consult their own tax advisor as to their particular tax consequences.

This discussion of certain material US federal income tax considerations is not tax advice. You are urged to consult your own tax advisor with respect to the particular US federal income tax consequences to you of the Scheme, including any special considerations related to your particular situation, as well as the applicability and effect of any state, local, foreign or other tax laws and changes in any applicable tax laws.

11.1 Consequences to US Shareholders

For US Shareholders, the Scheme will be a taxable event and each US Shareholder will recognize capital gain or loss with respect to its IONA Shares, measured by the difference between the amount of Consideration received by such US Shareholder and such US Shareholder’s tax basis in its IONA Shares. If a US Shareholder acquired IONA Shares by purchase, the US Shareholder’s adjusted tax basis in IONA Shares will generally equal the amount the US Shareholder paid for the share, less any returns of capital that the US Shareholder might have received with regard to the share. In the case of a US Shareholder that holds multiple blocks of IONA Shares (i.e., blocks of IONA’s capital share acquired separately at different times and/or prices), gain or loss must be calculated and accounted for separately for each block.

Table of Contents

The gain or loss on the sale of IONA Shares will constitute long-term capital gain or loss if the IONA Shares had been held for more than one year as of the Effective Time. If a US Shareholder receiving long-term capital gain is an individual or other non-corporate shareholder, then the capital gain will generally be subject to tax at a maximum rate of 15 per cent. Short-term capital gains received by such shareholders will be subject to tax at ordinary income rates of up to 35 per cent. US Shareholders that are taxable as corporations for US federal income tax purposes will generally be subject to 35 per cent. tax on any gain (whether long-term or short-term) from the sale or exchange of IONA Shares. A US Shareholder may deduct capital losses only to the extent that the US Shareholder has capital gains in a given tax year, plus up to \$3,000 for individual US Shareholders.

14. APPRAISAL RIGHTS

If the Scheme Shareholders approve the Scheme at the Court Meeting and the High Court sanctions the Scheme, then, subject to the Scheme becoming effective in accordance with its terms, the Scheme will be binding on all IONA Shareholders, including those Scheme Shareholders who did not vote or who voted against it at the Court Meeting. If the Scheme Shareholders approve the Scheme and the High Court sanctions the Scheme, no IONA Shareholder will have “dissenters” or “appraisal” rights under Irish law or otherwise have any right to seek a court appraisal of the value of IONA Shares. **If the Scheme becomes effective, all Scheme Shareholders will receive the same Consideration per Scheme Share.**

15. REGULATORY APPROVALS

Under the provisions of the HSR Act, IONA and SPK Acquisitions may not complete the Acquisition until IONA and SPK Acquisitions have made certain filings with the Federal Trade Commission and the United States Department of Justice and the applicable waiting period has expired or been terminated.

[Table of Contents](#)

IONA and SPK Acquisitions expect to file pre-merger notifications with the US antitrust authorities pursuant to the HSR Act shortly and will request “early termination” of the waiting period. IONA and SPK Acquisitions do not believe that any foreign antitrust approvals are required to consummate the Acquisition.

In addition, under the Act, the High Court must sanction the Scheme and confirm the reduction of IONA’s capital.

16. SOURCES AND BASES OF INFORMATION

- 16.1** The financial information on the IONA Group is extracted from the audited financial statements of IONA for the financial years ended 31 December 2007, 2006 and 2005, respectively, and the unaudited financial statements for the quarterly period ended 31 March 2008.

In this paragraph 17.1, “recent” means within the Disclosure Period.

1. Ordinary Resolution: To approve the Scheme of Arrangement

That, subject to the passing of Resolutions 1 and 2 and in this notice of meeting:

- (i) the directors of the Company be and are hereby generally authorised pursuant to and in accordance with Section 20 of the Companies (Amendment) Act 1983 to give effect to this resolution and accordingly to effect the allotment of the New IONA Shares (as defined in the Scheme of Arrangement) referred to in paragraph (ii) below provided that (i) this authority shall expire on 15 December 2008, (ii) the maximum aggregate nominal amount of shares which may be allotted hereunder shall be an amount equal to nominal value of the Cancellation Shares and (iii) this authority shall be without prejudice to any other authority under the said Section 20 previously granted before the date on which this resolution is passed; and

4. Special Resolution: Amendment to Articles

That, subject to the Scheme becoming effective, the Articles of Association of the Company be amended by adding the following new Article 126:

126. Scheme of Arrangement

- (a) In these Articles, the “Scheme” means the scheme of arrangement dated 2008 between the Company and the holders of the Scheme Shares under Section 201 of the Companies Act 1963 in its original form or with or subject to any modification, addition or condition approved or imposed by the High Court and expressions defined in the Scheme and (if not so defined) in the document containing the explanatory statement circulated with the Scheme under Section 202 of the Companies Act 1963 shall have the same meanings in this Article.
- (b) Notwithstanding any other provision of these Articles, if the Company allots and issues any Ordinary Shares (other than to SPK Acquisitions Limited incorporated in Ireland, (company number 453119) (“**SPK Acquisitions**”) or its nominee(s) (holding on bare trust for SPK Acquisitions)) on or after the Voting Record Time in respect of the adoption of this Article and prior to 10.00 p.m. (Irish Standard Time) on the last day before the date on which the order of the High Court is made sanctioning the Scheme, such shares shall be allotted and issued subject to the terms of the Scheme and the holder or holders of those shares shall be bound by the Scheme accordingly.
- (c) Notwithstanding any other provision of these Articles, if any new Ordinary Shares are allotted or issued to any person (a “**new member**”) (other than under the Scheme or to SPK Acquisitions or any subsidiary undertaking of SPK Acquisitions or anyone acting on behalf of SPK Acquisitions (holding on bare trust for SPK Acquisitions) or any subsidiary undertaking of SPK Acquisitions) on or after 10.00 p.m. (Irish Standard Time) on the day before the date on which the order of the High Court is made sanctioning the Scheme, SPK Acquisitions may, provided the Scheme has become effective, have such shares transferred immediately, free of all encumbrances, to SPK Acquisitions and/or its nominee(s) (holding on bare trust for SPK Acquisitions) in consideration of and conditional on the payment by SPK Acquisitions to the new member of the amount of cash to which the new member would have been entitled under the terms of the Scheme had such shares transferred to SPK Acquisitions hereunder been a Scheme Share at the Scheme Record Time, such new IONA Shares to rank pari passu in all respects with all other IONA Shares for the time being in issue and ranking for any dividends or distributions made, paid or declared thereon following the date on which the transfer of such new IONA Shares is executed.
- (d) In order to give effect to any such transfer required by this Article 126, the Company may appoint any person to execute and deliver a form of transfer on behalf of, or as attorney for, the new member in favour of SPK Acquisitions and/or its nominee(s) (holding on bare trust for SPK Acquisitions). Pending the registration of SPK Acquisitions as a holder of any share to be transferred under this Article 126, the new member shall not be entitled to exercise any rights attaching to any such share unless so agreed by SPK Acquisitions and SPK Acquisitions shall be irrevocably empowered to appoint a person nominated by the Directors of SPK Acquisitions to act as attorney on behalf of any holder of that share in accordance with any directions SPK Acquisitions gives in relation to any dealings with or disposal of that share (or any interest in it), exercising any rights attached to it or receiving any distribution or other benefit accruing or payable in respect of it and any holders of that share must exercise all rights attaching to it in accordance with the directions of SPK Acquisitions. The Company shall not be obliged to issue a certificate to the new member for any such share.

