## **Progress Software To Host Webinar with Thomas Norberg of ice.net to Discuss SOA and Standards**

BEDFORD, Mass.--(BUSINESS WIRE)--Progress Software Corporation (NASDAQ: PRGS), a provider of leading application infrastructure software to develop, deploy, integrate and manage business applications, has announced that Thomas Norberg, CIO of ice.net, will present a Webinar titled: "Using NGOSS and SOA to Support New Business: Rolling out Mobile Broadband Services at ice.net." Norberg will discuss the telecom provider's data integration and service-oriented architecture (SOA) initiative, which involved Progress® DataXtend® Semantic Integrator (SI) and Progress® Sonic® ESB, during the Webinar on November 4th at 10:00 a.m. ET.

- | When: Tuesday, November 4, 2008 at 10:00 a.m. ET
- | Where: to register for this Webinar, visit: <http://tinyurl.com/6zbulv>
- | What: Hosted by Progress Software, this event will feature a presentation by Progress customer, Thomas Norberg, CIO of ice.net, a European mobile services provider.
- | Why: During this Webinar, listeners will learn about the business challenges ice.net faced with its outdated IT system; the reasons for selecting Progress DataXtend SI and Progress Sonic, including the best practices and benefits of adopting a SOA and data integration tools; and lessons learned from this IT initiative.
