## Larry Fulton, Industry Consultant, to Present on Six Principles for Addressing the Unique Challenges of Multi-site Integration

BEDFORD, Mass., May 07, 2009 (BUSINESS WIRE) -- Progress Software Corporation (NASDAQ: PRGS), a global provider of application infrastructure software used to develop, deploy, integrate and manage business applications, today announced they will participate in a webinar titled "Six Principles for Addressing Multi-site Integration", taking place Tuesday, May 19th at 12:00 p.m. ET . Presenting on this topic will be Larry Fulton, Independent Consultant, Experienced IT Architect, and former Forrester Analyst.

During this one-hour webinar, Fulton will present on how to overcome the unique challenges of multi-site integration. Fulton will take participants through problems encountered in real-world, multi-site integration projects, detailing how those problems were resolved and how they could have been prevented in the first place. Fulton will also address some of the most commonly asked questions for multi-site integration.

- | When: Tuesday, May 19<sup>th</sup> at 12:00 p.m. ET
- | Where: To register: <https://progress.webex.com/progress/onstage/g.php?d=710354331&t=a&SourceID=pr>
- | Why: Today, companies need flexible and sophisticated capabilities to help them manage the increased complexity of information. Hear from an industry expert on how to weigh the decisions on the best approach in managing your multi-site integration projects.
- | Who: Larry Fulton, Independent Consultant, Experienced IT Architect and Former Forrester Analyst.