5. Ordinary Resolution: Adjournment of the EGM

This is a proposal to adjourn the EGM, if necessary, to solicit additional proxies in favour of approval of the resolutions to be considered at the EGM. IONA is submitting a proposal for consideration at the EGM to authorise the Chairman of the EGM to approve one or more adjournments of the EGM if there are not

[Table of Contents](#)

sufficient votes to approve the resolutions to be considered at the EGM at the time of the EGM. Even though a quorum may be present at the EGM, it is possible that IONA may not have received sufficient votes to approve the resolutions to be considered at the EGM by the time of the EGM. In that event, IONA would determine to adjourn the EGM in order to solicit additional proxies. The adjournment proposal relates only to an adjournment of the EGM for purposes of soliciting additional proxies to obtain the requisite IONA ADR holder and IONA Shareholder approvals to approve the resolutions to be considered at the EGM. Any other adjournment of the EGM (e.g., an adjournment required because of the absence of a quorum) would be voted upon pursuant to the discretionary authority granted by the proxy. To approve the adjournment proposal, a majority of the outstanding IONA Shares present or represented at the EGM and entitled to vote, which includes abstentions, must vote in favour of the proposal.

Chairman of the Board

Dated: 2008

Notes:

1. A shareholder entitled to attend and vote is entitled to appoint a proxy to attend, speak and vote on his or her behalf and may appoint more than one proxy to attend on the same occasion. A proxy need not be a shareholder of the Company. Appointment of a proxy will not preclude a shareholder from attending and voting at the meeting should the shareholder subsequently wish to do so. To be effective, the form of proxy, duly completed and signed together with any power of attorney or other authority under which it is executed or a notarially certified copy thereof, must be deposited with the Registrar of the Company, Computershare Investor Services (Ireland) Limited, Heron House, Corrig Road, Sandyford Industrial Estate, Dublin 18, Ireland no later than p.m. (Irish Standard Time) on 2008.
2. If the Form of Proxy is properly executed and returned to the Registrar, it will be voted in the manner directed by the member executing it or, if no directions are given, will be voted (or withheld) at the discretion of the Chairman of the Extraordinary General Meeting or any other person duly appointed as proxy by the member.
3. In the case of a corporation the Form of Proxy must be either under its Common Seal or under the hand of an officer or attorney, duly authorised.
4. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other registered holders and for this purpose seniority shall be determined by the order in which the names stand in the Register of Members in respect of the joint holding.
5. The completion and return of the Form of Proxy will not preclude a member from attending and voting at the meeting in person.
6. The Company, pursuant to Regulation 14 of the Companies Act 1990 (Uncertificated Securities) Regulations 1996 (the "Regulations"), specifies that only those shareholders registered in the Register of Members of the Company as at p.m. (Irish Standard Time) on 2008 (or in the case of an adjournment as at 48 hours before the time of the adjourned meeting) shall be entitled to attend and vote at the meeting in respect of the number of shares registered in their name at the time. Changes to entries in the register after that time will be disregarded in determining the right of any person to attend and/or vote at the meeting.
7. Terms shall have the same meaning in this document as they have under the Scheme and/or the Scheme Document.
8. Any alteration to the Form of Proxy must be initialed by the person who signs it.

ARTICLE V - PREPARATION AND DESPATCH OF DOCUMENTS

5.1 Generally. Each of the Parties will promptly provide such assistance and information as may reasonably be required by the other Party for the purposes of, or in connection with, the preparation of all documentation, including but not limited to the Scheme Document, required in connection with the Acquisition and/or the Scheme and/or in relation to the Clearances.

5.2 Scheme Document. As promptly as practicable after the date of this Agreement, IONA shall prepare and cause to be filed with the SEC and the Panel the Scheme Document relating to the Scheme. IONA shall respond promptly to any comments of the SEC, its staff or the Panel with respect to the Scheme Document. IONA shall, as promptly as practicable, notify Buyer upon the receipt of any comments from the SEC, its staff or the Panel or any request from the SEC, its staff or the Panel for amendments or supplements to the Scheme Document and the related form of proxy, shall provide Buyer with copies of all written correspondence, and shall keep Buyer reasonably informed of all discussions, between IONA and its Representatives on the one hand and the SEC, its staff, or the Panel on the other hand to the extent such written correspondence and/or discussions relate to the Scheme, the Scheme Document, this Agreement, the Expenses Reimbursement Agreement or any issue, matter, Clearance, consent or approval sought from the SEC and/or the Panel in connection with the Scheme. Prior to filing or mailing the Scheme Document, or any amendment or supplement thereto, with the SEC or the Panel, or responding to any comments of the SEC or the Panel with respect thereto, IONA shall (a) provide Buyer with a reasonable opportunity to review and comment on such document or response, (b) discuss with Buyer and include in such document or response all comments reasonably and promptly proposed by Buyer, and (c) not file such document with the SEC and/or the Panel or mail such document to IONA Shareholders, in each case, prior to receiving the approval of Buyer, which approval shall not be unreasonably withheld or delayed, solely as relates to the parts of the Scheme Document (including any amendments or supplements thereto) for which the Buyer Directors are responsible under the Takeover Rules. As soon as the Scheme Document is in a form acceptable to the Panel, and the time period for any SEC comments has either elapsed or all comments from the SEC have been cleared, IONA shall cause the Scheme Document and the related forms of proxy to be filed with the High Court and seek to obtain from the High Court an order to convene the Court Meeting by mailing the Scheme Document (the "Mailing Order"). Having obtained the Mailing Order, IONA shall, as soon as practicable thereafter, cause the Scheme Document and related forms of proxy to be mailed to the IONA Shareholders and, for information only, to the IONA Optionholders. information that, pursuant to the Securities Act, the Exchange Act, the Takeover Rules or the Act, should be disclosed in an amendment or supplement to the Scheme Document, then the Party becoming so aware shall promptly inform the other Party thereof and the Parties shall cooperate with each other in filing such amendment or supplement with the SEC, the Panel, and, if required, the High Court and, if appropriate, in mailing such amendment or supplement to the IONA Shareholders and, for information only, to the IONA Optionholders.

5.3 Optionholder Proposal. Subject to the conditions set out in Section 5.2 being satisfied in relation to the Scheme Document, the Parties agree that:

(a) the IONA Share Incentive Plans will be amended in the Agreed Form prior to the publication of the Rule 2.5 Announcement;

(b) the Optionholder Proposal will be to provide (i) IONA Optionholders with an opportunity to elect to exercise their IONA Share Options immediately upon the Scheme being approved by the High Court and conditional upon it becoming effective, and on the condition that the resultant IONA Ordinary Shares being issued are then transferred to Buyer under the Scheme, (ii) IONA Optionholders (other than IONA Directors and executive officers for United States federal securities law purposes) who elect to exercise their IONA Share Options with a cashless exercise facility under which they may direct that the exercise price of their IONA Share Options be paid to IONA out of the proceeds of the sale to Buyer under the Scheme of the IONA Ordinary Shares issued to them upon exercise of their IONA Share Options, and (iii) that all IONA Share Options that remain outstanding on the Effective Date, having an exercise price per IONA Ordinary Share subject to such IONA Share Option that is less than the Scheme Consideration per IONA Ordinary Share, shall be cancelled with effect from midnight (Irish Standard Time) on the Effective Date in consideration for the payment to the IONA Optionholder of a cash payment per IONA Ordinary Share subject to such IONA Share Option equal to the excess of the Scheme Consideration per IONA Ordinary Share over the exercise price applicable to such IONA Share Option;

(c) the Optionholder Proposal will be made by IONA and Buyer to IONA Optionholders in respect of their respective holdings of IONA Share Options and the Optionholder Proposal will include a statement in the Agreed Form regarding the amendment of the IONA Share Incentive Plans as referred to in Section 5.3(a) above; and

(d) the Parties and their advisers will agree and approve the final form of each of the Acquisition Documents (such approval not to be unreasonably withheld, conditioned or delayed by either Party), which shall comply with all applicable requirements of law, including, without limitation, the Takeover Rules, the Listing Rules, the Irish Stock Exchange, the Securities Act, the Exchange Act and the High Court.

5.5 Miscellaneous. Except as required by law, IONA shall not seek to amend any of the Acquisition Documents after mailing of the respective Acquisition Document without the prior written consent (not to be unreasonably withheld or delayed) of Buyer. For the avoidance of doubt, IONA and Buyer will equally share the costs associated with publication and posting of the Acquisition Documents and the Scheme Document.

ARTICLE VI - IMPLEMENTATION OF THE SCHEME AND ACQUISITION

6.1 Financial Advisor Opinion. IONA confirms that the IONA Advisor has delivered to the Directors of IONA (and provided a courtesy copy to Buyer) its written opinion, dated as of June 24, 2008, to the effect that, subject to such qualifications and assumptions as are contained therein, as of such date, the Scheme Consideration is fair to the IONA Shareholders from a financial point of view. IONA confirms that the IONA Advisor has consented to the inclusion of such opinion, and a summary thereof, in the Scheme Document.

6.2 Implementation. Each of IONA and Buyer will procure the implementation of the Scheme and completion of the Acquisition as outlined in the Rule 2.5 Announcement, the Scheme Document and this Agreement, unless this Agreement is terminated in accordance with its terms. As soon as practicable after the date of this Agreement, each of the Parties will take or cause to be taken such steps as are within its power and necessary or required, and provide each other with such other assistance as may reasonably be required, to implement the Scheme and the Acquisition, including without limitation the following:

(a) IONA will promptly and using all reasonable endeavours make all necessary applications to the High Court in connection with the implementation of the Scheme, including issuing appropriate proceedings requesting the High Court to order that the Court Meeting be convened as soon as possible following the publication of the Rule 2.5 Announcement, and will do so in such a manner so as to ensure that the hearing of such proceedings occurs as soon as practicable in order to facilitate the mailing of the Scheme Document as soon as practicable in accordance with Section 5.2;

(b) in addition to agreeing to the Acquisition Documents between the Parties in accordance with the procedure set out in Section 5.4, the Parties will settle all necessary advertisements or announcements, and any other documents stipulated by the High Court (or, as the case may be, the Panel) with the High Court (and, to the extent required, the Panel) insofar as possible within three (3) Business Days of submission of the relevant document to the High Court and/or the Panel as applicable;

(c) each Party will, to the extent required by the Takeover Rules, obtain the consent or sanction of the Panel in relation to agreements or arrangements entered into in connection with the Acquisition and/or the Scheme as soon as possible following the issue of the Rule 2.5 Announcement;

(d) IONA shall procure the publication of the requisite advertisements and mailing of the Scheme Document and the forms of proxy to IONA Shareholders on the register of members of IONA on the record date agreed with the High Court in accordance with the relevant orders of the High Court as promptly as practicable following the order of the High Court to despatch the relevant documents being made, and thereafter shall publish and/or post such other documents and information (the form of which shall be agreed between the Parties in accordance with the procedure set out in Section 5.4) as the High Court may approve or direct from time to time in connection with the implementation of the Scheme in accordance with applicable law as promptly as practicable following the order of the approval of the High Court to publish or post such documents being made;

(g) IONA shall not, except as otherwise agreed in writing with Buyer, postpone or adjourn the Court Meeting or EGM;

(h) following the Court Meeting and EGM, assuming the Resolutions are duly passed (including by the requisite votes required under Section 201 of the Act in the case of the Court Meeting), IONA shall seek the sanction of the High Court to the Scheme as soon as possible thereafter; and

6.3 Notifications. Each of the Parties shall promptly notify the other in writing of:

(a) the receipt of any notice or any other communication from any third party alleging that the consent of such third party is or may be required to implement the Scheme or to close any of the transactions contemplated by this Agreement; and/or

(b) any event, circumstance, change, fact or occurrence which it becomes aware of that will or would be reasonably likely to result in one or more of the Conditions not being satisfied.

6.4 Effective Date. IONA and Buyer shall work together and co-operate with each other to try to ensure that the Effective Date occurs on or before September 15, 2008. In any event, IONA (and Buyer, to the extent applicable) will comply with any time limits that may be specified in the Court Order or by the Panel.

(a) IONA agrees to be bound by the Scheme and to perform any of the actions required of it by the Scheme.

(b) Buyer agrees to be bound by the Scheme and to perform any of the actions required of it by the Scheme.

(c) If Buyer intends to seek the permission of the Panel to invoke any of the Conditions, Buyer shall notify the Directors of IONA of such intention at least two (2) Business Days prior to approaching the Panel, and provide them with reasonable details of the grounds on which it intends to invoke the relevant Condition.

(d) Buyer agrees to pay the Scheme Consideration to the IONA Shareholders in accordance with, and subject to, the terms and conditions of the Scheme.

6.6 Correspondence and Discussions with the Panel. Each of the Parties will promptly provide such assistance and information as may reasonably be required by the other Party for the purposes of, or in connection with any correspondence or discussions with the Panel in connection with the Acquisition and/or the Scheme, and each Party and its advisers shall consult with the other Party and its advisers prior to any approach to the Panel in connection with the Acquisition and/or the Scheme. The Parties hereby agree that the Panel's document review fees (of approximately €50,000) are payable by Buyer. For the avoidance of doubt, if such fees are paid by IONA on behalf of Buyer, the amount payable by IONA to Buyer pursuant to the Expenses Reimbursement Agreement (notwithstanding anything contained in the Expenses Reimbursement Agreement) shall be reduced by an equivalent amount.

6.7 Conduct of Court Hearings

(a) IONA and Buyer shall agree on the High Court timetable and IONA shall consult in good time with Buyer regarding the conduct of all High Court proceedings in connection with the Scheme and will promptly advise Buyer of the dates of any such hearings.

7.1 Announcements. Subject to the requirements of applicable law, the Takeover Rules, the Listing Rules, a court order, the Securities Act, the Exchange Act, the SEC or any regulatory body (including, without limitation, the Panel), the Parties shall consult together as to the terms of, the timing of and the manner of publication of any formal announcement, document or publication which either Party may make regarding the Acquisition, the Scheme, this Agreement or any matter referred to in the Rule 2.5 Announcement. Buyer and IONA shall give each other the opportunity to review and comment upon any such announcement, document or publication and shall not issue any such announcement, document or publication prior to such consultation, except as may be required by applicable law, the Takeover Rules, the Listing Rules, a court order, the Securities Act, the Exchange Act, the SEC or any regulatory body (including, without limitation, the Panel) which has jurisdiction over it. Any other communication which any Party may make regarding such matters shall, subject to the requirements of applicable law, the Takeover Rules, the Listing Rules, a court order, the Securities Act, the Exchange Act, the SEC or any regulatory body (including, without limitation, the Panel), be consistent with any such announcement, document or publication and the terms of the Rule 2.5 Announcement. The Parties agree that the initial press release to be issued with respect to the transactions contemplated by this Agreement shall be in the form of the Rule 2.5 Announcement.

7.2 Rule 16b-3 Actions. IONA and Buyer agree that, in order to most effectively compensate and retain those officers and directors of IONA who are subject to the reporting requirements of Section 16(a) of the Exchange Act in connection with the Acquisition, both prior to and after the Effective Time, it is desirable that such Persons not be subject to a risk of liability under Section 16(b) of the Exchange Act to the fullest extent permitted by applicable law in connection with the transactions contemplated by this Agreement, and for that compensatory and retentive purpose agree to the provisions of this Section 7.2. Promptly after the date hereof and prior to the Effective Date, IONA shall adopt a resolution in advance of the Effective Time providing that any dispositions of IONA Ordinary Shares resulting from the transactions contemplated by this Agreement by each individual who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to IONA to be exempt under Rule 16b-3 promulgated under the Exchange Act, to the extent permitted by applicable law.

7.3 Third Party Consents and Regulatory Approvals.

(a) The terms of the Acquisition at the date of publication of the Scheme Document shall be set out in the Rule 2.5 Announcement and the Scheme Document.

(b) Unless and until this Agreement is terminated in accordance with its terms, the Parties each agree to use their reasonable endeavours to achieve satisfaction of the Conditions as soon as reasonably practicable following the publication of the Scheme Document.

(c) Subject to the terms and conditions hereof, IONA and Buyer shall use their reasonable endeavours to:

(i) take, or cause to be taken, all actions, and do, or cause to be done, and to assist and cooperate with the other Party in doing, all things necessary, proper or advisable to consummate and make effective the transactions contemplated hereby (including, without limitation, the Acquisition) as promptly as practicable;

(ii) as promptly as practicable, obtain from any Governmental Authority any Clearances required to be obtained or made by IONA or Buyer or any of their respective Subsidiaries in connection with the authorization, execution and delivery of this Agreement and the consummation of the transactions contemplated hereby (including, without limitation, the Acquisition);

(iii) as promptly as practicable, make all necessary filings, and thereafter make any other required submissions, with respect to this Agreement and the Acquisition required under (A) the Exchange Act and any other applicable federal or state securities laws, (B) the HSR Act and any related governmental request thereunder, (C) the Takeover Rules and the Act, (D) the High Court, and (E) any other applicable law; and

(iv) execute or deliver any additional instruments necessary to consummate the transactions contemplated by, and to fully carry out the purposes of, this Agreement (including, without limitation, the Acquisition).

IONA and Buyer shall cooperate with each other in connection with the making of all such filings, including providing copies of all such documents to the non-filing Party and its advisors prior to filing and, if requested, considering in good faith reasonable additions, deletions or changes suggested in connection therewith. IONA and Buyer shall furnish to each other, upon reasonable request, all information reasonably necessary or advisable in connection with any application or other filing to be made pursuant to the rules and regulations of any applicable law (including all information required to be included in the Scheme Document) in connection with the transactions contemplated by this Agreement. For the avoidance of doubt, Buyer and IONA agree that nothing contained in this Section 7.3(c) shall modify or affect their respective rights and responsibilities under Section 7.3(d). With respect to any documents or information required to be given by any Party to another Party pursuant to this Section 7.3(c), such first Party may give such documents or information to such second Party's outside counsel, instead of directly to such second Party, if such first Party reasonably believes that doing so is required by, or advisable pursuant to, applicable law.

(d) Subject to the terms hereof, Buyer and IONA agree, and shall cause each of their respective Subsidiaries, to cooperate and to use their respective reasonable endeavours to obtain any government clearances or approvals required for Closing under the HSR Act and any other federal, state or foreign law, regulation or decree designed to prohibit, restrict or regulate actions for the purpose or effect of monopolization or restraint of trade (collectively, "Antitrust Laws"), and agree to respond to any government requests for information under any Antitrust Law, and to contest and resist any action, including any legislative, administrative or judicial action, and to have vacated, lifted, reversed or overturned any decree, judgment, injunction or other order (whether temporary, preliminary or permanent) (an "Antitrust Order") that restricts, prevents or prohibits the consummation of the Acquisition or any other transactions contemplated by this Agreement under any Antitrust Law. The Parties will consult and cooperate with one another, and consider in good faith the views of one another, in connection with, and provide to the other Party in advance, any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any Party in connection with proceedings under or relating to any Antitrust Law. Buyer shall pay the filing fee for the filing to be made under the HSR Act.

(e) Each of IONA and Buyer shall give (or shall cause their respective Subsidiaries to give) any notices to third parties, and use, and cause their respective Subsidiaries to use, their reasonable endeavours to obtain any third party Clearances required on behalf of such Party or any of its Subsidiaries in connection with the Acquisition that are necessary to consummate the transactions contemplated hereby, it being understood that

neither IONA nor Buyer shall be required to make any material payments, other than filing or other fees payable to a Governmental Authority for seeking the relevant Clearance, in connection with the fulfillment of its obligations under this Section 7.3(e).

(f) Buyer and IONA shall (i) promptly advise each other of (and Buyer or IONA shall so advise with respect to communications received by any Subsidiary of Buyer or IONA, as the case may be) any written or oral communication from any Governmental Authority or third party whose consent or approval is required for consummation of the transactions contemplated by this Agreement; (ii) to the extent practicable, not participate in any substantive meeting or discussion with any Governmental Authority in respect of any filing, investigation, or inquiry concerning this Agreement or the transactions contemplated by this Agreement unless it consults with the other Party in advance, and, to the extent permitted by such Governmental Authority, gives the other Party the opportunity to attend; and (iii) promptly furnish the other Party with copies of all correspondence, filings, and written communications between them and their Subsidiaries and Representatives, on the one hand, and any Governmental Authority or its respective staff, on the other hand, with respect to this Agreement and the transactions contemplated by this Agreement, except that materials may be redacted (x) to remove references concerning the valuation of the businesses of IONA or Buyer or their respective Affiliates, (y) as necessary to comply with contractual arrangements, and (z) as necessary to address reasonable privilege or confidentiality concerns. Neither Buyer nor IONA shall consent to any voluntary extension of any statutory deadline or waiting period or to any voluntary delay of the consummation of the transactions contemplated by this Agreement at the behest of any Governmental Authority without the consent of the other Party, which consent shall not be unreasonably withheld or delayed. With respect to any notice, documentation or other communication required to be given by any Party to another Party pursuant to this Section 7.3(f), such first Party may give such notice, documentation or other communication to such second Party's outside counsel, instead of directly to such second Party, if such first Party reasonably believes that doing so is required by, or advisable pursuant to, applicable law.

(g) Each Party will promptly provide such information as may reasonably be requested by a Governmental Authority following any such filing or notification and shall negotiate with any Governmental Authority in relation to any undertakings, orders, agreements or commitments which any such Governmental Authority requires to facilitate the Acquisition, and shall use reasonable endeavours to cause such negotiations to be concluded in any event at least five (5) Business Days prior to December 15, 2008 or such other date as is agreed between the Parties and (if required) consented to by the High Court and (if required) the Panel.

(h) Notwithstanding anything to the contrary in this Agreement, nothing in this Agreement shall require either IONA or the Guarantor, or any of their respective Subsidiaries, to, and, without Buyer's prior written consent, none of IONA or any of its Subsidiaries shall: (i) agree to or to effect any divestiture of, or hold separate (including by establishing a trust or otherwise), or agree to restrict its ownership or operation of, any business or assets of IONA or its Subsidiaries or of the Guarantor or its Subsidiaries, or to enter into any settlement or consent decree, or agree to any undertaking, with respect to any business or assets of IONA or its Subsidiaries or of the Guarantor or its Subsidiaries, (ii) enter into, amend or agree to enter into or amend, any material contracts or agreements of IONA or its Subsidiaries or of the Guarantor or its Subsidiaries, (iii) otherwise waive, abandon or alter any material rights or obligations of IONA or its Subsidiaries or of the Guarantor or its Subsidiaries or (iv) file or defend any lawsuit, appeal any judgment or contest any injunction issued in a proceeding initiated by a Governmental Authority.

7.4 Directors' and Officers' Indemnification and Insurance.

(a) The Buyer Parties agree that all rights to indemnification or exculpation now existing in favor of, and all limitations on the personal liability of each present and former director or officer of IONA and its Subsidiaries provided for in the respective organizational documents in respect of actions or omissions occurring at or prior to the Effective Time (including, without limitation, actions or omissions occurring at or prior to the Effective Time arising out of the transactions contemplated by this Agreement), to the extent in effect as of the date hereof, shall continue in full force and effect for a period of six (6) years after the

Table of Contents

Effective Time. During such period, the Buyer Parties shall not amend, repeal or otherwise modify such provisions for indemnification in any manner that would materially and adversely affect the rights thereunder of individuals who at any time prior to the Effective Time was a director or officer of IONA and its Subsidiary in respect of actions or omissions occurring at or prior to the Effective Time (including, without limitation, actions or omissions occurring at or prior to the Effective Time arising out of the transactions contemplated by this Agreement), unless such modification is required by law; provided, however, that in the event any claim or claims are asserted or made either prior to the Effective Time or within such six-year period, all rights to indemnification required to be continued pursuant to this Section 7.4(a) in respect of any such claim or claims shall continue until disposition of any and all such claims.

(b) Prior to the Effective Time, IONA shall, to the fullest extent permitted under applicable law and regardless of whether the Scheme becomes effective, indemnify and hold harmless, and, after the Effective Time, the Buyer Parties shall, to the fullest extent permitted under applicable law, indemnify and hold harmless, each present and former director or officer of IONA and their respective heirs and representatives (each an "Indemnified Party" and, collectively, the "Indemnified Parties") against all costs and expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and settlement amounts paid in connection with any claim, action, suit, proceeding or investigation (whether arising before or after the Effective Time), whether civil, administrative or investigative, arising out of or pertaining to any action or omission in their capacities as directors or officers, in each case occurring before the Effective Time (including the transactions contemplated by this Agreement). Without limiting the foregoing, in the event of any such claim, action, suit, proceeding or investigation, (i) IONA or the Buyer Parties and the Surviving Corporation, as the case may be, shall be entitled to control the defense of such claim, action, suit, proceeding or investigation, (ii) if IONA, the Buyer Parties or the Surviving Corporation (or counsel selected by the applicable insurer of IONA or the Surviving Corporation) does not elect to control the defense of such claim, action, suit, proceeding or investigation, the Indemnified Party shall be entitled to select counsel for the Indemnified Party, which counsel shall be reasonably satisfactory to IONA or to the Buyer Parties and the Surviving Corporation, as the case may be, and IONA or the Buyer Parties and the Surviving Corporation shall pay the fees and expenses of such counsel promptly after statements therefor are received (unless the Surviving Corporation shall elect to defend such action), (iii) IONA or the Buyer Parties shall cooperate in the defense of any such matter, provided, however, that neither IONA nor the Buyer Parties shall be liable for any settlement effected without its written consent (which consent shall not be unreasonably withheld or delayed); and (iv) neither IONA nor the Buyer Parties shall settle or compromise any such claim, action, suit, proceeding or investigation without the Indemnified Party's written consent thereto (which consent shall not be unreasonably withheld or delayed).

(c) At or prior to the Effective Time, IONA shall purchase a "tail" directors' and officers' liability insurance policy (which by its terms shall survive the Acquisition) for its directors and officers, which shall provide such directors and officers with coverage for six (6) years following the Effective Time of not less than the existing coverage under, and have other terms not materially less favorable on the whole to, the insured persons than the directors' and officers' liability insurance coverage presently maintained by IONA, so long as the aggregate cost is no more than 200% of the annual premium paid by IONA in its most recent fiscal year (the "Maximum Amount"). In the event that the Maximum Amount is insufficient for such coverage, IONA may spend up to the Maximum Amount to purchase such lesser coverage as may be obtained with such amount. The Buyer Parties shall, and shall cause IONA to, maintain such policy in full force and effect, and continue to honor the obligations thereunder.

(d) The obligations under this Section 7.4 shall not be terminated or modified in such a manner as to adversely affect any indemnitee to whom this Section 7.4 applies without the consent of such affected indemnitee (it being expressly agreed that the indemnitees to whom this Section 7.4 applies and any such indemnitees' heirs or representatives, shall be third party beneficiaries of this Section 7.4 and shall be entitled to enforce the covenants contained herein).

(e) In the event the Buyer Parties or IONA or any of their respective successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (ii) transfers or conveys all or substantially all of its properties and assets to any Person, then, and in each such case, to the extent necessary, proper provision shall be made so that the successors and assigns of the Buyer Parties or IONA, as the case may be, assume the obligations set forth in this Section 7.4.

7.5 Additional Agreements. Subject to the terms and conditions herein provided, in case at any time after the Effective Time any further action is necessary or desirable to carry out the purposes of this Agreement the proper officers and directors of each Party to this Agreement and their respective Subsidiaries shall use its or their reasonable endeavours to take, or cause to be taken, all such necessary action as may be reasonably requested by, and at the sole expense of, Buyer.

7.6 [Intentionally Left Blank].

7.7 Employment and Benefit Matters.

(a) Provision of Benefits. The Buyer Parties shall, and shall cause IONA to, treat, and cause the applicable benefit plans to treat, the service of the IONA Employees with IONA or any Subsidiary of IONA attributable to any period before the Effective Time as service rendered to the Buyer Parties or the Surviving Corporation for purposes of eligibility to participate, vesting and for other appropriate benefits including, but not limited to, applicability of minimum waiting periods for participation but excluding benefit accrual under any defined benefit plan of the Buyer Parties or any duplication of benefits. Without limiting the foregoing, the Buyer Parties shall cause any pre-existing conditions or limitations, eligibility waiting periods or required physical examinations under any health or similar plan of the Buyer Parties to be waived with respect to the IONA Employees and their eligible dependents, to the extent the IONA Employees have satisfied any similar limitations or requirements under the corresponding plan in which the IONA Employees participated immediately prior to the Closing Date and shall cause the Surviving Corporation to make appropriate arrangements with its insurance carrier(s) to ensure such result, and the Buyer Parties shall use reasonable endeavours to cause any deductibles paid by the IONA Employees under any of IONA's or its Subsidiaries' health plans in the plan year in which the Closing Date occurs shall be credited towards deductibles under the health plans of the Buyer Parties or any Subsidiary of the Buyer Parties. Except with respect to employees who have entered into employment agreements with IONA or its Subsidiaries, and subject to Section 7.7(d) hereof, the IONA Employees who remain employed after the Effective Time shall be considered to be employed by the Buyer Parties "at will" and nothing shall be construed to limit the ability of the Buyer Parties or the Surviving Corporation to terminate the employment of any such IONA Employee at any time. The Buyer Parties will cooperate with IONA, at IONA's cost, in respect of consultation obligations and similar notice and bargaining obligations owed to any employees or consultants of IONA or any Subsidiary of IONA in accordance with all applicable laws and bargaining agreements, if any.

(b) Continuation of Plans. Subject to Section 7.7(a) hereof, the Buyer Parties shall have sole discretion with respect to the determination as to whether or when to terminate, merge or continue any employee benefit plans and programs of IONA; provided, however, that the Buyer Parties shall continue to maintain such employee benefit plans and programs of IONA (other than stock-based plans) until the IONA Employees are permitted to participate in the plans of the Buyer Parties or the Surviving Corporation in accordance with Section 7.7(a).

(c) Existing Compensation Agreements. The Buyer Parties shall honor, in accordance with their terms, all compensation, employment, severance, change-of-control and similar obligations of IONA to the extent those compensation agreements have been Disclosed to the Buyer Parties.

(d) Continuation of Employment. No provision of this Section 7.7 shall create any third-party beneficiary rights in any employee or former employee (including any beneficiary or dependent thereof) of

IONA or any Subsidiary of IONA in respect of continued employment (or resumed employment) with the Buyer Parties, the Surviving Corporation or any of the Buyer Parties' Subsidiaries and no provision of this Section 7.7 shall create such rights in any such Persons in respect of any benefits that may be provided, directly or indirectly, under any employee program or any plan or arrangement that may be established by the Buyer Parties or any of its Subsidiaries. No provision of this Agreement shall constitute a limitation on the rights to amend, modify or terminate after the Effective Time any such plans or arrangements of the Buyer Parties or any of its Subsidiaries.

ARTICLE VIII - CLOSING

8.1 Closing Date. The closing of the transactions contemplated hereby ("Closing") shall take place on such date, to be agreed by IONA and Buyer, being not more than five (5) Business Days after the date following satisfaction of all of the Conditions ("Closing Date") with the exception of Condition 1(iv) (delivery and registration of the Court Order and a copy of the minute required by Section 75 of the Act), and where IONA and Buyer fail to so agree on the Closing Date, the Closing Date shall be the fifth (5th) Business Day after the satisfaction of all of the Conditions with the exception of Condition 1(iv) (delivery and registration of the Court Order and a copy of the minute required by Section 75 of the Act). Closing shall take place at the offices of Goodwin Procter LLP, Exchange Place, Boston, Massachusetts, USA at 8:00 a.m., local time, on the Closing Date. Upon Closing the matters referred to in Section 8.2 shall be effected and delivered to Buyer.

8.2 Closing

(a) On or prior to Closing, IONA shall procure that a meeting of the Directors of IONA is held at which resolutions are passed (conditional on registration of the Court Order occurring and effective as of the Effective Time) approving:

- (i) the allotment and issue to Buyer (and/or its nominees) in accordance with the Scheme of the number of new shares in the capital of IONA provided for in the Scheme;
- (ii) the resignation of all of the directors of IONA; and
- (iii) the appointment of such persons as Buyer may nominate as the directors of IONA.

(b) On the Effective Date, IONA shall deliver to Buyer:

- (i) a certified copy of the resolutions referred to in Section 8.2(a);
- (ii) share certificates in respect of the aggregate number of new shares in the capital of IONA to be issued to Buyer (and/or its nominees) in accordance with the Scheme; and
- (iii) letters of resignation from the directors of IONA resigning from their positions as directors (each such letter containing an acknowledgement that such resignation is without any claim for loss of office or other claim arising from such resignation).

8.3 Further Closing Deliverables. Each of the Parties shall, on or prior to Closing, deliver to the other Party such other deeds, documents, consents, waivers, resolutions and/or other things and/or take such further action(s) as may reasonably be required of it to implement the Scheme and/or the Acquisition.

ARTICLE IX - DIRECTORS' FIDUCIARY DUTIES

9.1 Directors Fiduciary Duties. Notwithstanding any other term of this Agreement, it is recognized by the Parties that the Directors of IONA are required to fulfill their fiduciary duties and that circumstances could arise (whether before or after the Court Meeting) where the Directors of IONA are advised that compliance by IONA with provisions of this Agreement could lead to a breach by them of those fiduciary duties. In such circumstances, IONA shall, subject to Section 6.8 of this Agreement, be entitled to withdraw the Scheme Recommendation and terminate this Agreement pursuant to Section 10.1(a)(iii).

ARTICLE X - TERMINATION, AMENDMENT AND WAIVER

10.1 Termination.

(a) If (i) all of the Conditions are not satisfied or waived by 11.59 p.m., United States Eastern time, on December 15, 2008, or (ii) the High Court declines or refuses to sanction the Scheme, unless both Parties agree that the decision of the High Court shall be appealed and, if so appealed, a final non-appealable order, decree, judgment, or ruling has been issued, or (iii) the Directors of IONA withdraw or adversely modify the Scheme Recommendation, or (iv) the Resolutions are not passed at the EGM and the Court Meeting, either Party shall be entitled by notice in writing to the other Party to terminate forthwith this Agreement.

(b) For the avoidance of doubt, termination of this Agreement shall be without prejudice to the provisions of the Confidentiality Agreement or Expenses Reimbursement Agreement.

10.2 Effect of Termination. In the event of a termination of this Agreement by either Buyer or IONA as provided in Section 10.1, this Agreement shall immediately become null and void and have no effect, and none of Buyer, IONA, any of their respective Subsidiaries or any of the officers or directors of any of them shall have any liability or obligation of any nature whatsoever hereunder, or in connection with the transactions contemplated hereby, except that (a) Section 7.1 (Announcements), Section 10.2 (Effect of Termination), Section 11.2 (Expenses), and Section 11.7 (Governing Law; Jurisdiction and Venue) and all other obligations of the Parties specifically intended to be performed after the termination of this Agreement shall survive any termination of this Agreement and (b) neither Buyer nor IONA shall be relieved or released from any liabilities or damages arising out of any fraud or willful breach by such Party of any provision of this Agreement or any other agreement delivered in connection herewith. For the avoidance of doubt, the Parties acknowledge and agree that nothing in this Section 10.2 shall be deemed to affect their right to seek specific performance pursuant to Section 11.10.

10.3 Extension; Waiver. Subject to the requirements of the Takeover Rules, at any time prior to the Effective Time, the Parties may, to the extent legally allowed, (a) extend the time for the performance of any of the obligations or other acts of the other Party, (b) waive any inaccuracies in the representations and warranties contained herein or in any document delivered pursuant hereto, and (c) if both Parties agree, waive compliance with any of the agreements or conditions contained herein. Any agreement on the part of a Party to any such extension or waiver shall be valid only if set forth in a written instrument signed on behalf of such Party, but such extension or waiver or failure to insist on strict compliance with an obligation, covenant, agreement or condition shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure. No provision of this Agreement requiring any Party to use efforts or endeavours or to act in good faith in any context shall be interpreted to require a Party, as part of such Party's duty to use efforts or endeavours or to act in good faith in the context in question, to waive any condition to the obligations of such Party hereunder or to refrain from exercising any right or power such Party may have hereunder.

ARTICLE XI - MISCELLANEOUS

11.1 Nonsurvival of Representations, Warranties and Agreements. None of the representations and warranties in this Agreement shall survive the Effective Time. This Section 11.1 shall not limit any covenant or agreement of the Parties that, by its terms, contemplates performance after the Effective Time.

11.2 Expenses. Except as set forth in Sections 5.5, 6.6, and 7.3(d) of this Agreement, all legal and other costs and expenses incurred in connection with this Agreement and the transactions contemplated hereby shall be paid by the Party incurring such costs and expenses. For the avoidance of doubt, if any fees that are expressly agreed to be paid by Buyer are paid by IONA on behalf of Buyer, the amount payable by IONA (if any) to Buyer pursuant to the Expenses Reimbursement Agreement (notwithstanding anything contained in the Expenses Reimbursement Agreement) shall be reduced by an equivalent amount.

11.3 Notices. 11.4 Interpretation.

(a) The table of contents and headings herein are for convenience of reference only, do not constitute part of this Agreement and shall not be deemed to limit or otherwise affect any of the provisions hereof.

(b) Buyer, the Guarantor and IONA have participated jointly in negotiating and drafting this Agreement. In the event that an ambiguity or a question of intent or interpretation arises, this Agreement shall be construed as if drafted jointly by the parties, and no presumption or burden of proof shall arise favoring or disfavoring any of Buyer, the Guarantor and IONA by virtue of the authorship of any provision of this Agreement.

11.5 Counterparts. This Agreement may be executed in counterparts, all of which shall be considered one and the same agreement and shall become effective when counterparts have been signed by each of Buyer, the Guarantor and IONA and delivered to the other Parties, it being understood that Buyer, the Guarantor and IONA need not sign the same counterpart.

11.6 Entire Agreement. This Agreement, together with the Expenses Reimbursement Agreement, the Confidentiality Agreement, the Limited Guaranty and any documents delivered by Buyer, the Guarantor and IONA in connection herewith constitutes the entire agreement and supersedes all prior agreements and understandings, both written and oral, among Buyer, the Guarantor and IONA, or any of them, with respect to the subject matter hereof, it being understood that the Expenses Reimbursement Agreement, the Confidentiality Agreement and the Limited Guaranty shall survive the execution and delivery of this Agreement.

11.7 Governing Law; Jurisdiction and Venue. This Agreement shall be governed by and construed in accordance with the laws of the Ireland without regard to its rules of conflict of laws. Each of Buyer, the Guarantor and IONA hereby irrevocably and unconditionally consents to submit to the exclusive jurisdiction of the courts of Ireland (the “Irish Courts”) for any litigation arising out of or relating to this Agreement and the transactions contemplated hereby (and agrees not to commence any litigation relating thereto except in such courts), waives any objection to the laying of venue of any such litigation in the Irish Courts and agrees not to plead or claim in any Irish Court that such litigation brought therein has been brought in any inconvenient forum. Each of Buyer, the Guarantor and IONA agree, (a) to the extent Buyer, the Guarantor and IONA is not otherwise subject to service of process in Ireland, to appoint and maintain an agent in Ireland as their agent for acceptance of legal process, and (b) that service of process may also be made on Buyer, the Guarantor and IONA by registered post constituting evidence of valid service. Service made pursuant to (a) or (b) above shall have the same legal force and effect as if served upon Buyer, the Guarantor and IONA personally within Ireland.

11.8 Severability. In the event that any one or more provisions of this Agreement shall for any reason be held invalid, illegal or unenforceable in any respect, by any court of competent jurisdiction, such invalidity, illegality or unenforceability shall not affect any other provisions of this Agreement and Buyer, the Guarantor and IONA shall use their best endeavours to substitute a valid, legal and enforceable provision which, insofar as practicable, implements the original purposes and intents of this Agreement.

11.9 Assignment; Reliance of Other Parties. Neither this Agreement nor any of the rights, interests or obligations hereunder shall be assigned by any of Buyer, the Guarantor and IONA in whole or in part (whether by operation of law or otherwise) without the prior written consent of Buyer, the Guarantor or IONA, as applicable, and any attempt to make any such assignment without such consent shall be null and void. Subject to the preceding sentence, this Agreement will be binding upon, inure to the benefit of and be enforceable by Buyer, the Guarantor and IONA and their respective successors and assigns. Except (a) as provided in Section 7.4 (Directors’ and Officers’ Indemnification and Insurance) hereof, and (b) the provisions of Section 6.5(d) concerning payment of the Scheme Consideration, which shall inure to the IONA Shareholders but, prior to the Effective Time, may only be enforced by IONA acting on their behalf, this Agreement (including the documents and instruments referred to herein) is not intended to confer upon any Person other than Buyer, the Guarantor and IONA any rights or remedies under or by reason of this Agreement.

11.10 Specific Performance. Buyer, the Guarantor and IONA agree that irreparable damage would occur in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, (a) Buyer shall be entitled to seek an injunction or injunctions, without the posting of any bond, to prevent breaches of this Agreement by IONA and to enforce specifically the terms and provisions of this Agreement, in addition to any other remedy to which Buyer is entitled at law or in equity and (b) IONA shall be entitled to seek an injunction or injunctions, without the posting of any bond, to enforce specifically the terms and provisions of this Agreement and the Limited Guaranty, to prevent breaches of this Agreement and the Limited Guaranty by the Buyer Parties, and to enforce compliance with those covenants of the Buyer Parties that require the Buyer Parties to consummate the transactions contemplated by this Agreement.

11.11 Consents and Approvals. For any matter under this Agreement requiring the consent or approval of Buyer, the Guarantor and IONA to be valid and binding on Buyer, the Guarantor and IONA, such consent or approval must be in writing.

11.12 Modification. This Agreement may be modified or amended only by written agreement of Buyer, the Guarantor and IONA.

11.13 No Agency. Nothing in this Agreement and no action taken by Buyer, the Guarantor and IONA pursuant to this Agreement shall constitute, or be deemed to constitute, any of Buyer, the Guarantor and IONA

Deed of Limited Guaranty and Indemnity (the “Guaranty”), dated as of June 25, 2008, by Progress Software Corporation, a Massachusetts corporation (the “Guarantor”), in favor of IONA Technologies PLC, a public limited company incorporated under Irish Company law (“IONA”).

1. **GUARANTY.** To induce IONA to enter into an Implementation Agreement, dated as of the date hereof (as amended, supplemented or otherwise modified from time to time, the “Implementation Agreement”; capitalized terms used herein and not otherwise defined shall have the meaning ascribed to them in the Implementation Agreement), by and among SPK Acquisitions Limited, a private limited company incorporated in Ireland (the “Buyer”), IONA, and with respect to Section 7.4 and Section 7.7 of the Implementation Agreement only, the Guarantor, the Guarantor as principal obligor and not merely as surety, absolutely, unconditionally and irrevocably guarantees and covenants to IONA the due and punctual payment and performance of all of the obligations of Buyer (and its successors and assigns) under the Implementation Agreement (including without limitation and for the avoidance of doubt, (a) the obligations of Buyer (and its successors and assigns) under Section 6.5 of the Implementation Agreement, including but not limited to the obligation to pay the Scheme Consideration to the IONA Shareholders subject to, and in accordance with, the terms and conditions of the Scheme, (b) the obligations of Buyer (and its successors and assigns) under Section 2.1 of the Implementation Agreement, (c) the timely performance when required of all other obligations of Buyer (and its successors and assigns) that arise under the Implementation Agreement (including, without limitation the obligations of the Buyer Parties (and their respective successors and assigns) under Section 7.4 and Section 7.7 of the Implementation Agreement) and (d) any liability of Buyer for breach of the Implementation Agreement (collectively, the “Obligations”); provided the maximum amount payable by the Guarantor hereunder shall not exceed US\$161.7 million (the “Cap Amount”).

2. **NATURE OF GUARANTY.** This Guaranty is an absolute, unconditional and continuing guaranty of the full and punctual payment and performance of the Obligations. The liability of the Guarantor to pay the Scheme Consideration shall arise only in circumstances where Buyer has failed to pay the Scheme Consideration within the time period stipulated by the Irish Takeover Rules, being within 14 days from the Effective Date. This Guaranty is in no way conditioned upon any requirement that IONA first attempt to collect the Obligations from Buyer or resort to any security or other means of collecting payment. Should Buyer default in the payment or performance of the Obligations, or otherwise is unable for any reason to pay the Obligations as and when due, or if IONA is unable to bring a claim for the Obligations against Buyer for any reason, the Guarantor’s obligations hereunder shall become immediately due and payable to IONA. Claims hereunder may be made on one or more occasions. If any payment in respect of any Obligations is rescinded or must otherwise be returned for any reason whatsoever, the Guarantor shall remain liable hereunder with respect to such Obligations as if such payment had not been made.

3. **CHANGES IN OBLIGATIONS; CERTAIN WAIVERS.** The Guarantor agrees that IONA may, subject to obtaining the prior approval of the Irish Takeover Panel to the extent required, at any time and from time to time, without notice to or further consent of the Guarantor, extend the time of payment of any of the Obligations, and may also make any agreement with Buyer or with any other party to, or Person liable for any of, the Obligations or interested therein, for the extension, renewal, payment, compromise, discharge or release thereof, in whole or in part, or for any modification of the terms thereof or of any agreement between IONA on the one hand, and Buyer, on the other hand, or any such other party or Person without in any way impairing or affecting this Guaranty. The Guarantor agrees that the obligations of the Guarantor hereunder shall not be released or discharged, in whole or in part, or otherwise affected by (a) the failure of IONA to assert any claim or demand or to enforce any right or remedy against Buyer or any other entity or other Person primarily or secondarily liable with respect to any of the Obligations or interested therein; (b) any change in the time, place or manner of payment of any of the Obligations or any rescission, waiver, compromise, consolidation or other amendment or modification of any of the terms or provisions of the Implementation Agreement or any other agreement

evidencing, securing or otherwise executed in connection with any of the Obligations; (c) the addition, substitution or release of any entity or other Person primarily or secondarily liable for any Obligation or interested therein; (d) any change in the corporate existence, structure or ownership of Buyer or any other entity or Person liable with respect to any of the Obligations; (e) any insolvency, examination, bankruptcy, reorganization or other similar proceeding affecting Buyer or any other entity or Person liable with respect to any of the Obligations or interested therein; (f) any lack of validity or enforceability of the Implementation Agreement or any agreement or instrument relating thereto; (g) the existence of any claim, set-off or other rights that the Guarantor may have at any time against Buyer or IONA, whether in connection with the Obligations or otherwise; (h) the adequacy of any other means IONA may have of obtaining repayment of any of the Obligations; (i) any other act or omission that might in any manner or to any extent vary the risk of the Guarantor or otherwise operate as a release or discharge of the Guarantor, all of which may be done without notice to the Guarantor; or (j) any other event or circumstance, whether similar or dissimilar to the foregoing (other than final payment in full of the Obligations). To the fullest extent permitted by law, the Guarantor hereby expressly waives any and all rights or defenses arising by reason of any law that would otherwise require any election of remedies by IONA. The Guarantor waives promptness, diligence, notice of the acceptance of this Guaranty and of the Obligations, presentment, demand for payment, notice of non-performance, default, dishonor and protest, notice of any Obligations incurred and all other notices of any kind, all defenses that may be available by virtue of any valuation, stay, moratorium law or other similar law now or hereafter in effect, any right to require the marshalling of assets of Buyer or any other entity or other Person primarily or secondarily liable with respect to any of the Obligations or interested therein, and all suretyship defenses generally (other than defenses to the payment of the Obligations that are available to Buyer under the Implementation Agreement). The Guarantor acknowledges that it will receive substantial direct and indirect benefits from the transactions contemplated by the Implementation Agreement and that the waivers set forth in this Guaranty are knowingly made in contemplation of such benefits.

4. **NO SUBROGATION.** The Guarantor hereby unconditionally and irrevocably agrees not to exercise any rights that it may now have or hereafter acquire against Buyer or any other entity or Person liable with respect to any of the Obligations or interested therein that arise from the existence, payment, performance, or enforcement of the Guarantor's obligations under or in respect of this Guaranty or any other agreement in connection therewith, including, without limitation, any right of subrogation, reimbursement, exoneration, contribution or indemnification and any right to participate in any claim or remedy of IONA against Buyer or any other entity or Person liable with respect to any of the Obligations or interested therein, whether or not such claim, remedy or right arises in equity or under contract, statute or common law, including, without limitation, the right to take or receive from Buyer or any other entity or Person liable with respect to any of the Obligations or interested therein, directly or indirectly, in cash or other property or by set-off or in any other manner, payment or security on account of such claim, remedy or right, unless and until all of the Obligations and all other amounts payable under this Guaranty shall have been indefeasibly paid in full in cash. 5. **NO WAIVER; CUMULATIVE RIGHTS.** No failure on the part of IONA to exercise, and no delay in exercising, any right, remedy or power hereunder shall operate as a waiver thereof, nor shall any single or partial exercise by IONA of any right, remedy or power hereunder preclude any other or future exercise of any right, remedy or power. Each and every right, remedy and power hereby granted to IONA or allowed it by law or other agreement shall be cumulative and not exclusive of any other, and may be exercised by IONA at any time or from time to time.

Board of Directors
Iona Technologies Plc
The IONA Building Shelbourne Road
Ballsbridge, Dublin 4
Ireland

Members of the Board of Directors:

We understand that IONA Technologies Plc. (the “Company”) intends to enter into a transaction (the “Proposed Transaction”) with Progress Software Corporation (“Progress”) and SPK Acquisitions Limited, a wholly owned subsidiary of Progress (“Buyer”), pursuant to which, among other things (i) Buyer will acquire the Company by means of a scheme of arrangement (the “Scheme”) under Section 201 of the Irish Companies Act 1963, as amended, and (ii) each ordinary share of the Company, €0.0025 par value per share (a “Share”), will be converted into the right to receive US\$4.05 per Share in cash (the “Consideration”). The terms and conditions of the Proposed Transaction are set forth in more detail in (i) the announcement to be made by the Company and Buyer pursuant to Rule 2.5 of the Irish Takeover Panel Act, 1997, Takeover Rules, 2007 and the Irish Takeover Panel Act, 1997, Substantial Acquisition Rules 2007 (the “Rule 2.5 Announcement”), (ii) the Implementation Agreement, dated as of the date hereof, among Buyer, the Company and Progress (the “Implementation Agreement”), (iii) the Expenses Reimbursement & Non-Solicitation Agreement, dated as of the date hereof, among Buyer and the Company (the “Expenses Reimbursement & Non-Solicitation Agreement”) and (iv) the Deed of Limited Guaranty and Indemnity by Progress in favor of the Company (the “Guaranty”).

We have been requested by the Board of Directors of the Company to render our opinion with respect to the fairness, from a financial point of view, to the Company’s shareholders of the Consideration to be offered to such shareholders in the Proposed Transaction. We have not been requested to opine as to, and our opinion does not in any manner address, the Company’s underlying business decision to proceed with or effect the Proposed Transaction. In addition, we express no opinion on, and our opinion does not in any manner address, the fairness of the amount or the nature of any compensation to any officers, directors or employees of any parties to the Proposed Transaction, or any class of such persons, relative to the Consideration to be offered to the shareholders of the Company in the Proposed Transaction.

In arriving at our opinion, we reviewed and analyzed: (1) the Implementation Agreement, the Expenses Reimbursement & Non-Solicitation Agreement, the Guaranty, a draft, dated the date hereof, of the Rule 2.5 Announcement (the “Draft Announcement”) and the specific terms of the Proposed Transaction, (2) publicly available information concerning the Company that we believe to be relevant to our analysis, including the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2007 and the Quarterly Report on Form 10-Q for the fiscal quarter ended March 31, 2008, (3) financial and operating information with respect to the business, operations and prospects of the Company furnished to us by the Company, including financial projections of the Company prepared by management of the Company (the “Projections”), (4) a trading history of the Shares from June 22, 2007 to June 23, 2008 and a comparison of that trading history with those of other companies that we deemed relevant, (5) a comparison of the historical financial results and present financial condition of the Company with those of other companies that we deemed relevant, (6) a comparison of the financial terms of the Proposed Transaction with the financial terms of certain other transactions that we deemed relevant, (7) the results of our efforts to solicit indications of interest and definitive proposals from third parties with respect to a sale of the Company and (8) published estimates of independent research analysts with respect

to the future financial performance and price targets of the Company. In addition, we have had discussions with the management of the Company concerning its business, operations, assets, liabilities, financial condition and prospects (including the risks and uncertainties of achieving the Projections) and have undertaken such other studies, analyses and investigations as we deemed appropriate.

In arriving at our opinion, we have assumed and relied upon the accuracy and completeness of the financial and other information used by us without any independent verification of such information and have further relied upon the assurances of management of the Company that they are not aware of any facts or circumstances that would make such information inaccurate or misleading. With respect to the Projections, upon advice of the Company, we have assumed that such Projections were reasonably prepared on the basis reflecting the best then currently available estimates and judgments of the management of the Company. However, for the purposes of our analysis and this opinion and with your consent, we have relied on (i) published estimates of independent research analysts for the Company, which reflect more conservative assumptions and estimates than the Projections, and (ii) extensions to such published estimates based upon assumptions discussed with the management of the Company. You have agreed with the appropriateness of the use of, and our reliance upon, such published estimates and extensions of such estimates in performing our analysis. We assume no responsibility for and we express no view as to any such projections or estimates or the assumptions on which they are based. We have assumed that the final Rule 2.5 Announcement will be in the form of the Draft Announcement reviewed by us in all material respects. We have further assumed, upon advice of the Company and its legal advisors that all material governmental, regulatory or other consents or approvals necessary for the consummation of the Scheme will be obtained within the constraints contemplated by the Draft Announcement and the Implementation Agreement. In arriving at our opinion, we have not conducted a physical inspection of the properties and facilities of the Company and have not made or obtained any evaluations or appraisals of the assets or liabilities of the Company. Our opinion necessarily is based upon market, economic and other conditions as they exist on, and can be evaluated as of, the date of this letter. We assume no responsibility for updating or revising our opinion based on events or circumstances that may occur after the date of this letter.

Based upon and subject to the foregoing, we are of the opinion as of the date hereof that, from a financial point of view, the Consideration to be offered to the shareholders of the Company in the Proposed Transaction is fair to such shareholders.

We have acted as financial advisor to the Company in connection with the Proposed Transaction and will receive a fee for our services a portion of which is payable upon rendering this opinion and a substantial portion of which is contingent upon the consummation of the Proposed Transaction. In addition, the Company has agreed to reimburse our expenses and indemnify us for certain liabilities that may arise out of our engagement. We have performed various investment banking and financial services for the Company in the past, and expect to perform such services in the future, and have received, and expect to receive, customary fees for such services. We may also perform such services for Progress in the future, in connection with which we would expect to receive customary fees. In the ordinary course of our business, we actively trade in the equity securities of the Company and Progress for our own account and for the accounts of our customers and, accordingly, may at any time hold a long or short position in such securities.

This opinion, the issuance of which has been approved by our Fairness Opinion Committee, is for the use and benefit of the Board of Directors of the Company and is rendered to the Board of Directors in connection with its consideration of the Proposed Transaction. This opinion is not intended to be and does not constitute a recommendation to any shareholder of the Company as to how such shareholder should vote with respect to the Proposed Transaction.

Very truly yours,

LEHMAN BROTHERS
